

1 TO THE HONORABLE SENATE:

2 The Committee on Agriculture to which was referred Senate Bill No. 323  
3 entitled “An act relating to miscellaneous agricultural subjects” respectfully  
4 reports that it has considered the same and recommends that the bill be  
5 amended by striking out all after the enacting clause and inserting in lieu  
6 thereof the following:

7 \* \* \* Municipal Agriculture Regulation \* \* \*

8 Sec. 1. FINDINGS AND INTENT; MUNICIPAL REGULATION OF  
9 AGRICULTURE

10 (a) For purposes of Sec. 2 of this act, the General Assembly finds that:

11 (1) Since enactment of 2004 Acts and Resolves No. 115, it has been  
12 both the intent of the General Assembly and the controlling law that a  
13 municipality shall not regulate farming, including the construction of farm  
14 structures.

15 (2) The Vermont Supreme Court’s decision in *In re 8 Taft Street DRB &*  
16 *NOV Appeals*, 2025 VT 27 reversed application of at least the past 20 years of  
17 law to hold that municipalities may regulate farming by municipal bylaw.

18 (3) To avoid the unintended consequences of the decision in *In re 8 Taft*  
19 *Street DRB & NOV Appeals*, 2025 VT 27, it is necessary for the General  
20 Assembly to clarify and restate that municipalities under ordinance or bylaw

1 shall not regulate farming or the construction of farm structures as set forth in  
2 24 V.S.A. § 4413(d).

3 (4) In addition, the General Assembly finds that municipalities shall not  
4 regulate by bylaw the growing of plants and the raising of a small backyard  
5 poultry flock, excluding roosters.

6 (b) For purposes of Sec. 2 of this act, it is the intent of the General  
7 Assembly to overturn the holding in *In re 8 Taft Street DRB & NOV Appeals*,  
8 2025 VT 27 and to clarify that municipalities lack authority to regulate farming  
9 or the construction of farm structures as set forth in 24 V.S.A. § 4413(d).

10 Sec. 2. 24 V.S.A. § 4413(d) is amended to read:

11 (d)(1) A bylaw under this chapter shall not regulate:

12 ~~(A) required agricultural practices, including the construction of farm~~  
13 ~~structures, as those practices are defined by the Secretary of Agriculture, Food~~  
14 ~~and Markets~~ the cultivation or other use of land for growing plants, including  
15 for food, fiber, Christmas trees, maple sap, or horticultural, viticultural, and  
16 orchard crops;

17 (B) the raising, feeding, or management of a small backyard poultry  
18 flock, excluding roosters;

19 (C) farming that meets the minimum threshold criteria in the  
20 Required Agricultural Practices Rule and is therefore required to comply with  
21 the Required Agricultural Practices Rule;

1 Sec. 3. Section 3 of the Agency of Agriculture, Food and Markets, Vermont  
2 Required Agricultural Practices Rule for the Agricultural Nonpoint Source  
3 Pollution Control Program is amended to read:

4 Section 3. Required Agricultural Practices Activities and Applicability

5 3.1 Persons engaged in farming and the agricultural practices as defined in  
6 Section 3.2 of this rule and who meet the minimum threshold criteria for  
7 applicability of this rule as found in Section 3.1(a)–(g) must meet all applicable  
8 Required Agricultural Practices conditions, restrictions, and operating  
9 standards, and are not subject to municipal zoning bylaws. Persons engaged in  
10 farming who are in compliance with these conditions, restrictions, and  
11 operating standards, as applicable, shall be presumed to not have a discharge of  
12 agricultural wastes to waters of the State. Compliance with the Required  
13 Agricultural Practices Rule is required if a person:

14 (a) is required to be permitted or certified by the Secretary, consistent with  
15 the requirements of 6 V.S.A. Chapter 215 and this rule; or

16 (b) has produced an annual gross income from the sale of agricultural  
17 products of ~~\$2,000.00~~ \$5,000.00 or more in an average year; or

18 (c) is preparing, tilling, fertilizing, planting, protecting, irrigating, and

1 unrelated to the owner of the enrolled land on a farm that is no less than 4.0

7 determined, after the opportunity for a hearing, to be causing adverse water  
8 quality impacts and in a municipality where no ordinances are in place to  
9 manage the activities causing the water quality impacts and has sufficient land  
10 base for appropriate nutrient and waste management. The Secretary has the  
11 discretion to determine, after consultation with the appropriate municipal  
12 authority, if the land base is adequate to properly manage the number and type  
13 of livestock while evaluating whether compliance with the Required  
14 Agricultural Practices is reasonable or impractical; or

18 1.0 and 4.0 contiguous acres in a municipality that lacks ordinances or bylaws  
19 to regulate livestock, and the Secretary determines, after an opportunity for a  
20 hearing, that the livestock are causing significant adverse water quality impacts

1 and the Required Agricultural Practices should apply to protect water quality;

2 or

3 (g) has a prospective business or farm management plan, approved by the  
4 Secretary, describing how the farm will meet the threshold requirements of this  
5 section.

18 the construction of improvements for an accessory on-farm business for the

2 continues to evolve.

3 (b) Purpose. The purpose of this subchapter is to unify oversight of  
4 cannabis and hemp-derived cannabinoids under the Cannabis Control Board to  
5 more effectively prohibit illicit cannabis and cannabis product trade while  
6 positioning growers and processors of nonintoxicating hemp products to take  
7 advantage of national market opportunities that may exist.
