2 § 1424b. WAKEBOATS; USE OF WATERS

3 (a) A person shall operate a wakeboat only on a lake authorized by the
4 Department under the Department of Environmental Conservation’s Vermont
5 Use of Public Waters Rules and only in that area of the lake identified for use
6 by wakeboats.

7 (b) In order to operate a wakeboat in Vermont, the person who owns or

16 lake or waterbody, the person who owns or controls the wakeboat shall
17 decontaminate the wakeboat at an Agency-approved decontamination service
18 provider. Boat washing stations shall not be considered an Agency-approved
19 decontamination service provider unless approved by the Agency as meeting
20 the criteria for a decontamination service provider and provided that the

1 decontamination services do not interfere with or prevent operation of the boat
2 washing services.

3 (2) Prior to entering a lake, a law enforcement officer, an employee of
4 the Agency, or a person staffing an authorized aquatic nuisance species
5 inspection station may request that the person who owns, controls, or is using
6 the wakeboat provide proof of decontamination of the wakeboat by an Agency-
7 approved decontamination service provider.

9 Department for wakeboat use, law enforcement may require the owner or
10 operator of the wakeboat to produce the following in order to demonstrate
11 compliance with the requirements of this section:

12 (A) A current certificate of registration designating the home lake of
13 a wakeboat;

14 (B) Proof of decontamination of the wakeboat at an Agency-
15 approved decontamination service if the wakeboat is registered out of state or

19 station is authorized to inform a person who owns or controls a wakeboat
20 whether wakeboats are authorized for use on a lake. Information provided by a

1 person staffing an authorized aquatic nuisance species inspection station shall
2 not be considered an exercise of law enforcement authority.

3 (5) A private entity or business or a State agency shall not operate a
4 decontamination service provider without first obtaining an approval from the
5 Secretary of Natural Resources. An applicant for approval of a
6 decontamination service provider shall apply on a form provided by the

8 the decontamination service provider satisfies all of the criteria set forth in
9 subdivision 1422(23) of this title.

10 (d) Pursuant to 4 V.S.A. § 1102, a violation of this section may be brought
11 in the Judicial Bureau by any law enforcement officer, as that term is defined
12 in 23 V.S.A. § 3302(3), or, pursuant to section 8007 or 8008 of this title, a

2 the remainder of the registration period without payment of any additional
3 registration fee. However, if the fee for the registration of the motorboat
4 sought to be registered is greater than the registration fee for the transferred
5 motorboat, the applicant shall pay the difference between the fee first paid and
