Hope

... It's not something easily measured, yet we know its value. Hope lifts us. It propels us to set goals and work for a better future. Hope is what brings people to Lund—a **couple looking to grow their family through adoption; parents seeking therapeutic childcare; a family looking for strategies to promote wellbeing, recovery and connection**—and it is what inspires us to do this crucial work.

Opportunity

... Sometimes it is the difference between success and struggle. At Lund, opportunity isn't luck, or simply being in the right place at the right time. Opportunity is a compassionate professional who wants to understand the specific challenges and goals of each parent, child or family. It is access to **high-quality programs that complement each other** to help children and families thrive.

Family

... A community is only as strong as the families who live in it. That is why we focus on strengthening families and supporting the whole family's mental health and wellbeing. **Lund meets families where they are, and is with them every step of the way.** Our approach ensures that children in Vermont grow up in a safe, secure, and loving family.

Lund programs reach families in every one of Vermont's fourteen counties. See the map for the counties each program serves.
