* * * Summary of Transportation Investments * * *

Sec. 2. FISCAL YEAR 2020 TRANSPORTATION INVESTMENTS
INTENDED TO REDUCE TRANSPORTATION-RELATED
GREENHOUSE GAS EMISSIONS, REDUCE FOSSIL FUEL
USE, AND SAVE VERMONT HOUSEHOLDS MONEY

This act includes the State’s fiscal year 2020 transportation investments intended to reduce transportation-related greenhouse gas emissions, reduce fossil fuel use, and save Vermont households money in furtherance of the policies articulated in 19 V.S.A. § 10b and the goals of the Comprehensive Energy Plan, and to satisfy the Executive and Legislative Branches’ commitments to the Paris Agreement climate goals. In fiscal year 2020, these efforts will include the following:

(1) Park and Ride Program. This act provides for a fiscal year expenditure of \$2,651,588.00, which will fund four park and ride construction projects—creating 277 new spaces across the State—and the design of five additional facilities—totaling 277 additional spaces—scheduled for construction in fiscal year 2021. Once completed, these 554 new park and ride spaces will increase the number of State-owned parking spaces by 34 percent. Specific additions and improvements include:

- (A) Williston - Construction of 142 spaces;
- (B) Saint Johnsbury - Construction of 44 spaces;
- (C) Royalton - Construction of 91 spaces;
- (D) Cambridge - Improvements to existing spaces;
- (E) Thetford - Design for 40 spaces;
- (F) Berlin (Exit 6) - Design for 62 spaces;
- (G) Berlin (Exit 7) - Design for 75 spaces;
- (H) Manchester - Design for 50 spaces; and

(I) Williamstown - Design for 50 spaces.

(2) Bike and Pedestrian Facilities Program. This act provides for a fiscal year expenditure of \$14,737,044.00, which will fund 34 bike and pedestrian construction projects, and 20 bike and pedestrian design or right-of-way projects, or both, for construction in fiscal year 2021. The construction projects include the creation, improvement, or rehabilitation of walkways, sidewalks, shared use paths, bike paths, and cycling lanes. Projects are funded in Albany, Arlington, Bennington, Burlington, Castleton, Chester, Colchester, Dover, East Montpelier, Enosburg Falls, Essex, Fair Haven, Fairfield, Franklin, Hardwick, Hartford, Hinesburg, Jericho, Lake Champlain causeway, Manchester, Middlebury, Milton, Montpelier-Berlin, Moretown, Norwich, Pittsford, Plainfield, Pownal, Richford, Royalton, Rutland City, South Burlington, Springfield, Stowe, Sheldon, Swanton, Thetford, Underhill, Waitsfield, Waterbury, West Rutland, Williston, and Winooski.

(3) Transportation Alternatives Program. This act provides for a fiscal year expenditure of \$4,085,772.00, which will fund 21 transportation alternatives construction projects and 14 design or right-of-way projects, or both. Of these 35 projects, 12 involve environmental mitigation related to clean water or stormwater concerns, or both, and the remaining 23 involve bicycle and pedestrian facilities. Projects are funded in Bennington, Brandon, Burlington, Castleton, Chester, Colchester, East Montpelier, Enosburg, Essex, Essex Junction, Hartford, Hyde Park, Jericho, Montpelier, Newfane, Pomfret, Putney, Rutland City, Shelburne, South Burlington, Springfield, St. Albans, St. Johnsbury, Thetford, Williston, Wilmington, and Winooski.

(4) Public Transit Program. This act authorizes \$36,824,399.00 in funding for public transit uses throughout the State, which is a 17.2 percent increase over fiscal year 2019 levels. This authorization includes \$1,884,000.00 for two large all-electric transit buses for the Burlington area, \$480,000.00 for two all-electric small shuttle buses for the Montpelier area, and \$3,000,000.00 from the Federal Transit Authority that flows through the State directly to the Green Mountain Transportation Authority. Also included in the authorization are:

(A) Go! Vermont at \$858,434.00, which supports the promotion and use of carpools and vanpools.

(B) Barre Transit Expansion at \$275,000.00, which increases service available through Barre Transit.

