Fiscal Note

February 10, 2026

Nolan Langweil, Principal Fiscal Analyst

H.577 – An act relating to establishing the Vermont Prescription Drug Discount Card Program

As recommended by the House Committee on Health Care Draft 2.2¹ⁱ

Bill Summary

The bill would establish the Vermont Prescription Drug Discount Care Program which would be administered by the Office of the State Treasurer for the purpose of pooling prescription drug purchasing power with other U.S. states and territories and nongovernmental organizations. The program would be available to all Vermont residents and would require any amounts paid for prescriptions using the discount card to be attributed toward a covered individual's deductible and out-of-pocket responsibilities.

The bill would also establish the Vermont Prescription Drug Discount Care Program Fund which would support the program and be administered by the Treasurer. The Fund would consist of any monies appropriated to it by the General Assembly, any monies transferred to the fund, any monies from the payment of fees or other monies due to the Program, and any gifts, grants, or donations made to the Fund or received by the Treasurer for the Program.

Background and Details

ArrayRx is a multistate collaborative that provides prescription drug programs – including discount cards and pharmacy benefit management – to states, public employers, and other participating groups. Originally formed through a partnership between Washington and Oregon, the program has expanded to Connecticut, Nevada, and Arizona and covers over 550,000 lives and is accepted at more than 65,000 pharmacies nationwide.²

ArrayRx would manage the administrative responsibilities of distributing discounts cards and providing customer service, while the Office of the Treasurer would market the program.³ ArrayRx would collect a small transaction fee each time a discount card is used. A portion of the fee would be used to cover transaction costs, while the remainder would go to the State for administrative and marketing purposes.

Fiscal Impacts

- Sec. 5 of the bill would appropriate \$50,000 from the General Fund to the Office of the State Treasurer for the costs of developing and implementing the program.
- Sec. 1(c) would also allow the Treasurer to charge fees to defray Program costs based on actual costs.
