10 V.S.A. § 4132(e)

8. EXPLANATION OF HOW THE RULE IS WITHIN THE AUTHORITY OF THE AGENCY:

The Commissioner of the Department of Fish and Wildlife is explicitly directed in statute, subject to the approval of the Secretary, to adopt rules establishing reasonable fees for the use of lands, roads, buildings, other property, and the use of and tuition for the Green Mountain Conservation Camps.

9. THE FILING HAS NOT CHANGED SINCE THE FILING OF THE PROPOSED RULE.

10. THE AGENCY HAS NOT INCLUDED WITH THIS FILING A LETTER EXPLAINING IN DETAIL WHAT CHANGES WERE MADE, CITING CHAPTER AND SECTION WHERE APPLICABLE.

11. SUBSTANTIAL ARGUMENTS AND CONSIDERATIONS WERE NOT RAISED FOR OR AGAINST THE ORIGINAL PROPOSAL.

12. THE AGENCY HAS INCLUDED COPIES OF ALL WRITTEN SUBMISSIONS AND SYNOPSES OF ORAL COMMENTS RECEIVED.

13. THE AGENCY HAS INCLUDED A LETTER EXPLAINING IN DETAIL THE REASONS FOR THE AGENCY'S DECISION TO REJECT OR ADOPT THEM.

14. CONCISE SUMMARY (150 WORDS OR LESS):

The proposed rule amendments would update Green Mountain Conservation Camp tuition rates from \$250 to \$300 per week, and modify the Day Use and wedding facility rental fees at Buck Lake and Kehoe Education Centers. Day use rentals of Buck Lake and Kehoe would increase to \$300 per day for partnering organizations, and \$600 per day for private entities.

15. EXPLANATION OF WHY THE RULE IS NECESSARY:

The proposed amendments are necessary to offset Department costs associated with facility rentals, maintain a financially viable facility rental program, and continue to provide high-quality outdoor educational programming at the Green Mountain

Conservation Camps (GMCC). Furthermore, the proposed facility rental fee amendments are necessary to ensure that expenses related to staff coverage, prep work, and cleaning, are covered at Department facilities. The proposed fees will not generate profit; they are intended to mitigate losses associated with facility rentals and create financial stability so the Department can continue to offer low-cost facility rentals to the community. The rule has not been updated since 2013, and Department expenses associated with staff time and maintenance of facilities have increased substantially without any commensurate increase in rental fees.

16. EXPLANATION OF HOW THE RULE IS NOT ARBITRARY:

The proposed fees represent a proportional increase based on increased expenses associated with the operation of Department facilities, and are reasonable based on all available information. The current GMCC tuition rate of \$250/person is significantly lower than any other residential summer camp in Vermont. The increase in tuition fees will allow the GMCC program to remain financially viable and allow the Department to pay competitive staff salaries and attract and employ qualified hunters, anglers, outdoor enthusiasts, and environmental education professionals.

Regarding the proposed increased facility rental fees, under the current fee structure the Department incurs costs every time it hosts an event at its GMCC facilities. The rental fees at these facilities are well below market rate for equivalent rentals, and mitigating expenditures to move closer to a balanced budget is critical to maintaining the financial viability of the rental program.

17. LIST OF PEOPLE, ENTERPRISES AND GOVERNMENT ENTITIES AFFECTED BY THIS RULE:

GMCC campers and their families

Partner entities renting Department facility space

Private entities renting Department facility space.

18. BRIEF SUMMARY OF ECONOMIC IMPACT (150 WORDS OR LESS):

The GMCC tuition fees will increase from \$250 to \$300 per camper per week, representing a 20% increase in

tuition. This will impact the families of campers, but it should be noted that \$300 per week is still significantly lower than other residential summer camps in Vermont. Additionally, roughly 25% of GMCC campers are sponsored, meaning community organization or individual donations paid for 50-100% of their tuition fee. Rental fees for Department facilities will be subject to increases from \$100 to \$175, depending on the facility. Rentals for weddings will increase from from \$3,000 to \$5,000, or \$4,000 if a certified wedding planner is used for the event.

