## Vision

Healthy Vermonters living in healthy communities

## Mission

Protect and promote the best health for all Vermonters

## **Department Narrative – Public Health in Vermont**

Vision - Healthy Vermonters living in healthy communities.

Mission - To protect and promote the best health for all Vermonters.

The Department of Health is proud to continue a long tradition of public health service in Vermont. We are the state's lead agency for public health policy and advocacy.

Public health is the system that works to protect and promote the health of citizens. It is the science and art of preventing disease, prolonging healthy life and promoting physical and mental health. Not only do people with better health habits generally live longer; those years are more likely to be free of disease and disability.

The Health Department's many programs and initiatives help Vermonters live fuller, healthier lives from birth through old age. We focus on prevention, which is perhaps the best investment that can be made in health.

We educate and inform Vermonters about eating a healthy diet, regular exercise, and not smoking.

We promote and improve access to immunizations, mammograms, HIV/AIDS testing and care, and prenatal care.

We license physicians and hospitals, inspect food and lodging establishments, and enforce health regulations.

We prepare for and respond to public health emergencies and threats and provide the public with information to help them stay safe and healthy.

Essential public health and disease prevention services are available across Vermont through our 12 district offices. The district offices work in partnership with local health care providers, voluntary agencies, schools, businesses and community organizations to improve health and extend statewide initiatives in local communities throughout the state.

As part of the Agency of Human Services, the department works in concert with the Departments of Mental Health, Children and Families, Disabilities, Aging and Independent Living, Corrections, and the Department of Vermont Health Access to improve the health and well-being of Vermonters.

## **Program Description – Administration Appropriation**

### **The Office of the Commissioner**

Provides public health leadership, policy development, direction and management guidance to staff and programs throughout the Department.

### **Planning**

Works with staff throughout the department to improve population health outcomes and internal systems. Facilitates planning and integration of activities, improving the department's ability to perform our work and collaborating with cross-sector partners to improve health. This includes:

- Development of the State Health Improvement Plan and the Health Department Strategic Plan
- Public health accreditation maintenance
- Performance Management
- Workforce development
- Health in All Policies to promote a culture of health

### **Communication Office**

Works with department and state government leadership, managers, and staff to provide useful, accurate, credible, persuasive, and timely public health information and messages to Vermonters. Leads or coordinates local, state, and national public health communication efforts through tasks including:

- Crisis, emergency, and risk communication
- Health advisories and alerts
- News and media relations
- Social marketing, social media, and brand identity
- Public website

### **Operations**

Develops, coordinates, manages, and facilitates the operational and business practices for the department. These operations include:

- Business Resource Center: mail, facilities, conference room scheduling and oversight, space management and renovations, workstation design, printing

- Audio/visual equipment: manage, troubleshoot, and provide education for state-of-the-art equipment
- Continuity of Operations (COOP): plan for and manage business continuity to ensure essential functions
- Intranet Governance: facilitate internal communication and consistent business systems
- Records management: respond to all public requests for records of the department
- Business Systems & Process Improvement: ensure that business systems are efficient and customer responsive
- Respiratory Protection Program: ensure fit-testing of employees, policies, record keeping
- HIPAA: ensure that all employees are trained in managing confidential health information

### **Business Office**

Provides business management services to the Department of Health in accordance with Vermont Agency of Administration policies and procedures. Services provided include:

- Budget preparation and financial monitoring
- Payroll/Accounts payable and receivable
- Audit/Cost allocation and federal programs financial services
- Subgrant and contract processing

### **Office of Health Equity Integration**

Envisions a transformed public health system that is just and equitable. Works to collectively reimagine and rebuild public health systems that have historically prevented individuals and communities in Vermont from living their healthiest lives by:

- Integrating health equity into health department culture and operations
- Solidifying a shared understanding of health equity issues and strategies
- Building and sustaining internal and external relationships
- Creating and evaluating progress on health equity goals

### **Rural Health & Health Care Quality**

Works with and supports small rural hospitals, clinics, and health care providers to improve access to primary care, dental and mental health care for all Vermonters - especially the uninsured, underserved and those living far from larger medical centers by:

- Improving quality and performance of critical access and rural hospitals

- Expanding access to primary, dental, and mental health services regardless of insurance coverage
- Supporting recruitment and retention of primary care, oral health, and mental health workforce
- Supporting outreach to farm owners and workers
- Supporting outreach for training for health care professionals
- Connecting local health care providers and decision-makers to state, regional and national resources, information, and technical assistance

### **Program Description – Public Health Appropriation**

#### **Environmental Health Division**

Works to prevent disease and reduce or eliminate environmental risk using science, education, and regulation.

