(12) A future land use element, based upon the elements in this section, that sets forth the present and prospective location, amount, intensity, and character of such land uses in relation to the provision of necessary community facilities and services and that consists of a map delineating future land use area boundaries for the land uses in subdivisions (A)–(J) of this subdivision (12) as appropriate and any other special land use category the regional planning commission deems necessary; descriptions of intended future land uses, consistent with the smart growth principles in section 4303 of this chapter; and policies intended to support the implementation of the future land use element using the following land use categories:

(A) Downtown or village centers. These areas are the mixed-use centers bringing together community economic activity and civic assets. They include downtowns, villages, and new town centers previously designated under chapter 76A and downtowns and village centers seeking benefits under the Community Investment Program under section ~~5804~~ 5803 of this title. The downtown or village centers are the traditional ~~and~~ or historic central business and civic centers within planned growth areas, village areas, or may stand alone. 2 subdivision bylaws.

3 (B) Planned growth areas. These areas include the high-density
4 existing settlement and future growth areas with high concentrations of
5 population, housing, and employment in each region and town, as appropriate.
6 They include a mix of historic and nonhistoric commercial, residential, and

8 regulations; public water or wastewater, or both; and multimodal transportation
9 systems. These areas include ~~new town centers, downtowns, village centers,~~
10 growth centers, and neighborhood development areas previously designated
11 under chapter 76A of this title. These areas should generally meet ~~the smart~~
12 ~~growth principles definition in chapter 139 of this title and~~ the following
13 criteria:

14 * * *

1 municipal housing targets that ~~meets~~ meet the present and future needs of a
2 diversity of social and income groups in the community.

3 (vii) The area is served by planned or existing transportation
4 infrastructure that conforms with “complete streets” principles as described
5 under 19 V.S.A. chapter 24 and establishes pedestrian access directly to the

7 infrastructure includes those investments included in the municipality’s capital
8 improvement program pursuant to section 4430 of this title.

9 (C) Village areas. These areas include the traditional settlement area
10 or a proposed new settlement area, typically composed of a cohesive mix of

19 wastewater. If no public wastewater is available, the area must have soils that
20 are adequate for wastewater disposal.

1 (v) The area has some opportunity for infill development or new
2 development areas where the village can grow, support the development of
3 housing to meet the regional and municipal housing targets, and be flood
4 resilient.

5 * * *

6 (J) Rural; conservation. These are areas of significant natural
7 resources, identified by regional planning commissions or municipalities based
8 upon existing Agency of Natural Resources mapping that require special
9 consideration for aquifer protection; for wetland protection; for the
10 maintenance of forest blocks, wildlife habitat, and habitat connectors; or for
11 other conservation purposes. ~~The mapping of these areas and accompanying~~
12 ~~policies are intended to help meet requirements of 10 V.S.A. chapter 89. Any~~
13 ~~portion of this area that is approved by the LURB as having Tier 3 area status~~
14 ~~shall be identified on the future land use map as an overlay upon approval.~~

15 * * *

16 (d) With the exception of preexisting, nonconforming designations
17 approved prior to the establishment of the State Community Investment
18 program, the areas eligible for designation benefits under that program upon
19 the Land Use Review Board's approval of the regional plan future land use
20 map for designation as a downtown center or village center shall not include
21 development that is disconnected from a downtown or village center and that