(C) Capital Commuters at \$100,000.00, which provides discounted bus passes to those commuting to work in Montpelier.

(D) Vermont Kidney Association Grant at \$50,000.00, which supports the transit needs of Vermonters in need of dialysis services.

(5) Rail Program. This act authorizes \$35,983,865.00 for passenger and freight rail uses throughout the State, which is an 11 percent increase over fiscal year 2019 levels. This authorization includes \$5,200,000.00 for infrastructure upgrades to bring passenger rail service to Burlington from Rutland and \$8,300,000.00 to support Amtrak service. Since one freight rail car holds the equivalent of four tractor trailer trucks, increased usage of freight rail lines will reduce carbon emissions and minimize wear and tear on the State's highway network.

(6) Multi-Modal Facilities Program. This act authorizes \$1,250,000.00 to complete the \$7,750,000.00 multi-modal transit center, bike path, and pedestrian facility in Montpelier.

(7) Transformation of the State Vehicle Fleet. The State Vehicle Fleet, which is under the management of the Department of Buildings and General Services, contains 734 vehicles. Presently, 54 of those vehicles are hybrid or plug-in electric vehicles. Secs. 40, 41, and 42 of this act will requires that not less than 50 percent of vehicles purchased or leased by the Department of Buildings and General Services on or after July 1, 2019 be hybrid or plug-in electric vehicles, and not less than 75 percent beginning July 1, 2021.

(8) Vehicle incentive and emissions repair programs. Sec. 34 of this act authorizes \$1,500,000.00 to support two programs.

(A) Plug-in electric vehicle incentive program. This program will offer financial incentives to income-eligible Vermont households purchasing or leasing new plug-in electric vehicles. As more fully described in Sec. 34 of this act, the Agency of Transportation will administer this program, which will be offered on a first-come first-served basis until the funds are exhausted.

(B) High fuel efficiency vehicle incentive and emissions repair program. This program will offer financial incentives to income-eligible Vermont households to replace older, fuel inefficient vehicles with used high fuel efficiency vehicles, including hybrid vehicles, and emissions repair vouchers for certain vehicles that failed the on board diagnostic (OBD) systems inspection but could, with less than \$2,500.00 in emissions repair work, pass the OBD systems inspection. As more fully described in Sec. 34 of this act, the Agency of Transportation will administer this program, which will target incentives to households that are served by the State's network of community action agencies. These households, for whom the purchase of new plug-in electric vehicles is financially out of reach, will benefit financially by switching to far more efficient vehicles as envisioned by this program or having emissions repair work done to their existing vehicle.

(9) Report on methods to increase public transit ridership. This act, through the spending authorization for the Policy and Planning Program, includes funding for and direction to the Agency of Transportation to conduct a comprehensive study of strategies to increase public transit ridership, with an emphasis on rural areas.

(10) Report on time-of-acquisition feebates. This act, through the spending authorization for the Policy and Planning Program, includes funding for and directs the Agency of Transportation to conduct a study on time-of-acquisition feebates and make a recommendation on whether Vermont should establish a time-of-acquisition feebate program on the purchase and lease, if applicable, of new vehicles. Such a program would establish one or more levels of fuel efficiency based on miles per gallon or miles per gallon equivalent and provide an immediate cash incentive for vehicles that exceed that level, or levels, or assess a financial fee on vehicles that perform less than the established level, or levels.

(11) Report on weight-based annual registration fees. This act, through the spending authorization for the Policy and Planning Program, includes funding for and directs the Agency of Transportation to conduct a study on whether Vermont should establish an annual vehicle registration fee schedule based upon the weight of the vehicle. As gas sales decline, revenues to support transportation infrastructure will continue to decline if not replaced with another source reflecting impact on roads, the environment, and State policies.

(12) Plug-in electric vehicle charging regulatory report. This act lays the groundwork for a regulatory structure in support of transportation electrification. The policies in this act, combined with impending action at the Public Utility Commission, will provide predictability for plug-in electric vehicle owners and the sustainability of Vermont's transportation infrastructure.

