4 Assistance and Responsive Transition to Housing Program” respectfully  
5 reports that it has considered the same and recommends that the Senate  
6 propose to the House that the bill be amended by striking out all after the  
7 enacting clause and inserting in lieu thereof the following:

8 \* \* \* Findings and Legislative Intent \* \* \*

9 Sec. 1. FINDINGS

10 The General Assembly finds that:

11 (1) according to the U.S. Department of Housing and Urban  
12 Development’s 2024 Annual Homelessness Assessment Report, Vermont had  
13 the fourth highest rate of homelessness in 2024 in that 53 of every 10,000  
14 Vermonters are experiencing homelessness, with only Hawaii, New York, and  
15 Oregon experiencing higher rates;

16 (2) in 2023, according to the same Annual Homelessness Assessment  
17 Report, 51 of every 10,000 Vermonters were experiencing homelessness;

18 (3) according to the Vermont 2024 Point-in-Time Count, there were  
19 approximately 3,458 unhoused individuals in Vermont, which represents a 300  
20 percent increase over the 1,110 unhoused individuals prior to the COVID-19  
21 pandemic in 2020;

1           (4) of the 3,458 unhoused individuals in Vermont identified by the  
2           Vermont 2024 Point-in-Time Count, 166 experienced unsheltered  
3           homelessness, which is the highest count of unsheltered homeless individuals  
4           in Vermont within the past decade;

5           (5) according to the Vermont 2024 Point-in-Time Count, over 35  
6           percent of those Vermonters experiencing homelessness were unhoused for  
7           more than one year and over 72 percent were unhoused for more than 90 days;

8           (6) according to the Vermont 2024 Point-in-Time Count, 737 of those  
9           Vermonters experiencing homelessness were children and youth under 18  
10          years of age and 646 were 55 years of age or older;

11          (7) according to the Vermont 2024 Point-in-Time Count, Black  
12          Vermonters are 5.6 times more likely to be unhoused as compared to white  
13          Vermonters;

14          (8) the 2024 Vermont Housing Needs Assessment notes that 36,000  
15          primary homes are needed in Vermont between 2025–2029, 3,295 of which are  
16          needed to address homelessness;

17          (9) the 2024 Vermont Housing Needs Assessment notes that “[h]alf of  
18          all Vermont renters are cost-burdened, and one-in-four pay more than 50  
19          [percent] of their income on housing costs, putting them at high risk of  
20          eviction,” which “is heightened by Vermont’s rental vacancy rate of 3  
21          [percent], which is well below the 5 [percent] rate of a healthy market”; and

1           (10) since 2020, the Vermont Housing and Conservation Board has  
2           constructed 170 new single-family homeownership units and 269 new shelter  
3           beds.

4           Sec. 2. LEGISLATIVE INTENT

5           (a) It is the intent of the General Assembly that unsheltered homelessness  
6           be eliminated and that homelessness in Vermont be rare, brief, and  
7           nonrecurring.

8           (b) It is the intent of the General Assembly that the Vermont Homeless  
9           Emergency Assistance and Responsive Transition to Housing Program  
10          established in 33 V.S.A. chapter 22 is a step toward ensuring that:

11          (1) homelessness be reduced in Vermont and interim shelter  
12          opportunities be available to provide a stable pathway to permanent housing  
13          for all Vermonters experiencing homelessness, including safe shelter options  
14          for individuals living in unsheltered homelessness;

15          (2) Vermont increase the supply of emergency shelter as well as  
16          permanent supportive housing that meets the specific needs of individuals;

17          (3) community components of all shelter types are integrated in a  
18          systemic manner;

19          (4) time limits, night-by-night shelter, relocation between interim shelter  
20          sites, and other disruptions in housing stability be eliminated to the extent  
21          possible;

1           (5) Vermont’s emergency housing statutes, rules, policies, procedures,  
2           and practices be modeled on Housing First principles where appropriate;

3           (6) noncongregate shelter be used to the extent possible; and

4           (7) Vermont reduce reliance on the inefficient use of hotel and motel  
5           rooms to shelter participating households and expand the use of emergency  
6           shelters throughout the State for this purpose.

7           (c) It is the intent of the General Assembly that the Vermont Homeless  
8           Emergency Assistance and Responsive Transition to Housing Program  
9           established in 33 V.S.A. chapter 22 replaces the provision of emergency  
10           housing through the General Assistance Program established in 33 V.S.A.  
11           chapter 21 beginning in fiscal year 2027 and the Housing Opportunity Grant  
12           Program beginning in fiscal year 2028.

