

March 31, 2025

To whom it may concern:

On behalf of Community Resilience Organizations (CROs), we are writing to offer enthusiastic and public support of H.169. Immigrants are a vital part of our community and economy in Vermont, and we want to see our state address barriers to safe housing for our immigrant friends and neighbors. Having safe housing undergirds the ability to thrive and participate. Please pass H. 169 and make this possible for immigrant Vermonters.

Sincerely,

Lena Greenberg and Jess Laporte  
Co-directors, Community Resilience Organizations
