Implementation

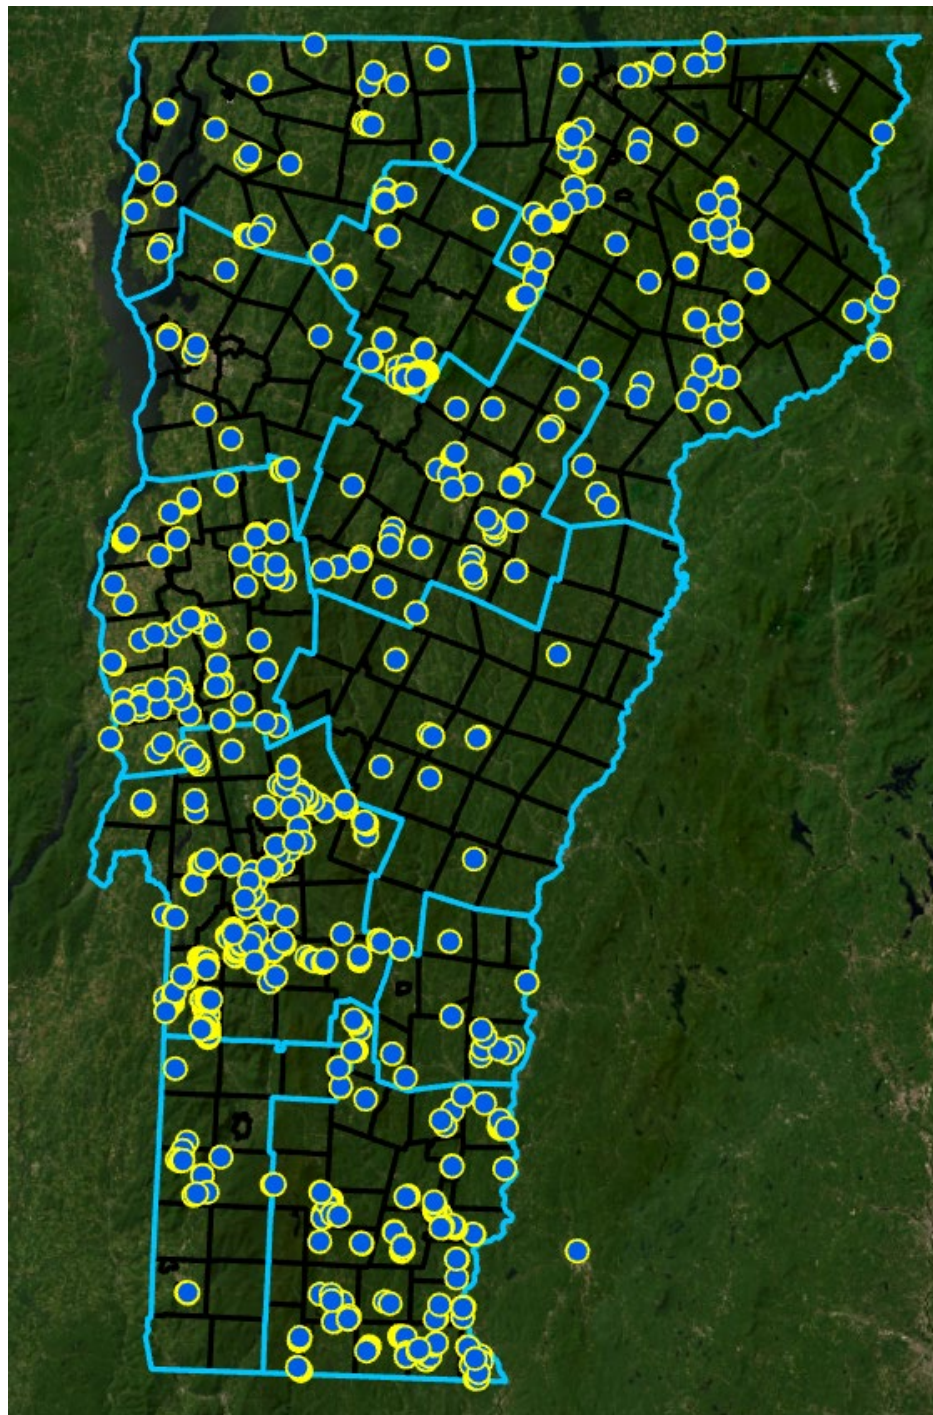

Compliance: Implementation

Standards Implementation

- Annually:
 - 7.5% of noncompliant segments upgraded
- Annually, beginning in 2026:
 - 20% of Very High Priority segments each year
- Requirement based on baseline REI until reassessment complete

