

Dear Mr. Mattheis,

I am a registered Democrat residing in Middlebury and I fully support the nomination of Michael Drescher to the Vermont Supreme Court. He is a keen jurist of utmost integrity and will serve all Vermonters superbly. He was not appointed by Trump, and had to work this past year in the most difficult circumstances. I am a naturalized citizen, and I am horrified on a daily basis by the abuses of ICE and the administration. Yet I admire Mike's selflessness in tackling highly charged immigration cases himself, instead of letting his subordinates risk their careers. No one should ever question his rectitude or strength of character. You will not regret supporting his appointment to our Supreme Court.