6       Responsive Transition to Housing Program established in this chapter;

8       shelter participating households and expand the use of emergency shelters

13 § 2204. ESTABLISHMENT; VERMONT HOMELESS EMERGENCY  
14 ASSISTANCE AND RESPONSIVE TRANSITION TO HOUSING  
15 PROGRAM

16 The Vermont Homeless Emergency Assistance and Responsive Transition  
17 to Housing Program is established in the Department to provide services to  
18 households that are homeless or at risk of becoming homeless, to the extent  
19 funds exist.

20 (1) The Department shall select and enter into an agreement with a  
21 statewide organization that has population-specific service experience to

1 provide or cause to be provided supportive services and shelter to those  
2 households that are experiencing or that have experienced domestic or sexual  
3 violence.

4 (2) All other participating households shall be served by or through a  
5 community action agency responsible for a geographically distinct region of  
6 the State. Community action agencies participating in the Program shall  
7 provide or cause to be provided supportive services, extreme weather event  
8 shelter, and emergency shelter.

9 § 2205. AUTHORIZATION PROCESS; REAUTHORIZATION REVIEW

10 (a) The Department shall select and enter into an agreement with a  
11 statewide organization to provide or cause to be provided supportive services  
12 and shelter to those households that are experiencing or that have experienced  
13 domestic or sexual violence. The Department shall conduct regular reviews of  
14 the statewide organization to ensure compliance with this chapter. The  
15 statewide organization may be subject to corrective actions by the Department  
16 if, within the constraint of appropriated resources, it no longer meets the  
17 requirements of this chapter or has failed to adequately meet the needs of  
18 households that are experiencing or that have experienced domestic or sexual  
19 violence. If the statewide organization cannot fulfill its responsibilities under  
20 this chapter, the Department shall work with another entity to ensure that there  
21 is not a gap in services.

1       **(b)(1)** The Department shall authorize a community action agency to serve  
2       or cause to be served households that are homeless or at risk of becoming  
3       homeless in a geographically distinct region of the State if it meets the criteria  
4       in this section. If a community action agency cannot fulfill its responsibilities  
5       under this chapter, the Department shall work with other community action  
6       agencies or other appropriate community entities to ensure that there is not a  
7       gap in services in a community action agency's region.

8       **(2)** A community action agency providing or causing to provide services  
9       in accordance with this chapter shall have:

10       **(A)** existing or planned infrastructure to support households in the  
11       region, including an established leadership team, a human resources staff, and  
12       the ability to receive grant funding and issue subgrants;

13       **(B)** the ability to meet the Department's reporting requirements,  
14       including having a past history of reporting compliance;

15       **(C)** the capacity to perform the core services required pursuant to  
16       section 2206 of this chapter;

17       **(D)** the capacity to seek and accept charitable contributions, grants,  
18       and services of volunteers, including money, clothing, and furniture;

19       **(E)** any outcome measures established in this chapter;

20       **(F)** community connections with other providers in the region,  
21       including local housing coalitions, housing providers, providers of coordinated

1 entry, continuums of care, faith-based organizations, and providers of services  
2 to individuals who are older Vermonters; individuals who have disabilities, a  
3 substance use disorder, or a mental health condition; individuals reentering the  
4 community after incarceration; individuals transitioning from the care and  
5 custody of the Commissioner for Children and Families; and families with  
6 children; and

7 (G) the ability to provide plain language communications to  
8 households receiving services.

9 (3) Not less than every three years, the Department shall conduct a  
10 reauthorization review of each community action agency providing or causing  
11 to provide services pursuant to this chapter. An organization may be subject to  
12 corrective actions by the Department if, within the constraint of appropriated  
13 resources, it no longer meets the requirements in subdivision (2) of this  
14 subsection or has failed to adequately meet the needs of households in its  
15 region that are homeless or at risk of homelessness. Lack of compliance may  
16 result in the Department deciding not to reauthorize the community action  
17 agency. The Department may review progress of any previously required  
18 corrective actions and may review community action agency performance  
19 between reauthorization reviews.

1 § 2206. VHEARTH CORE SERVICES

2 (a) The Department shall enter into an agreement with a statewide  
3 organization with population-specific experience serving households that are  
4 experiencing or that have experienced domestic or sexual violence. The  
5 organization shall provide or cause to be provided various shelter and case  
6 management services that support households.

