

FOOD DRIVES OUR WORK AND CREATES CHANGE

OUR REACH IN 2022

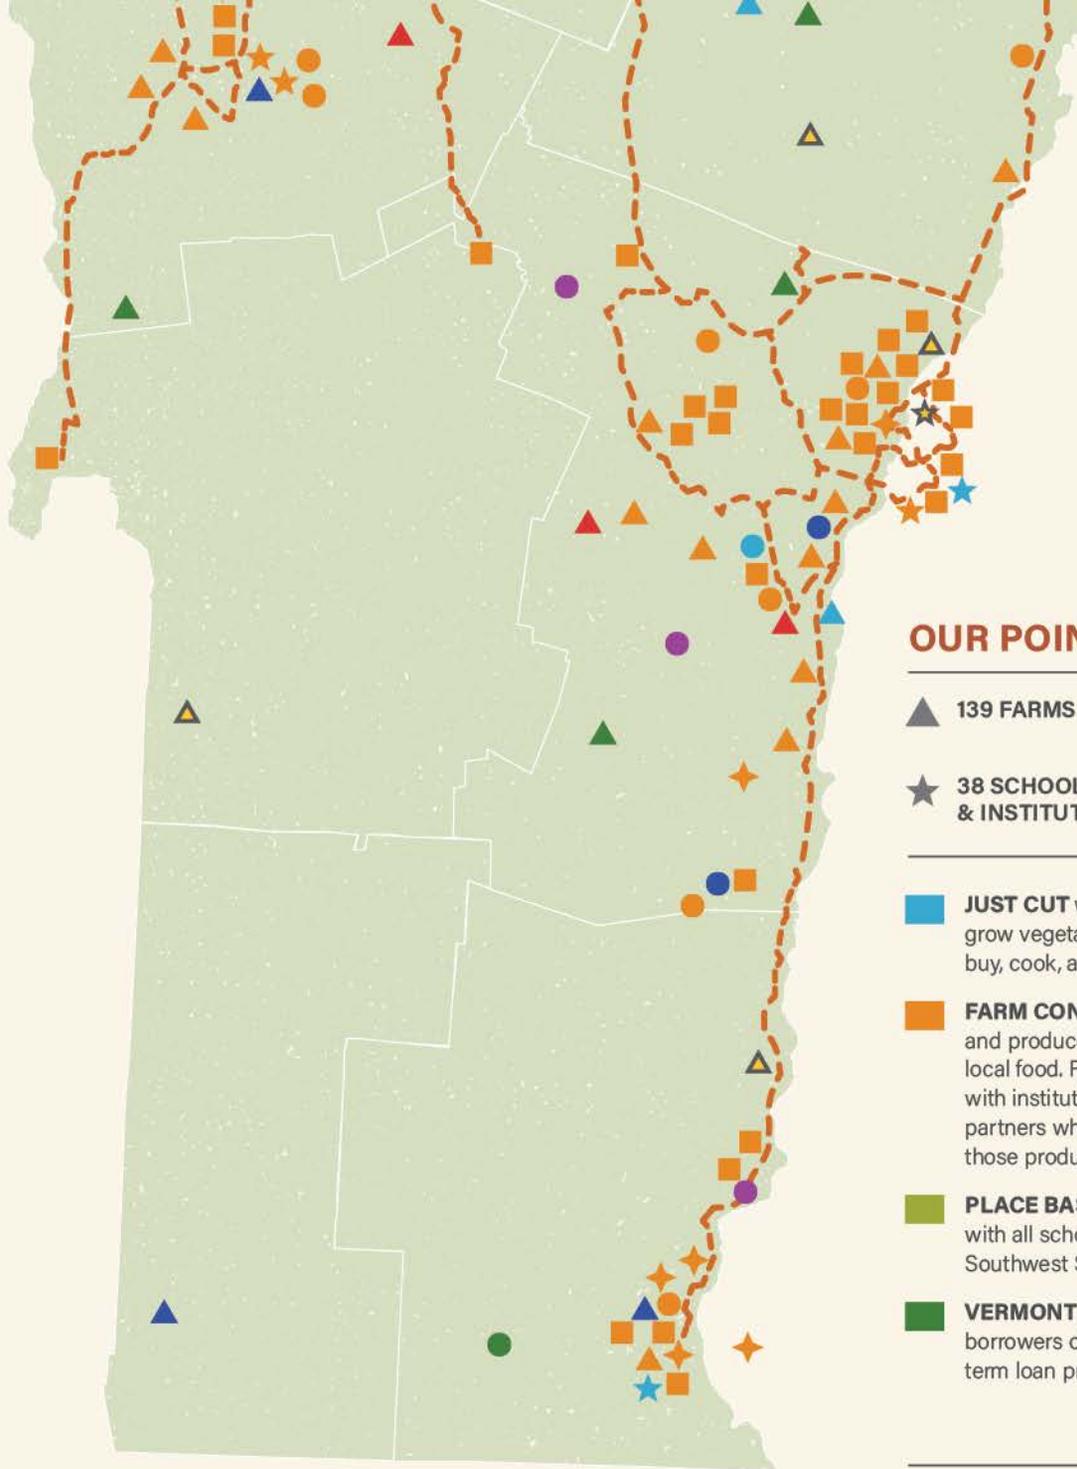

Our impact extends outward from our home in Hardwick, across the state of Vermont and beyond. We emphasize the strengths of our local community as we make connections and fill the gaps for many others across the region. We're a busy hive of connections and services and support, which take shape in the programs and activities shown on the map below.

Farm Connex delivers across Vermont and into neighboring towns in New Hampshire.
