Good morning Representatives,

I'm writing in regards to the yield bill. Dropping the excess spending from 118% to 112% would have catastrophic effects for Hartford School District. Cutting \$4.3 million in one year would be extremely difficult. I strongly oppose going from 118% to 112%. I think a lot of our region would be negatively impacted.

If you have any questions or would like to talk further on this, please feel free to reach out.

With appreciation,
Jacob Vezina
