

To whom it may concern

I am writing this letter in support of Michael P Drescher as a nominee for the Vermont Supreme Court. I have known Mike since college in the 1980s and have watched him in his various roles as a lawyer. He is kind, fair and true to the law. I also saw a side of him this past year as he served as the Acting US Attorney where he struggled to do the job asked of him as well as support his colleagues and staff. He served that office with honor and respect.

Mike's loyalty and values align with all Vermonters. I trust him to help protect our state in the honorable position on the Vermont Supreme Court.

I hope that what we feel towards the current administration in DC does not impact Mike's appointment. We want good people in this position and Mike is a good person, one of the best that I know.

I hope this letter challenges assumptions about Michael Drescher based solely on his recent position following the administration change.

Sincerely,

Mary A Stanley MD
