

To: Legislative Committee on Administrative Rules (LCAR)
From: Ian Degutis, Traffic Committee Coordinator
on behalf of: Vermont Traffic Committee
Date: December 1, 2025
Subject: Revisions to APA Filing Forms for 25P018, 25P019, and 25P020

Dear Clerk,

In response to review comments from Damien Leonard, attorney for the Legislative Committee on Administrative Rules, the Traffic Committee is tentatively proposing technical revisions to the rules submitted previously, and seeking additional feedback from LCAR on the proposed updates to the rules.

The proposed revisions are as follows:

25-P018: A missing “.” was added between the first and second sentences of the second paragraph.

25-P020: The words “regulation” and “regulations” were replaced with “rule” and “rules” throughout the rule for consistency with current practice. The list of members making up the Traffic Committee was removed from Part C to eliminate the need to amend the rule if the statute is ever amended changing the Committee’s membership.

Sincerely,

Ian Degutis, PE PTOE, Traffic Committee Coordinator

Authorized by the Vermont Traffic Committee to advance these administrative rules on their behalf in the meeting of June 11, 2025