Economic Impact Analysis

Instructions:

In completing the economic impact analysis, an agency analyzes and evaluates the anticipated costs and benefits to be expected from adoption of the rule; estimates the costs and benefits for each category of people enterprises and government entities affected by the rule; compares alternatives to adopting the rule; and explains their analysis concluding that rulemaking is the most appropriate method of achieving the regulatory purpose. If no impacts are anticipated, please specify "No impact anticipated" in the field.

Rules affecting or regulating schools or school districts must include cost implications to local school districts and taxpayers in the impact statement, a clear statement of associated costs, and consideration of alternatives to the rule to reduce or ameliorate costs to local school districts while still achieving the objectives of the rule (see 3 V.S.A. § 832b for details).

Rules affecting small businesses (excluding impacts incidental to the purchase and payment of goods and services by the State or an agency thereof), must include ways that a business can reduce the cost or burden of compliance or an explanation of why the agency determines that such evaluation isn't appropriate, and an evaluation of creative, innovative or flexible methods of compliance that would not significantly impair the effectiveness of the rule or increase the risk to the health, safety, or welfare of the public or those affected by the rule.

1. TITLE OF RULE FILING:

3. CATEGORY OF AFFECTED PARTIES:

*LIST CATEGORIES OF PEOPLE, ENTERPRISES, AND GOVERNMENTAL ENTITIES POTENTIALLY
AFFECTED BY THE ADOPTION OF THIS RULE AND THE ESTIMATED COSTS AND BENEFITS
ANTICIPATED:*

Campers attending GMCC and their families will be impacted by the proposed tuition increase from \$250 to \$300 per camper per week, representing a 20% increase in tuition costs. Roughly 25% of GMCC campers are sponsored, meaning community organization or individual

donations paid for 50-100% of their tuition fee. Based on feedback the Department has received in recent years from sponsoring organizations, the Department anticipates that the robust network of sponsoring organizations currently in place will alleviate this burden through financial aid offerings to any camper in need.

Day use fees at Kehoe will increase from \$175 to \$300 for partner organizations.

Day use fees at Buck Lake will increase from \$125 to \$300.

Day use fees at Kehoe will increase from \$500 to \$600 for private entities. A new provision is added to impose a \$600 private entity rental fee at Buck Lake. The Department is also proposing to create some parity by eliminating the existing \$750 Weekend day-use fee for private entities at Kehoe, and imposing the \$600 fee every day of the week.

For individuals renting the camp space for weddings, the wedding rental fee at Kehoe will increase from \$3,000 to \$5,000, or \$4,000 if a licensed wedding planner is used for the event.

The Department anticipates a public benefit associated with the fee increases, which will allow the Department to maintain a financially stable facility rental program for the community, and to continue to provide high-quality outdoor educational programming at the Green Mountain Conservation Camps.

4. IMPACT ON SCHOOLS:

INDICATE ANY IMPACT THAT THE RULE WILL HAVE ON PUBLIC EDUCATION, PUBLIC SCHOOLS, LOCAL SCHOOL DISTRICTS AND/OR TAXPAYERS CLEARLY STATING ANY ASSOCIATED COSTS:

The rule amendments will not have an impact on public schools.

5. ALTERNATIVES: *CONSIDERATION OF ALTERNATIVES TO THE RULE TO REDUCE OR AMELIORATE COSTS TO LOCAL SCHOOL DISTRICTS WHILE STILL ACHIEVING THE OBJECTIVE OF THE RULE.*

The proposed rule amendments will not impact schools.

6. IMPACT ON SMALL BUSINESSES:

INDICATE ANY IMPACT THAT THE RULE WILL HAVE ON SMALL BUSINESSES (EXCLUDING IMPACTS INCIDENTAL TO THE PURCHASE AND PAYMENT OF GOODS AND SERVICES BY THE STATE OR AN AGENCY THEREOF):

The Department does not anticipate that the rule amendments will have an impact on small businesses.

