

Who	Suggestion	Green Mountain Care Board
Health First	Highly support having same threshold for hospital and non-hospital; \$5M & \$3M threshold too low for equip & op budget but open to discussion	\$10M/\$5M/\$3M for construction/equip/op budget. Same for non-hospital and hospital
S.10	\$5M/\$3M/\$1.5M for non-hospital \$10M/\$5M/\$3M for hospital	\$10M/\$5M/\$3M for construction/equip/op budget. Same for non-hospital and hospital
	ASCs subject to CON at any dollar amount \$5M/\$3M/\$1.5M thresholds should apply	\$10M/\$5M/\$3M for construction/equip/op budget. Same for non-hospital and hospital
	Conceptual CON limits of \$100M/\$5M/\$10M for hospital and non-hospital	Agreed
	Exclude ground ambulance & depreciated equipment	Agreed
HCA	Review of projects between old & new thresholds	Do not support
	Strengthen affordability standards	Agreed
