

# The Vermont Film and Creative Media Workforce Development Initiative

The **Film and Creative Media Workforce Development Initiative**, a program of the Vermont Creative Network, will build and sustain the Vermont's digital media workforce.

## A Vital, Growing Industry Requires Support

Film and creative media are a vital and growing segment of Vermont's creative economy, and a crucial industry that all Vermont businesses need to thrive in our digital age.

This industry needs state investment to build the structure required to expand and meet the needs of all Vermont businesses.

The Initiative, in partnership with Vermont Production Collective, will:

- Develop and maintain a **Film & Creative Media Assets Database**
- Centralize and share **Film & Creative Media Employment and Internship Opportunities**
- **Grow Vermont's film & creative media industry**

## \$120,000 Annual Budget:

- Database (hosting & maintenance): \$20,000
- Database management: \$45,000
- Central contact for film production: \$45,000
- Vermont Arts Council oversight and economic impact reporting: \$10,000

With this investment, Vermont can position itself as a leader in sustainable, future-focused film and creative media production in a way that benefits all Vermonters.