Implementation Documentation

Compliance: Road Erosion Inventory

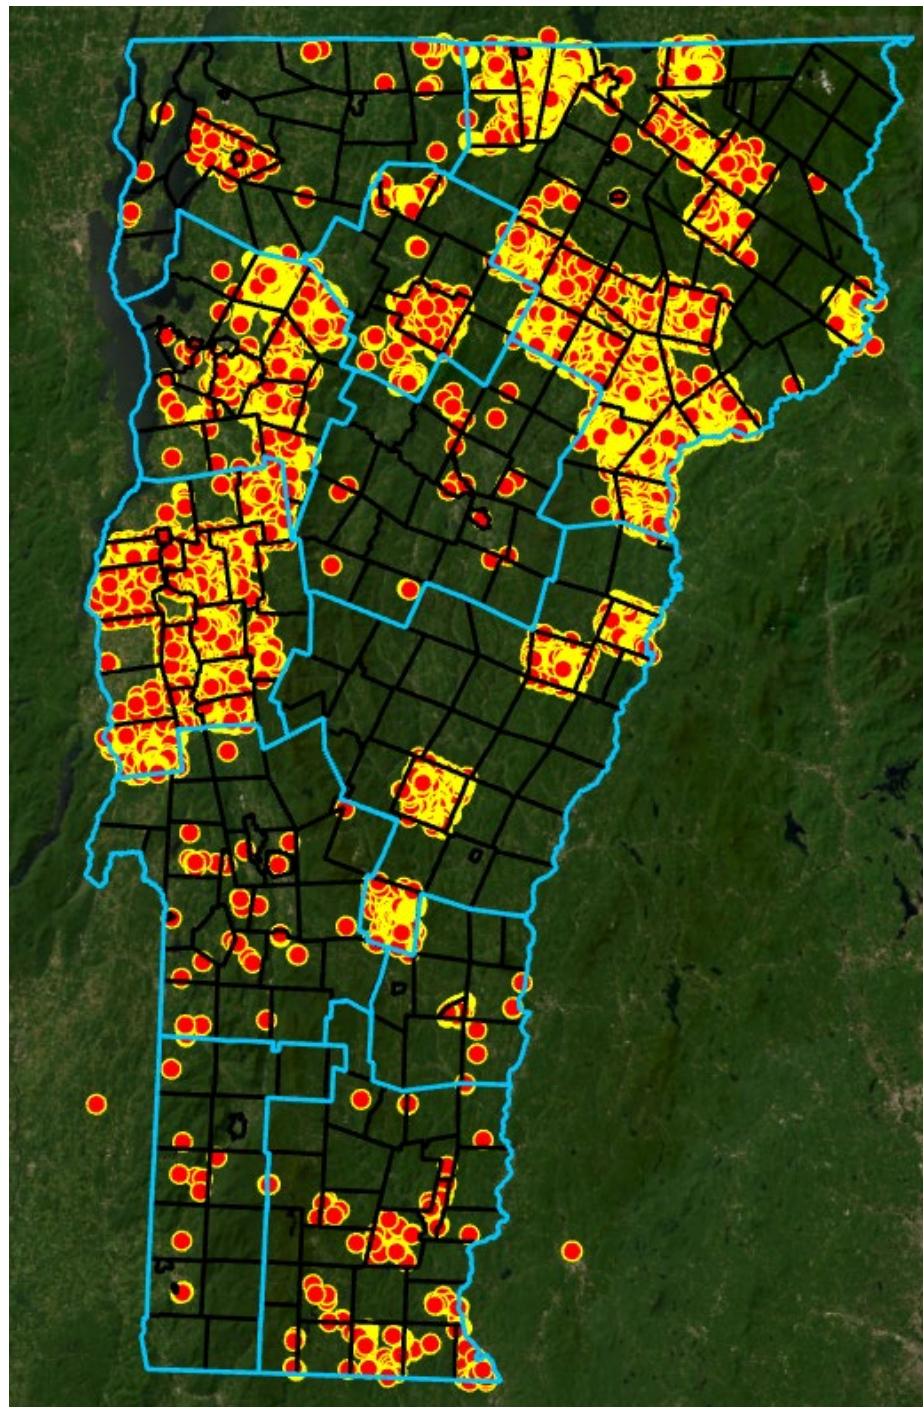

Road Erosion Inventory Reassessment

Due October 31, 2027

- Revisit all connected segments and outlets
- Assess compliance with MRGP standards
- **Emphasis is placed on erosion presence, rather than practices present**

Road Erosion Inventory Reassessments

Thank you!
