

I am writing to express my extreme concern regarding the appointment of Michael Drescher to the Vermont Supreme Court. His allegiance to Trump's policies has been well demonstrated. At a pivotal time when this administration is tearing down the fabric of our democracy by many means including demonizing immigrants, we cannot possibly support the appointment of an individual whose loyalty is to this fascist regime instead of the Constitution of the United States. I strongly urge the Committee to oppose this appointment.

Thank you for your consideration in this matter.