7 (b) Each community action agency shall offer or cause to be offered, in  
8 collaboration with community partners, each of the following services within  
9 its region:

10 (1) supportive services, including:

11 (A) intake assessments and services for diversion from homelessness,  
12 which shall include regional intake shelters;

13 (B) household needs assessments;

14 (C) individualized household plans to address identified needs;

15 (D) housing navigation and retention services;

16 (E) assistance obtaining and retaining housing, including financial  
17 assistance;

18 (F) landlord-tenant outreach, education, and conflict resolution;

19 (G) navigation to other services and supports as identified in the  
20 household's housing plan, including economic benefits, peer-supported  
21 services, job training and employment services, services related to disability

1 and independent living, and referral to health care assistance such as treatment  
2 for mental health conditions and substance use disorder as provided by the  
3 designated and specialized services agencies and preferred providers,  
4 respectively;

5 (H) advocacy; and

6 (I) progress monitoring and interventions; and

7 (2) the operation of extreme weather event shelters, which may include  
8 time-limited congregate accommodations and may be provided through  
9 agreements with municipalities or other entities, utilizing available data and  
10 considering geographic access to prioritize funding for this purpose; and

11 (3) the operation of emergency shelters in a manner that builds upon the  
12 federally required community planning process and prioritizes households in  
13 need of the services of an emergency shelter, which may include community-  
14 based shelters, temporary use of hotels or motels, lease agreements for full or  
15 partial use of an existing building, need-specific shelter arrangements, master  
16 grant leases, the development of shelter capacity, or other arrangements or  
17 combinations of arrangements that comply with the intent of this chapter.

18 § 2207. USE OF HOTEL AND MOTEL ROOMS

19 (a) It is the intent of the General Assembly to decrease reliance on hotel  
20 and motel rooms for emergency housing. Annually, as shelter capacity  
21 increases in each region of the State, the use of hotel and motel rooms for

1 emergency housing in that region shall decrease. Annually, as part of the  
2 Department's budget presentation, the Department shall set goals for increased  
3 housing capacity, including shelter beds, permanent supportive housing, and  
4 permanent affordable housing, in addition to proposed corresponding decreases  
5 in the use of hotel and motel rooms. The Department shall provide data  
6 pertaining to the percentage of increased shelter capacity from the previous  
7 fiscal year in each region and how that increase impacts the corresponding  
8 hotel and motel room usage for emergency housing in each region pursuant to  
9 this subsection for the purpose of informing regional planning and  
10 expectations.

11 (b) If hotels and motels are used to provide emergency shelter pursuant to  
12 this chapter, the hotel and motel operators shall comply with Program rules and  
13 the following rules:

14 (1) Department of Health, Licensed Lodging Establishment Rule (CVR  
15 13-140-023); and

16 (2) Department of Public Safety, Vermont Fire and Building Safety  
17 Code (CVR 28-070-001).

18 (c) Annually, the Department shall propose hotel and motel rates as part of  
19 its budget presentation for approval by the General Assembly. A community  
20 action agency shall not pay or cause to be paid with State monies a per room,  
21 per night basis that exceeds the rate approved by the General Assembly.

1       (d) If a hotel or motel is being utilized, a community action agency:

2               (1) shall enter into agreements for the use of blocks of hotel and motel  
3       rooms and negotiate the conditions of use for those blocks, including access for  
4       providers of case management or other supportive services;

5               (2) shall prioritize the use of hotel and motel room agreements over  
6       individual per room, per night hotel or motel room use, unless it is not  
7       appropriate to a household's needs; and

8               (3) may use strategic placements to the extent certain populations are  
9       not isolated from the wider community served through the Program.

10       § 2208. VHEARTH; DUTIES OF THE DEPARTMENT

11           (a) The Department and the Agency of Human Services shall have  
12       statewide responsibility for meeting the intent of this chapter, including  
13       statewide planning, system development, proposing adequate funding, and the  
14       involvement of all the Agency's departments.

15           (b) For the purpose of providing administrative oversight and monitoring of  
16       the Program established in this chapter, the Department shall:

17               (1)(A) maintain guidance regarding when extreme weather event  
18       shelters shall be operated, including flexibility for regional weather conditions;  
19       and

20               (B) maintain a website with the locations of all extreme weather  
21       event shelters;

1           (2) include as part of any review of a community action agency required  
2           pursuant to 3 V.S.A. chapter 59 the community action agency's ability to  
3           perform the requirements of this chapter;