(13) Electrification of the State's motor vehicle fleet. This act, in concert with the Big Bill, appropriates \$512,000.00 to electrify the State's motor vehicle pool. The expenditures support the purchase of 12 fully electric vehicles and electric vehicle supply equipment at the following State facilities:

(A) 134 State St., Montpelier;

(B) Rutland;

(C) Springfield; and

(D) Barre.

(14) Transportation and Climate Initiative (TCI). This act, through the spending authorization for the Policy and Planning Program, supports staff work in collaboration with the Agency of Natural Resources to negotiate the Transportation and Climate Initiative agreement with other participating jurisdictions. TCI jurisdictions are negotiating a regional low-carbon transportation policy proposal that would cap and reduce carbon emissions from the combustion of transportation fuels through a cap-and-invest program or other pricing mechanism and allow each TCI jurisdiction to invest proceeds from the program into low-carbon and more resilient transportation infrastructure.

(a) Vehicle incentive and emissions repair programs administration. The Agency of Transportation (Agency), in consultation with the Agency of Natural Resources, the Agency of Human Services, the Department of Public Service, Vermont electric distribution utilities that are offering incentives for PEVs, and the State’s network of community action agencies, shall establish and administer the programs described in subsections (b) and (c) of this section. The Agency is authorized to spend \$1,500,000.00 on the two programs. Subject to State procurement requirements, the Agency may retain a contractor or contractors to assist with marketing, program development, and

administration of the two programs and up to \$150,000.00 of program funding may be set aside for this purpose. The Agency shall annually evaluate the two programs to gauge effectiveness and submit a written report on the effectiveness of the programs to the House and Senate Committees on Transportation, the House Committee on Energy and Technology, and the Senate Committee on Finance on or before the 31st day of December in each year that an incentive or repair voucher is provided through one of the programs.

(b) Electric vehicle incentive program. A new PEV purchase and lease incentive program for Vermont residents shall structure PEV purchase and lease incentive payments by income to help all Vermonters benefit from electric driving, including Vermont's most vulnerable. Specifically, the program shall:

(1) apply to both purchases and leases of new PEVs with an emphasis on creating and matching incentives for exclusively electric powered vehicles that do not contain an onboard combustion engine;

(2) provide incentives to Vermont households with low and moderate income at or below 140 percent of the State's prior five-year average Median Household Income (MHI) level; and

(3) apply to manufactured PEVs with a Base Manufacturer's Suggested Retail Price (MSRP) of \$40,000.00 or less.

(c) High fuel efficiency vehicle incentive and emissions repair program. A used high fuel efficiency vehicle purchase incentive and emissions repair program for Vermont residents shall structure high fuel efficiency purchase incentive payments and emissions repair vouchers by income to help all Vermonters benefit from more efficient driving, including Vermont's most vulnerable. Specifically, the program shall:

(1) apply to purchases of used high fuel efficient motor vehicles, which for purposes of this program shall be pleasure cars with a combined city/highway fuel efficiency of at least 40 miles per gallon or miles per gallon equivalent as rated by the Environmental Protection Agency when the vehicle was new, and repairs of certain vehicles that failed the on board diagnostic (OBD) systems inspection;

(2) base eligibility on the same criteria used for income qualification for weatherization services through the Weatherization Program and provide vouchers through the State's network of community action agencies; and

(3) provide one of the following to qualifying individuals:

(A) a point-of-sale voucher of up to \$5,000.00 to assist in the purchase of a used high fuel efficient motor vehicle that may require that a condition of the voucher be that if the individual is the owner of either a motor vehicle that failed the OBD systems inspection or a motor vehicle that is more than 15 years old and has a combined city/highway fuel efficiency of less than 25 miles per gallon as rated by the Environmental Protection Agency when the vehicle was new that the vehicle will be removed from operation and either donated to a non-profit organization to be used for parts or destroyed; or

(B) a point-of-repair voucher to repair a motor vehicle that was ready for testing, failed the OBD systems inspection, requires repairs that are not under warranty, and will be able to pass the State's vehicle inspection once the repairs are made provided that the point-of-repair voucher is commensurate with the fair market value of the vehicle to be repaired and does not exceed \$2,500.00, with \$2,500.00 vouchers only being available to repair vehicles with a fair market value of at least \$5,000.00.