- Asbestos and Lead
- Climate Change
- Children's Environmental Health
- Drinking Water
- Environmental Chemicals and Pollutants
- Environmental Public Health Tracking
- Food and Lodging
- Healthy Homes
- Healthy Schools
- Radiological Health
- Recreational Water
- Town Health Officers

#### **Office of Local Health**

Provides public health leadership and direct service to Vermonters in their communities.

District health offices in 12 locations around the state work closely with other Agency of Human Services district office staff to provide public health leadership, community health assessments, coalition building, and planning. They provide health promotion, disease prevention,

outreach, education, emergency preparedness and follow-up necessary to support an effective public health system. It is through the district offices that most Health Department programs reach Vermonters.

### **Health Promotion and Disease Prevention Division**

Promotes healthy behaviors, reduction of risky behaviors, and improvement of chronic disease self-management. Program elements include individual, family, organizational, community, and policy level strategies to promote population-based health. Below are some of the areas where the department work is focused:

- Asthma & Lung Disease
- Brain Health & Dementia
- Chronic Disease Prevention
- Colorectal Cancer Screening and Prevention
- Comprehensive Cancer Control
- Diabetes Prevention and Control
- Heart Disease Prevention and Control
- Nutrition/Physical Activity
- Oral Health
- Tobacco Cessation, Education and Control
- Women's Health: You First - a breast and cervical cancer and heart health screening program
- Worksite Wellness

### **Laboratory Sciences and Infectious Disease Division**

Leads efforts to track, prevent and control the spread of infectious diseases in Vermont and provides laboratory services to test and monitor Vermont's populations and environment for public health threats. The division has two sections: the Public Health Laboratory and Infectious Disease.

Public Health Laboratory:

- Customer service
- Chemistry - including inorganic/radiochemistry and organic chemistry
- Microbiology

Infectious Disease:

- HIV/AIDS, STDs, and Hepatitis C
- Health care-associated infections
- Immunizations
- Infectious disease epidemiology
- Vector-borne diseases
- Zoonotic diseases

### **Health Statistics and Informatics Division**

Manages research planning, data collection and analysis, consultation and reports, health data registry operations, and overall maintenance of the systems that contain the state's health statistics. Provides high quality health data to policy makers, researchers, communities, and individuals in an efficient and timely manner. Collaborates with public health partners to support community needs assessments and evaluate health outcomes and services. Services include:

- Health Status Monitoring: Provides information used to monitor the health conditions of Vermonters
- Health Data Repository: Serves as the centralized site for data about cancer, immunizations, birth defects, behavioral trends, health care utilization, and vital records (births, deaths, marriages, divorces)
- Health Data Analysis: Uses data to analyze important health issues such as maternal and child health, vaccination rates, chronic disease burden, cancer diagnoses, treatment and prevention, prescription use, and mortality trends
- GIS: Uses geographic information systems to map health conditions, behavioral trends, and population demographics
- Evaluation and Policy: Provides accurate and timely data to inform health policy, plan prevention programs, distribute resources, and evaluate the impact of health programs and services
- Secure Health Registries: Provides a safe and secure environment for confidential records such as immunization histories

### **Office of the Chief Medical Examiner**

In the interest of public health and public safety, performs autopsies, investigates, and determines cause and manner of unexpected or unnatural deaths from violence, injury, suicide, drugs, and other circumstances.

### **Emergency Preparedness, Response, and Injury Prevention**

Coordinates, develops, and manages preparedness and response capabilities within the department. Works with external partners to manage emergency health/medical preparedness and response, including:

- Emergency Medical Services

- Health Alert Network
- Health Care and Hospital Preparedness
- Health Operations Center/Incident Command System
- Strategic National Stockpile/Cities Readiness Initiative
- Suicide Prevention

### **Board of Medical Practice**

The Board of Medical Practice licenses physicians, physician assistants, and podiatrists, and certifies anesthesiologist assistants and radiologist assistants. The Board provides licensing and investigation support and investigates complaints and charges of unprofessional conduct against any health care profession it licenses or certifies and determines if charges are substantiated. The Executive Director also administers the Hospital Licensing program.

### **Family and Child Health Division**

Provides programming across the life course: before, during and after pregnancy, and throughout infancy, early childhood, and the school years, with an emphasis on adolescents and young adults. Provides direct services, linkages and referrals, population-based supports, education and monitoring, quality oversight, and policy and systems development. Supports professionals who work with children and families in health care, early care, and education settings, and with human service agencies.

- Adolescent Health
- Pregnancy and Breastfeeding
- School Health
- WIC: Supplemental Nutrition Program for Women, Infants, and Children

### **Program Description – Substance Use Programs Appropriation**

The Division of Substance Use Programs oversees a network of health promotion, prevention, intervention, treatment, and recovery services to prevent, reduce, and eliminate the problems caused by alcohol and drug use. The Division works with national, state and community-based organizations to make proven programs and services available to Vermonters using data to plan and guide program improvements and to support Vermont's statewide system of providers.