4           (3)(A) consult with the community action agencies and the statewide  
5           organization serving households that are experiencing or that have experienced  
6           domestic or sexual violence to develop appropriate resource allocations and  
7           methods for adjustment that take into account available data, the presence of  
8           community-based providers, and customary resource allocation methods,  
9           economic indicators, rate of homelessness, rental vacancy rates, and other  
10           variables, as appropriate; and

11           (B) annually, distribute funding to each community action agency  
12           and the statewide organization serving households that are experiencing or that  
13           have experienced domestic or sexual violence using the allocation formula  
14           developed pursuant to subdivision (A) of this subdivision (b)(3), or if the  
15           Department and community action agencies agree, disperse a joint allocation  
16           for all community action agencies, which the community action agencies shall  
17           determine how to distribute amongst themselves;

18           (4) provide support and technical assistance to the community action  
19           agencies, other community partners, and the statewide organization serving  
20           households that are experiencing or that have experienced domestic or sexual  
21           violence;

1           (5) identify specific administrative resources that could be transitioned  
2           to community operations;

3           (6) develop and maintain standards for the core services listed in section  
4           2206 of this chapter, including the operation of community-based shelters; and

5           (7) adopt rules pursuant to 3 V.S.A. chapter 25, in consultation with the  
6           community action agencies and the statewide organization serving households  
7           that are experiencing or that have experienced domestic or sexual violence, as  
8           appropriate, for the implementation of this chapter, including accommodations  
9           for individuals with a disability.

10       § 2209. REGIONAL PLANNING; NEEDS ASSESSMENTS

11           (a) As part of the plan required every three years pursuant to 3 V.S.A.  
12           § 3904 and the federally required planning and needs assessments for the  
13           continuum of care, the community action agencies shall develop a regional  
14           needs assessment and planning process, in collaboration with community and  
15           State partners, for use in each community action agency's region to inform  
16           future plans addressing housing and homelessness in each region of the State.  
17           The regional needs assessment and planning process plans shall include:

18                   (1) addressing progress in reducing the number of households  
19                   experiencing homelessness in a region;

20                   (2) assessing the rate households placed in permanent housing return to  
21                   homelessness and the underlying reasons;

1           (3) identifying resources developed and utilized in the region to address  
2           homelessness and efforts to improve the equitable distribution of these  
3           resources in the region;

4           (4) reporting the rate of household participation with coordinated entry  
5           processes and case management services;

6           (5) identifying system gaps and the funding needed to address those  
7           gaps, including periodic inflationary adjustments; and

8           (6) utilizing data, including Vermont’s Point-in-Time Count,  
9           coordinated entry assessment results, and community conversations.

10          (b) Every three years, each community action agency shall submit plans  
11          developed pursuant to this section to the Department in a format prescribed by  
12          the Department. Upon receipt of the plans, the Department shall consolidate  
13          the results of these reports and submit the consolidated report to the House  
14          Committee on Human Services and to the Senate Committee on Health and  
15          Welfare.

16          § 2210. REPORTING REQUIREMENTS

17          On or before the last day of every third month, the Department shall submit  
18          a report, in consultation with the community action agencies and the statewide  
19          organization serving households experiencing domestic or sexual violence, to  
20          the House Committee on Human Services, the Senate Committee on Health  
21          and Welfare, and the Joint Fiscal Committee addressing:

1           (1) the number of households served through the Program, by household

3           type of service;

4           (2) the number of household members employed on a part-time and full-  
5           time basis and the number of household members receiving Supplemental  
6           Security Income or Social Security disability insurance;

7           (3) changes in capacity for shelter beds, nursing homes, and residential  
8           care homes since the previous reporting period;

9           (4) the number of diversions made during the previous reporting period;

10          (5) the number of households whose intake assessment indicated a  
11          potential need for services from each department within the Agency;

12          (6) the number of households that have been successfully transitioned to  
13          permanent housing since the previous reporting period, the types of housing  
14          settings in which they have been placed, and any supportive services they are  
15          receiving in conjunction with their housing;

16          (7) the number of households that may be transitioned to permanent  
17          housing in the coming months;

18          (8) any State rules and local regulations and ordinances that are  
19          impeding the timely development of safe, decent, affordable housing in  
20          Vermont communities in order to:

21               (A) identify areas in which flexibility or discretion are available; and

1           (B) advise whether the temporary suspension of relevant State rules  
2           and local regulations and ordinances, or the adoption or amendment of State  
3           rules, would facilitate faster and less costly revitalization of existing housing  
4           and construction of new housing units; and

5           (9) an inventory of all subgrants issued by the statewide organization  
6           serving households experiencing or who have experienced domestic or sexual