7. SMALL BUSINESS COMPLIANCE: *EXPLAIN WAYS A BUSINESS CAN REDUCE THE COST/BURDEN OF COMPLIANCE OR AN EXPLANATION OF WHY THE AGENCY DETERMINES THAT SUCH EVALUATION ISN'T APPROPRIATE.*

The proposed rule amendments will not have an impact on small businesses.

8. COMPARISON:

COMPARE THE IMPACT OF THE RULE WITH THE ECONOMIC IMPACT OF OTHER ALTERNATIVES TO THE RULE, INCLUDING NO RULE ON THE SUBJECT OR A RULE HAVING SEPARATE REQUIREMENTS FOR SMALL BUSINESS:

The proposed rule amendments will not have an impact on small businesses.

9. SUFFICIENCY: *DESCRIBE HOW THE ANALYSIS WAS CONDUCTED, IDENTIFYING RELEVANT INTERNAL AND/OR EXTERNAL SOURCES OF INFORMATION USED.*

This analysis is based on an assessment of all available information about the current usage of Department of Fish and Wildlife facilities.

Environmental Impact Analysis

Instructions:

In completing the environmental impact analysis, an agency analyzes and evaluates the anticipated environmental impacts (positive or negative) to be expected from adoption of the rule; compares alternatives to adopting the rule; explains the sufficiency of the environmental impact analysis. If no impacts are anticipated, please specify “No impact anticipated” in the field.

Examples of Environmental Impacts include but are not limited to:

- Impacts on the emission of greenhouse gases

Responsiveness Summary

On November 21, 2025, the Vermont Department of Fish and Wildlife filed amendments to the *Fees for the use of Fish and Wildlife Department Lands and Facilities* rule (cited at 10 V.S.A. App. § 15a). The proposed rule amendments would update Green Mountain Conservation Camp (GMCC) tuition rates from \$250 to \$300 per week and modify the Day Use and wedding facility rental fees at Buck Lake and Kehoe Education Centers. Day use rentals of Buck Lake and Kehoe would increase to \$300 per day for partnering organizations, and \$600 per day for private entities. During the public notice and comment period, the Department received comments from five individuals. Three of those comments expressed support for the fee increases. The following is a summary of the substantive comments received, and the Department's responses. Comments have been summarized and consolidated for organizational purposes.

Comment 1: The proposed fee increases represent a 20% to 600% increase over existing fees for certain facility rentals, which is unreasonable. The fees should be limited to a 3% increase, based on the current rate of inflation.

Response: GMCC tuition and facility fee rental rates were last updated in 2013, they are not increased annually based on inflation. The proposed fees were calculated based on proportional increases in expenses incurred by the Department associated with operation of Department facilities. Specifically, expenses associated with staff time and maintenance of rental facilities have increased significantly, as well as the cost of food service for campers. Additionally, the Department would like to be able to offer competitive salaries to GMCC staff, to employ highly qualified environmental education professionals. The GMCC tuition fee increase from \$250 to \$300 per camper per week represents a 20% increase, but the current operating cost per camper attending a GMCC session is approximately \$600. As operating costs have continually increased in recent years, the Department is proposing to increase camp fees to generate sufficient funds to cover half of the expenditures. This will allow the Department to mitigate expenditures and continue supporting quality conservation education experiences for all campers.

The current and proposed increased rental fees are well below current market rate for equivalent rentals. The intent of the proposed fee increase is to ensure that expenses related to prep work, cleaning, and staff oversight are covered. The fee for private entities is higher to account for necessary staff coverage during those events. The proposed increased fees will not generate profit; they are intended to mitigate losses associated with facility rentals and create financial stability so the Department can continue to offer low-cost facility rentals to the community.

Comment 2: Who qualifies as a certified wedding planner under Section 4.1(c)? There are a number of different organizations that offer this type of certification.