* * * Public Utility Commission Report * * *

Sec. 35. PUBLIC UTILITY COMMISSION TARIFF DESIGN REPORT

As a follow up to the report due on or before July 1, 2019, the Public Utility Commission, in consultation with those Vermont electric distribution utilities that wish to participate, the Agency of Transportation, the Department of Public Service, and Efficiency Vermont, shall report back to the Senate Committees on Transportation and on Natural Resources and Energy and the House Committees on Transportation and on Energy and Technology on or before December 15, 2019 concerning the steps necessary to implement fees on PEV charging if fees are to be collected on PEV charging:

(1) Fees and assessments. Whether or not electric distribution utilities should collect both a transportation efficiency fee, as defined in subdivision (A) of this subdivision, and a transportation infrastructure assessment, as defined in subdivision (B) of this subdivision, or just a transportation infrastructure assessment and how best to implement:

(A) A transportation efficiency fee. A per-kWh transportation efficiency fee on electricity provided by an electric distribution utility for electric vehicle supply equipment equal to the energy efficiency charge rate set by the Commission, and to be charged instead of an energy efficiency charge; and

(B) A transportation infrastructure assessment. A per-kWh transportation infrastructure assessment on electricity provided by an electric distribution utility for electric vehicle supply equipment.

(2) Electric vehicle charging tariff design. The design of an electric vehicle charging tariff for electric utilities with more than 17,000 customers, and other electric utilities at their discretion, that allows a customer, including a company that owns and operates electric vehicle supply equipment, to purchase electricity solely to charge a plug-in electric vehicle. The report should consider whether the tariff should:

(A) contain either a time-of-day or off-peak rate, as elected by the electric utility that takes advantage of lower-cost electricity and minimizes adverse grid effects and investment costs, maximizes the grid benefits of PEV charging, including electric distribution utility control of charging, and reduces the negative environmental effects of burning fossil fuels for transportation and electrical generation;

(B) include the per-kWh transportation efficiency fee;

(C) include the per-kWh transportation infrastructure assessment;

(D) offer a customer the option to purchase electricity from the utility's current mix of energy supply sources or entirely from renewable energy sources;

(E) include a mechanism to allow the recovery of costs reasonably necessary to comply with electric vehicle charging tariff setting, such as costs to inform and educate customers about the financial, energy conservation, and environmental benefits of electric vehicles and to publicly advertise and promote participation in a customer-optional tariff;

(F) provide for clear and transparent customer billing statements including the amount of energy consumed under the tariff;

(G) incorporate any necessary costs of metering or submetering within the rate charged to the customer; and

(H) factor in other considerations as the Commission deems appropriate.

(3) Reporting by electric distribution utilities. Whether there should be a mandatory periodic report from electric distribution utilities to the Commission and what should be included in those reports, consideration should be given to:

(A) participation and impact highlights, including participation levels and new electric vehicle supply equipment installed by county;

(B) the overall costs and benefits of the tariff, including any changes or issues encountered during the reporting period; and

(C) other data required by the Commission.

(4) Incremental revenue and costs. The amount of incremental revenue to electric distribution utilities expected to be generated by PEVs and all other financial benefits that PEVs may bring to electric distribution utilities over the next 10 years, whether there are necessary costs and technical feasibility problems to meter PEV charging separate from other electrical demand on the same account, and all other costs expected to be incurred by the electric distribution utilities related to PEV deployment and associated infrastructure.

(5) Net metering. How to address the use of net metering energy and net metering energy credits for electric vehicle supply equipment.

* * * Reporting by the Agency of Agriculture, Food and Markets * * *

Sec. 36. REPORTING BY THE AGENCY OF AGRICULTURE, FOOD AND MARKETS

(a) The Agency of Agriculture, Food and Markets shall file a written report with the Senate Committees on Transportation and on Finance and the House Committees on Transportation and on Ways and Means on or before December 1, 2019 that provides an update on the National Institute of Standards and Technology's progress towards adopting a code on electric vehicle fueling systems and makes a recommendation for an annual licensing fee for electric vehicle supply equipment available to the public for inclusion in 9 V.S.A. § 2730(f)(1).

