Subject: Additional Testimony

During today's testimony, Rep. Pouch inquired about how we are doing compared to other states with our bridge conditions. The link below takes you to the NBIS reporting site. Unfortunately, the information is not condensed into an easy comparable table. I did take the liberty to calculate the number of bridges in poor condition for Vermont and some of our neighboring states.

<https://www.fhwa.dot.gov/bridge/britab.cfm>

VT = 3%

NH = 7.5%

MA = 8.9 %

NY = 9.4%

ME = 15.4 %
