Pretrial	Judiciary	Judiciary	pretrial release determination for individuals, including the amount of bail set and nonmonetary conditions of release, if any;	The county of the proceeding, the presiding judge, the charge or charges, and the individual's age, race, gender, and state of last residence.	DOC also maintains bail data and would need to be part of the data query to get the entire picture; pretrial release determinations would be determined between counsel also (potentially SAS/ODG); additionally are we including juveniles in this group--how does RTA impact this or are we only discussing adult systems?	Y
Sentencing	Judiciary	Judiciary	sentence type and length imposed by the court, including minimum and maximum sentence imposed, and conditions of probation or other supervision or resolution; and	The county of the proceeding, the presiding judge, the charge or charges, and the individual's age, race, gender, and state of last residence.		Y
Case Diversion	Judiciary	Judiciary	the number of cases diverted from prosecution.	The county of the proceeding, the presiding judge, the charge or charges, and the individual's age, race, gender, and state of last residence.	Diversion is managed primarily by the Attorney General's Office with data being gathered/maintained at the community level at the CJs--there have been some bills passed on this in recent years; SAS/ODG may also have discretion for when a case goes to diversion	Y
