

1 TO THE HONORABLE SENATE:

2 The Committee on Health and Welfare to which was referred House Bill
3 No. 96 entitled “An act relating to increasing the monetary thresholds for
4 certificates of need” respectfully reports that it has considered the same and
5 recommends that the Senate propose to the House that the bill be amended by
6 striking out all after the enacting clause and inserting in lieu thereof the
7 following:

8 Sec. 1. 18 V.S.A. § 9434 is amended to read:

9 § 9434. CERTIFICATE OF NEED; GENERAL RULES

10 (a) A health care facility ~~other than a hospital~~ shall not develop or have
11 developed on its behalf a new health care project without issuance of a
12 certificate of need by the Board. For purposes of this subsection, a “new
13 health care project” ~~includes~~ means any of the following:

14 (1) The construction, development, purchase, renovation, or other
15 establishment of a health care facility, or any capital expenditure by or on
16 behalf of a health care facility, for which the capital cost exceeds
17 ~~\$1,500,000.00~~ \$10,000,000.00.

18 (2) A change from one licensing period to the next in the number of
19 licensed beds of a health care facility through addition or conversion, or
20 through relocation from one physical facility or site to another.

1 (3) The offering of any home health service, or the transfer or
2 conveyance of more than a 50 percent ownership interest in a health care
3 facility other than a hospital or nursing home.

4 (4) The purchase, lease, or other comparable arrangement of a single
5 piece of diagnostic and therapeutic equipment for which the cost, or in the case
6 of a donation the value, is in excess of ~~\$1,000,000.00~~ \$5,000,000.00. For
7 purposes of this subdivision, the purchase or lease of one or more articles of
8 diagnostic or therapeutic equipment that are necessarily interdependent in the
9 performance of their ordinary functions or that would constitute any health
10 care facility included under subdivision 9432(8)(B) of this title, as determined
11 by the Board, shall be considered together in calculating the amount of an
12 expenditure. The Board's determination of functional interdependence of
13 items of equipment under this subdivision shall have the effect of a final
14 decision and is subject to appeal under section 9381 of this title.

15 (5) The offering of a health care service or technology having an annual
16 operating expense that exceeds ~~\$500,000.00~~ \$3,000,000.00 for either of the
17 next two budgeted fiscal years, if the service or technology was not offered or
18 employed, either on a fixed or a mobile basis, by the health care facility within
19 the previous three fiscal years.

20 ~~(6) The construction, development, purchase, lease, or other~~
21 ~~establishment of an ambulatory surgical center. [Repealed.]~~

1 ~~(b) A hospital shall not develop or have developed on its behalf a new~~
2 ~~health care project without issuance of a certificate of need by the Board. For~~
3 ~~purposes of this subsection, a “new health care project” includes the following:~~

4 ~~(1) The construction, development, purchase, renovation, or other~~
5 ~~establishment of a health care facility, or any capital expenditure by or on~~
6 ~~behalf of a hospital, for which the capital cost exceeds \$3,000,000.00.~~

7 ~~(2) The purchase, lease, or other comparable arrangement of a single~~
8 ~~piece of diagnostic and therapeutic equipment for which the cost, or in the case~~
9 ~~of a donation the value, is in excess of \$1,500,000.00. For purposes of this~~
10 ~~subdivision, the purchase or lease of one or more articles of diagnostic or~~
11 ~~therapeutic equipment that are necessarily interdependent in the performance~~
12 ~~of their ordinary functions or that would constitute any health care facility~~
13 ~~included under subdivision 9432(8)(B) of this title, as determined by the~~
14 ~~Board, shall be considered together in calculating the amount of an~~
15 ~~expenditure. The Board’s determination of functional interdependence of~~
16 ~~items of equipment under this subdivision shall have the effect of a final~~
17 ~~decision and is subject to appeal under section 9381 of this title.~~

18 ~~(3) The offering of a health care service or technology having an annual~~
19 ~~operating expense that exceeds \$1,000,000.00 for either of the next two~~
20 ~~budgeted fiscal years, if the service or technology was not offered or~~

1 ~~employed, either on a fixed or a mobile basis, by the hospital within the~~
2 ~~previous three fiscal years.~~

3 ~~(4) A change from one licensing period to the next in the number of~~
4 ~~licensed beds of a health care facility through addition or conversion, or~~
5 ~~through relocation from one physical facility or site to another.~~

6 ~~(5) The offering of any home health service. [Repealed.]~~

7 (c) In the case of a project that requires a certificate of need under this
8 section, expenditures for which are anticipated to be in excess of
9 ~~\$30,000,000.00~~ \$50,000,000.00, the applicant first shall secure a conceptual
10 development phase certificate of need, in accordance with the standards and
11 procedures established in this subchapter, that permits the applicant to make
12 expenditures for architectural services, engineering design services, or any
13 other planning services, as defined by the Board, needed in connection with the
14 project. Upon completion of the conceptual development phase of the project,
15 and before offering or further developing the project, the applicant shall secure
16 a final certificate of need in accordance with the standards and procedures
17 established in this subchapter. Applicants shall not be subject to sanctions for
18 failure to comply with the provisions of this subsection if such failure is solely
19 the result of good faith reliance on verified project cost estimates issued by
20 qualified persons, which cost estimates would have led a reasonable person to
21 conclude the project was not anticipated to be in excess of ~~\$30,000,000.00~~

1 \$50,000,000.00 and therefore not subject to this subsection. The provisions of
2 this subsection notwithstanding, expenditures may be made in preparation for
3 obtaining a conceptual development phase certificate of need, which
4 expenditures shall not exceed ~~\$1,500,000.00 for non-hospitals or~~
5 ~~\$3,000,000.00 for hospitals~~ \$10,000,000.00.

6 (d) If the Board determines that a person required to obtain a certificate of
7 need under this subchapter has separated a single project into components in
8 order to avoid cost thresholds or other requirements under this subchapter, the
9 person shall be required to submit an application for a certificate of need for
10 the entire project, and the Board may proceed under section 9445 of this title.
11 The Board's determination under this subsection shall have the effect of a final
12 decision and is subject to appeal under section 9381 of this title.

13 (e) The Board may periodically adjust the monetary jurisdictional
14 thresholds contained in this section. In doing so, the Board shall reflect the
15 same categories of health care facilities, services, and programs recognized in
16 this section. Any adjustment by the Board shall not exceed an amount
17 calculated using the cumulative Consumer Price Index rate of inflation.

18 Sec. 2. 18 V.S.A. § 9435 is amended to read:
