Suggested language for p.10 lines 17-19:

**(e)(1) Fishing access areas may be used by approved aquatic nuisance inspection stations under section 1424b of this title for the inspection and cleaning of vessels, trailers and aquatic gear entering or exiting the lakes as required under section 1454 of this title.**

Suggested language for p. 11, lines 11-12:

**“.... the aquatic nuisance control station shall work with the Fish and Wildlife Department to resolve any conflict so that lake protection activity and the other authorized uses can be accommodated.**
