Office of the Defender General - Organizational Chart -Overall Structure Organizational Chart 1/10/2025

Office of the Defender General FY 2026 Governor's Recommended Budget

MISSION: The Office of the Defender General provides constitutionally required representation to indigent persons charged with serious crimes. The Office also provides counsel to children who are the subject of juvenile proceedings as alleged delinquents; to parties in juvenile proceedings including children in need of care and supervision (CHINS); to children in the custody of the Department for Children and Families; to persons in the custody of the Commissioner of Corrections; and to needy persons in extradition, or probation or parole revocation proceedings.

ACCOMPLISHMENTS:

- ODG has remained within budget for 23 consecutive years;
- Fiscal responsibility has been built on legal services provided by conflict contractors saving the state 30% when compared to a staff office;
- Increase in the number of Assigned Counsel Conflict contracts has kept reliance on ad hoc counsel to a minimum;
- FY 2000 FY 2024: Ad hoc caseload (the most expensive way to provide services) has decreased in number of charges by 89% and clients by 87% since 2000.

CHALLENGES:

- · Continue caseload relief contracts is necessary to prevent increasing Ad Hoc costs and court backlog;
- Assigned Counsel Contracts and Serious Felony Unit Contract coverage;
- PD Contract Office Contracts are up for their 4-year renewal in FY 2026;
- Other Personal Services (Case-Related Services) is under pressure with increasing costs due to utilization and increased expert pricing;
- Attorneys are not available for hire in staff or contract systems;
- Private sector pay for attorneys has far outpaced public sector attorney pay in recent years;
- Current vacant Data Manager position, which could take on some of the Case Management contracted support functions reducing contract costs, has
 proven to be a difficult hire.
- Required Statutory training remains an unfunded mandate.

* The "Near" category is intended as an alert that a case is close to the time to disposition goal when active days are in this range. It is the interval between 0.75 of the disposition guideline and the disposition. For example, if the disposition guideline is 120 days, near would be 90 – 120 days, under would be less than 90 days and over would be greater than 120 days.

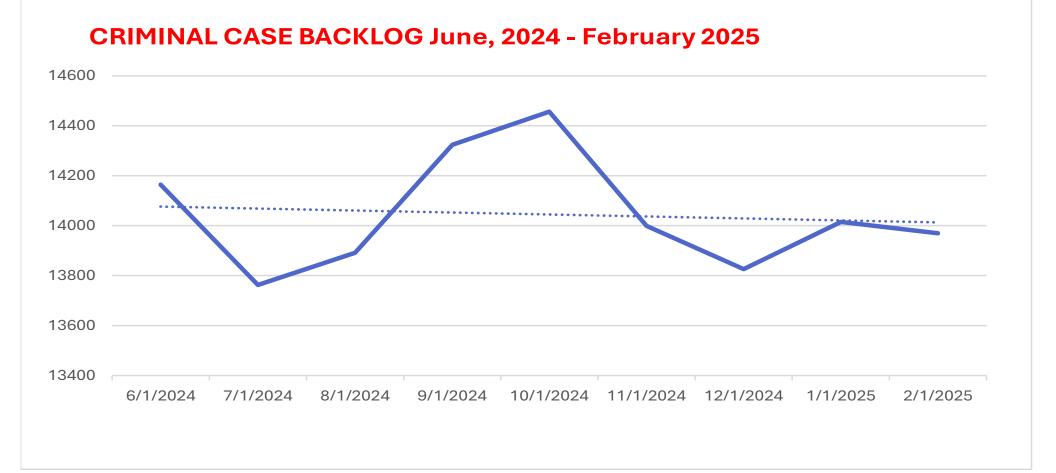

** "N/A" is an abbreviation for not applicable. The Judiciary utilizes a data tool, CORE, for measuring disposition time. The implementation of disposition guidelines in CORE is focused on the interval between case filing and entry of judgment for Court Statistics Project (CSP) case types having a disposition guideline. Circumstances where a case would have a guideline status of "n/a" would include reopened disposition (aka post judgment) or a case type with no disposition guideline. (These are predominantly VOP cases)

Office of the Defender General FY 2026 Governor's Recommended Budget

MISSION: The Office of the Defender General provides constitutionally required representation to indigent persons charged with serious crimes. The Office also provides counsel to children who are the subject of juvenile proceedings as alleged delinquents; to parties in juvenile proceedings including children in need of care and supervision (CHINS); to children in the custody of the Department for Children and Families; to persons in the custody of the Commissioner of Corrections; and to needy persons in extradition, or probation or parole revocation proceedings.

- Continues current service level;
- Provides funds for staff salary and benefit increases;
- Provides increase in funding for 4-year Public Defense
- Provides 2% increase in Assigned Counsel Contracts;
- Provides minimal increases for office leases, property maintenance and utilities:
- Provides increase for employee/non-employee travel;
- Provides increase for Case Management support.
- Increase funding for Other Personal Services.
- Increase for Assigned Counsel travel.

ACCOMPLISHMENTS:

- ODG has remained within budget for 23 consecutive years;
- · Fiscal responsibility has been built on legal services provided by conflict contractors saving the state 30% when compared to a staff office;
- . Increase in the number of Assigned Counsel Conflict contracts has kept reliance on ad hoc counsel to a minimum;
- FY 2000 FY 2024: Ad hoc caseload (the most expensive way to provide services) has decreased in number of charges by 89% and clients by 87% since 2000.

CHALLENGES:

- · Continue caseload relief contracts is necessary to prevent increasing Ad Hoc costs and court backlog;
- . Assigned Counsel Contracts and Serious Felony Unit Contract coverage;
- PD Contract Office Contracts are up for their 4-year renewal in FY 2026;
- · Other Personal Services (Case-Related Services) is under pressure with increasing costs due to utilization and increased expert pricing;
- Attorneys are not available for hire in staff or contract systems;
- Private sector pay for attorneys has far outpaced public sector attorney pay in recent years;
- Current vacant Data Manager position, which could take on some of the Case Management contracted support functions reducing contract costs, has proven to be a difficult hire.
- Required Statutory training remains an unfunded mandate.
