A majority of dealers have not recouped EV investments

Automotive News surveyed 140 dealership executives Dec. 4-Jan. 9 about 2025 results and their outlook for 2026. Readers with All Access subscriptions can view more dealer insights from the survey in the Automotive News Research & Data Center.

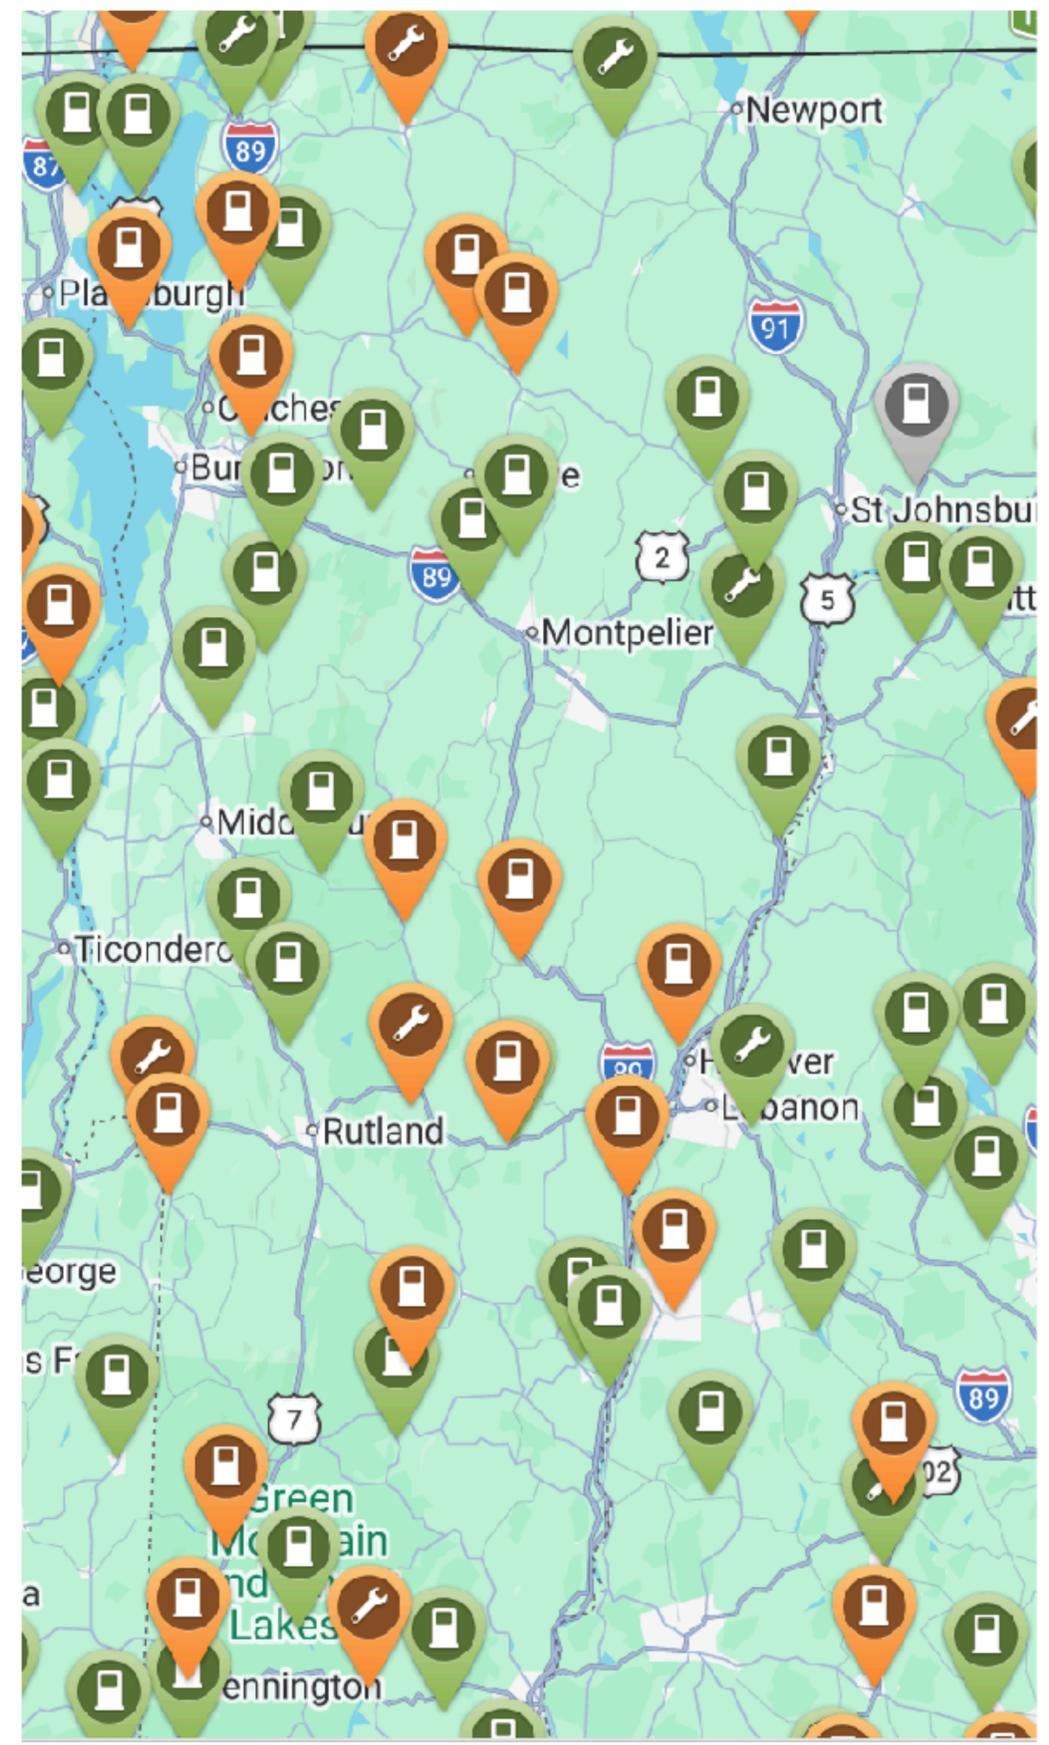

Q: To what extent has your dealership(s) recouped the investment into facilities to sell and service EVs?

Respondents: 138

Note: Figures may not equal 100% because of rounding.
