

April 24, 2025

Rural Vermont and the Feast and Field collective propose the following amendment to H.484:

Section 4: 10 V.S.A. §6081 (t) is amended to read:

[...]

"No permit or permit amendment is required for the construction of improvements used as part of an accessory on-farm business as defined in 24 V.S.A. § 4412(11), including for hosting events, as long as the new or existing structure is primarily used as a farm structure as defined in 24 V.S.A. § 4413(d)(2)(A). This subsection shall apply to new or existing structures."
