

Fertilizer Registration Fees in states other than Vermont.

Members of Senate Agriculture

As you requested, below is information on fertilizer registration fees in other states.

Also, the Vermont registration fee was last amended in 2021, Act No. 41, which changed the fee from “\$20.00 per nutrient or recognized plant food element to a maximum of \$140.00 per brand or grade” to “\$85 per grade or formulation registered”.

Please let me know if you need more information.

Michael O’Grady

Connecticut--\$75 per product

Maine--\$125 per product

Massachusetts--\$100 per product

New Hampshire--\$75 per product

New York—no per product fee; \$150 two year license

Rhode Island--\$100 per product