Response: The Department considers a certified wedding planner to be a professional who holds accreditation with the American Association of Certified Wedding Planners, or the equivalent.

Comment 3: Why is there a rental discount offered for weddings using a certified wedding planner?

Response: The use of Department facilities for weddings requires significant staff time for prep and cleaning of the facilities. Weddings utilizing certified professional planners require less Department staff time and engagement, and similar venues offer discounts for events utilizing wedding planner.

Below is an email from Marcia Marble in response to the potential fee increase for GMCC tuition. Marica handles camp sponsorships for VT Federation of Sportsmen's Clubs, Lamoille Valley Fish and Game Club, and Morrisville Rotary Club, and is very active in sending kids to GMCC.

This is the only email in the realm of public comment I have received thus far, but I will forward along any other I may receive.

Thanks!

2.0 Purpose.

2.1 In accordance 10 V.S.A. § 4132(e), this rule is designed to set fees for the use of Vermont of Fish and Wildlife Department lands, roads, buildings, other property including Wildlife Management Areas, Fishing Access Areas, and other Department lands and sets tuition for the Green Mountain Conservation Camps.

2.2 The activities for which fees shall be charged under this rule shall be consistent with the Rule Governing Public Use of Fish and Wildlife Department Lands.

3.0 Definitions.

3.1 “Partnering organizations” means any government entity or non-governmental organization with whom the Department has a memorialized partnership and whose purposes, and proposed activity, are consistent with the mission of the Vermont Fish and Wildlife Department.

3.2 “Private entity” means a person or group whose proposed activity is unaffiliated with the mission of the Vermont Fish and Wildlife Department.

3.3 “License” a written instrument that authorizes a certain activity on Department property but does not vest the licensee with any property rights.

3.4 “Special Use Permit” means a formal written authorization for short-term, low impact use by individuals or groups.

3.5 “Department” means the Vermont Fish and Wildlife Department.

3.6 “Edward F. Kehoe Education Center” means the main floor of the Educational Center and surrounding buildings, lawns.

3.7 “Buck Lake Conservation Camp” means the dining hall, restrooms, tent erection areas and Wightman building.

4.0 Fees.

4.1 Edward F. Kehoe Education Center

(a) Partnering Organizations and Municipalities

~~Education Center~~ Day Use (per day/all facilities) ~~\$175 - \$300~~

This is a 71% increase of \$125. A 3% increase would be ≈ \$180 new fee.

~~Conference Room~~ — \$30/day; \$20/1/2 day

Damage Deposit (refundable if all requirements are met) \$150 day/use

Cabin Rental (Includes 4 people \$5 per additional person) \$60 / night

School Groups (K-12) Day Use \$5/per student

(b) Private Entity

~~Grounds~~ — Day Use (Weekend) — \$750

~~Grounds~~ — ~~Education Center~~ Day Use (Weekday) ~~\$500 - \$600~~

This is a 20% increase of \$100. A 3% increase would be ≈ \$515 new fee.

Conference Room (single) — \$200

Conference Room (double) — \$350

Weddings: \$3,000 - ~~\$5,000~~ or ~~\$4,000~~ if a certified wedding planner is used for the event. It is not clear what the need for a certified wedding planner would require a \$1,000 discount. What benefit does F&W expect to gain with this \$2,000 increase for do-it-yourselfers. I had no difficulty planning my wedding, no certified wedding planner needed. It would seem like there would be more paperwork on the F&W Dept. to track and keep the Certs in file, so the wedding planner fee should be larger of the two.

This is a 66.7% increase of \$2,000. A 3% increase would be \approx \$3,090: new fee for the \$5,000.

This is a 33.3% increase of \$1,000. A 3% increase would be \approx \$3,090: new fee for the \$4,000.

4.2 Buck Lake Conservation Camp

(a) Partnering Organizations and Municipalities

Education Center Facility Day Use (per day/all facilities): \$125 - ~~\$300~~

This is a 140% increase of \$175. A 3% increase would be \approx \$129 new fee.