(b) If the National Institute of Standards and Technology has not adopted a code on electric vehicle fueling systems by December 1, 2020 then the Agency of Agriculture, Food and Markets shall file a written report with the House and Senate Committees on Transportation on or before December 1, 2020 that provides an update on the National Institute of Standards and Technology's progress towards adopting a code on electric vehicle fueling systems.

and implementation of a fully integrated workforce development system, it is the purpose of the General Assembly to explore the creation of a fully integrated adult career and technical education system that:

(A) provides Vermonters throughout the State with high quality programs that are standardized, replicable, and offered with regularity and consistency;

(B) coordinates, or integrates where appropriate, the many programs and providers to maximize the efficient use of training resources; and

(C) features a governance structure that provides consistency across the system whenever appropriate, but also provides the flexibility necessary to respond to local and regional workforce demands.

(b) Report. On or before January 15, 2020, the Department of Labor shall design a coordinated plan for an integrated postsecondary career and technical education system, and shall provide a progress report and request for any necessary legislative changes to the House and Senate committees of jurisdiction, in consultation with the following stakeholders:

The House concurs in the Senate proposal of amendment with further proposal of amendment thereto as follows:

First: By inserting a Sec. 7a and 7b to read as follows:

Sec. 7a. 32 V.S.A. § 5833 is amended to read:

§ 5833. ALLOCATION AND APPORTIONMENT OF INCOME

(a) If the income of a taxable corporation is derived from any trade, business, or activity conducted entirely within this State, the Vermont net income of the corporation shall be allocated to this State in full. If the income of a taxable corporation is derived from any trade, business, or activity conducted both within and outside this State, the amount of the corporation's Vermont net income ~~which~~ that shall be apportioned to this State, so as to allocate to this State a fair and equitable portion of that income, shall be determined by multiplying that Vermont net income by the arithmetic average of the following factors, with the sales factor described in subdivision (3) of this subsection double-weighted:

(1) The average of the value of all the real and tangible property within this State (A) at the beginning of the taxable year and (B) at the end of the taxable year (but the Commissioner may require the use of the average of such value on the 15th or other day of each month, in cases where he or she determines that such computation is necessary to more accurately reflect the

average value of property within Vermont during the taxable year), expressed as a percentage of all such property both within and outside this State;

(2) The total wages, salaries, and other personal service compensation paid during the taxable year to employees within this State, expressed as a percentage of all such compensation paid whether within or outside this State;

(3) The gross sales, or charges for services performed, within this State, expressed as a percentage of such sales or charges whether within or outside this State.

(A) Sales of tangible personal property are made in this State if:

(i) the property is delivered or shipped to a purchaser, other than the ~~United States~~ U.S. government, who takes possession within this State, regardless of f.o.b. point or other conditions of sale; or

(ii) the property is shipped from an office, store, warehouse, factory, or other place of storage in this State; and

~~(A)(I)~~ the purchaser is the ~~United States~~ U.S. government; or

~~(B)(II)~~ the corporation is not taxable in the State in which the purchaser takes possession. ~~Sales other than sales of tangible personal property are in this State if the income producing activity is performed in this State or the income producing activity is performed both in and outside this State and a greater proportion of the income producing activity is performed in this State than in any other state, based on costs of performance.~~

(B) Sales, other than the sale of tangible personal property, are in this State if the taxpayer's market for the sales is in this State. The taxpayer's market for sales is in this State:

(i) in the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this State;

(ii) in the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this State;

(iii) in the case of sale of a service, if and to the extent the service is delivered to a location in this State; and

(iv) in the case of intangible property:

(I) that is rented, leased, or licensed, if and to the extent the property is used in this State, provided that intangible property utilized in marketing a good or service to a consumer is "used in this State" if that good or service is purchased by a consumer who is in this State; and

(II) that is sold, if and to the extent the property is used in this State, provided that:

(aa) a contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is “used in this State” if the geographic area includes all or part of this State;

(bb) receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under subdivision (iv)(I) of this subdivision (B); and

(cc) all other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the receipts factor.

(C) If the state or states of assignment under subdivision (B) of this subsection cannot be determined, the state or states of assignment shall be reasonably approximated.

