Please note that our IT systems do not currently provide information to the level of detail required in this report. We have provided as much detail as our systems will allow. Our licensing system does not track instances of renewal fee payments. Our business filing system, in use during the collection of data for this report, did not separate instances of fee payments by entity type. We understand the value of tracking fees with finer granularity. With the roll-out of new Campaign Finance, Lobbying and Business Services systems, we are anticipating being able to provide better details going forward.
