

Petition in Support of H.577: Establishing the Vermont Prescription Drug Discount Card Program

Skyrocketing drug prices continue to place a heavy burden on older Vermonters, many of whom rely on fixed incomes and need consistent access to life-saving treatments. AARP Vermont heard loud and clear support for H.577 from older Vermonters in 114 towns spanning all 14 counties.

We, the undersigned, urge Vermont lawmakers to vote YES on H.577 to help lower prescription drug costs. By supporting H.577, lawmakers can take an important step toward making these life-saving treatments more affordable and accessible. We ask you to stand with Vermonters and take action to ease the financial strain and protect public health.
