

## YEAR TO DATE INSPECTION RESULT SUMMARY – December 2025

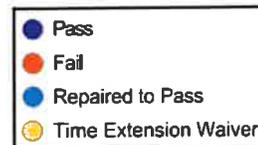

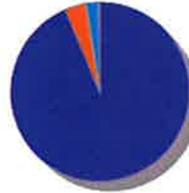

This chart represents calendar year statistics. There are fewer OBD inspections than Total inspections, as some vehicles do not require an OBD inspection, including certain model year cars, trucks, motorcycles and trailers.

- The **Time Extension Waiver** category also includes vehicles that received a Conditional Pass prior to the Time Extension Waiver program being implemented. Between January 1, 2025, and December 31, 2025, a total of 5,544 inspections were completed in which the requirements for a Time Extension Waiver were met. Only 579 of these vehicles were issued a Time Extension Waiver.
- The **Repaired to Time Extension Waiver** category represents inspections in which at least 1 safety item was repaired, and the vehicle was issued a Time Extension Waiver or Conditional Pass.
