

Written Testimony

Re: S193 Vermont Senate Judiciary Committee.
March 11,2026.

I am providing brief testimony with attachments added from testimony I presented to the House Judiciary committee in 2023.

Should the committee wish to hear from me in person please feel free to reach out to me.

Today VPS remains concerned about S.193.

We wish to point out the work of the Forensics workgroup report released on January 15,2023.

I have attached that for review.

We concur with our follow peer organizations who have testified in front of Senate Judiciary.

Respectfully

[Zack-H](#)
