

1 H.660

2 Senators Norris, Baruth, Brennan, and Perchlik move that the Senate
3 propose to the House that the bill be amended by inserting a reader assistance
4 heading and Sec. 6a after Sec. 6 to read as follows:

5 * * * Syringe Recovery Plan * * *

6 Sec. 6a. PLAN; SYRINGE RECOVERY

7 On or before December 15, 2026, the Department of Health shall submit a
8 plan to the House Committee on Human Services and to the Senate Committee
9 on Health and Welfare containing recommendations for the implementation of
10 one or more syringe recovery models throughout the State to enhance public
11 health and safety. The plan shall require syringe service providers to report to
12 the Department on the percentage of distributed syringes that are returned to
13 the provider or otherwise collected.