Damage Deposit (refundable if all requirements met) \$150 /day us

(b) Private Entity

Education Center Facility Day Use (per day/all facilities) \$600

This is a 600 % increase of \$600. Should be the same as 4.1 (b) \approx \$515 new fee.

~~Dining Hall Only — \$50 day; \$25/1/2 day~~

Cabin Rentals (rate is for 4 people; \$5.00 per additional person) \$60/night

4.3 Conservation Camp Tuition \$250 - ~~\$300~~

This is a 20% increase of \$50. A 3% increase would be \approx \$258 new fee.

4.4 Controlled Waterfowl Hunt (~~Dead Creek & Mud Creek WMA~~) \$10 /person

4.5 Meeting Rooms - Grand Isle Fish Culture Station, Gordon Center Training Facility
\$25 /day

Overnight Accommodations - Gordon Center Training Facility \$25/person/night

4.6 Special Use Permit \$50 Minimum - \$10,000 Maximum

4.7 License \$50 Minimum - \$10,000 Maximum

5.0 Waivers.

5.1 Department Employees working in their official capacity, and participants of Department sponsored events, are exempt from fees subject to the approval of the Commissioner or the Commissioner's designee.

5.2 Partnering organizations paying fees for an activity under 4.1 of this rule shall be waived of any additional fees for use of Department lands associated with that activity. (Added 2013, Fish and Wildlife Board Reg. eff. July 1, 2013.)

Conclusion:

The smallest increase asked for here is 20% and the largest is 600% in a year when it seems everybody in Vermont is being asked to pay outrageous amounts of money to fund government programs, I find these **rate increases unreasonable**.

Per - 1.1 This rule is adopted pursuant to 10 V.S.A. § 4132(e) that requires the Commissioner of the Vermont Fish and Wildlife Department to **adopt and publish regulations for reasonable fees** for the use of Department lands.

Sincerely,

Zachary Pratt

The increase seems reasonable to me and is still way under almost all summer camps.

Regarding Section 4.1(c):

While I support the reduced price for weddings organized by a certified wedding planner, there is some ambiguity of who is a certified wedding planner. There are multiple organizations that offer this type of certification (American Association of Certified Wedding Planners, CWP Society, the Wedding Planner Institute, etc., even Vermont State University through Longevity). Since the Wedding Planner profession is not regulated by the Vermont Secretary of State's Office of Professions, how will the Commissioner ensure fair implementation of the reduced fee?

Rule Details

Rule Number:	25P041
Title:	10 V.S.A. Appendix §15a, Fees for the use of Fish and Wildlife Department Lands and Facilities.
Type:	Standard
Status:	Proposed
Agency:	Department of Fish and Wildlife, Agency of Natural Resources
Legal Authority:	10 V.S.A. § 4132(e)
Summary:	<p>The proposed rule amendments would update Green Mountain Conservation Camp (GMCC) tuition rates from \$250 to \$300 per week, and modify the Day Use and wedding facility rental fees at Buck Lake and Kehoe Education Centers. Day use rentals of Buck Lake and Kehoe would increase to \$300 per day for partnering organizations, and \$600 per day for private entities.</p>
Persons Affected:	<p>Green Mountain Conservation Camp (GMCC) campers and their families; Partner entities renting Department facility space; Private entities renting Department facility space.</p> <p>The GMCC tuition fees will increase from \$250 to \$300 per camper per week, representing a 20 increase in tuition. This will impact the families of campers, but it should be noted that \$300 per week is still significantly lower than other residential summer camps in Vermont. Additionally, roughly 25 of GMCC campers are sponsored, meaning community organization or individual donations paid for 50-100 of their tuition fee. Rental fees for Department facilities will be subject to increases from \$100 to \$175, depending on the facility. Rentals for weddings will increase from \$3,000 to \$5,000, or \$4,000 if a certified wedding planner is used for the event.</p>
