

Attached please find comments from Vermont Rural Water on S. 328 for the Committee's consideration, specifically regarding the following language:

- (42)(A) An area "served by municipal sewer and water infrastructure" means:*
- (i) an area where residential connections and expansions are available to a parcel or a portion of a parcel within 2,000 feet of municipal water and direct and indirect discharge wastewater systems and not prohibited by:*
- (I) State regulations or permits;*
  - (II) identified capacity constraints;*
