

Dear Alex,

I am writing as a constituent in Westminster, Vermont, as well as a business owner in the renewable energy sector employing ten people in my community.

I am writing to express my strong support for H.716. This bill is a vital step toward making solar energy more affordable for Vermonters and maintaining the momentum necessary to transition away from fossil fuels.

Please include this correspondence in the public record as a statement of my support for this legislation. Thank you for your work on this bill.

Best regards,

Victoria Roberts
