[External]

Hi Mr. Biscotti,

My name is Kevin Moyer, I own Vermont Frames and Foam Laminates of Vermont, in Starksboro.

We are a Timber Framing and Structural Insulated Panel Company that helps to build ~50-60 durable high performs homes across New England each year.

I am writing to ask that you support creating a Statue of Repose in Vermont with a time frame of 6 years.

This is critical to keeping housing costs from escalating further. Without this statue of repose, there is significant risk pushed onto the builders who build our homes, which they have no choice but to price into their costs of doing business, which is passed directly onto the homeowners who buy these homes.

I would be happy to speak more to this subject if you have time over the coming weeks.

Thank you for your time.

Regards,

Kevin Moyer
