Support for bike safety proposals in S.123

I hope this finds you well. I'm writing in support of [S.123](#), specifically, Rep. Phil Pouech's amendment in support of two bike related safety updates; the "Idaho" stop and allowing bikes to follow pedestrian signaling. These are bike related changes that I support as a bike rider and commuter in the South End of Burlington will increase safety for cyclists. I will also note that Burlington already allows cyclists to use pedestrian signaling.

Thanks for your support on making biking safer!

Eben
