

Vermont Housing Improvement Program

Since 2020, the Vermont Housing Improvement Program (VHIP) has created new affordable housing units. Administered by Vermont's five regional Homeownership Centers, these units serve Vermont's most vulnerable populations, including people exiting homelessness, refugees, survivors of domestic abuse, and people exiting foster care and incarceration. The program has gone through multiple iterations since its creation, but the commitment to expand the affordable housing stock for a minimal public investment has remained.

"We wouldn't have done this project without VHIP."
