

APPROACH 1:

(21) to the Department of Corrections to work with the Agency of Digital Services to develop a plan for providing compliant connectivity in State correctional facilities that achieves all five outcomes outlined in the Business Transformation Project

Recommendations Report issued by the Agency: \$750,000.00

APPROACH 2:

(21) to the Department of Corrections to work with the Agency of Digital Services to develop a plan for providing compliant connectivity in State correctional facilities that modernizes processes and reduces reliance on paper; improves staff efficiency and addresses workforce challenges, such as staff retention; supports real-time data-driven operations; lays the foundation for future capabilities, such as wearable technology and mobile device supported operations; and ensures secure, compliant connectivity in key facility areas: \$750,000.00