(D) If the taxpayer is not taxable in a state to which a receipt is assigned under subdivision (B) or (C) of this subsection, or if the state of assignment cannot be determined under subdivision (B) of this subsection or reasonably approximated under subdivision (C) of this subsection, such receipt shall be excluded from the denominator of the receipts factor.

(E) The Commissioner of Taxes shall adopt regulations as necessary to carry out the purposes of this section.

(b) If the application of the provisions of this section does not fairly represent the extent of the business activities of a corporation within this State, the corporation may petition for, or the Commissioner may require, with respect to all or any part of the corporation’s business activity, if reasonable:

(1) ~~Separate~~ separate accounting;

(2) ~~The~~ the exclusion or modification of any or all of the factors;

(3) ~~The~~ the inclusion of one or more additional factors ~~which~~ that will fairly represent the corporation’s business activity in this State; or

(3) in consultation with the Vermont Banker's Association, compare the impact of the current bank franchise tax to the impact of a taxing regime where there is no bank franchise tax, and financial institutions pay the Vermont corporate tax based on Vermont's current apportionment factors with the market-based sourcing changes made in this act; and

(4) examine alternatives to Vermont's corporate income tax which could more accurately capture corporate economic activity within Vermont, focusing particularly on corporations who conduct business in the State, but who have little or no taxable income.

Sec. 1. 9 V.S.A. chapter 152 is added to read:

CHAPTER 152. MODEL STATE CONSUMER JUSTICE ENFORCEMENT
ACT; STANDARD-FORM CONTRACTS

§ 6051. UNCONSCIONABLE TERMS IN STANDARD-FORM
CONTRACTS PROHIBITED

(a) Unconscionable terms. There is a rebuttable presumption that the following contractual terms are substantively unconscionable when included in a standard-form contract to which only one of the parties to the contract is an individual and that individual does not draft or have a meaningful opportunity to negotiate the contract:

(1) A requirement that resolution of legal claims takes place in an inconvenient venue. As used in this subdivision, “inconvenient venue” for State law claims means a place other than the state in which the individual resides or the contract was consummated, and for federal law claims means a place other than the federal judicial district where the individual resides or the contract was consummated. Notwithstanding this subdivision, a standard-form

contract may include a term requiring that resolution of legal claims takes place in a State or federal court in Vermont.

(2) A waiver of the individual's right to seek punitive damages as provided by law.

(3) Pursuant to 12 V.S.A. § 465, a provision that limits the time in which an action may be brought under the contract or that waives the statute of limitations.

(4) A requirement that the individual pay fees and costs to bring a legal claim substantially in excess of the fees and costs that this State's courts require to bring such a State law claim or that federal courts require to bring such a federal law claim.

(b) Relation to common law and the Uniform Commercial Code. In determining whether the terms described in subsection (a) of this section are unenforceable, a court shall consider the principles that normally guide courts in this State in determining whether unconscionable terms are enforceable. Additionally, the common law and Uniform Commercial Code shall guide courts in determining the enforceability of unfair terms not specifically identified in subsection (a) of this section.

(c) Severability.

(1) If a court finds that a standard-form contract contains an illegal or unconscionable term, the court shall:

(A) refuse to enforce the entire contract or the specific part, clause, or provision containing the illegal or unconscionable term; or

(B) so limit the application of the illegal or unconscionable term or the clause containing such term as to avoid any illegal or unconscionable result.

(2) In performing its analysis under this subsection (c), the court may consider the actual purposes of the contracting parties and whether severing the term would create an incentive for contract drafters to include similar illegal or unconscionable terms.

(d) Unfair and deceptive act and practice.

(1) In an underlying legal dispute between the drafting and nondrafting parties in which the drafting party seeks to enforce one or more terms identified in subsection (a) of this section, and upon a finding that such terms are actually unconscionable, the court may also find that the drafting party has thereby committed an unfair and deceptive practice in violation of section

2453 of this title and may order up to \$1,000.00 in statutory damages per violation and an award of reasonable costs and attorney's fees.

(2) Each term found to be unconscionable pursuant to subsection (a) of this section shall constitute a separate violation of this section.

(e) Limitation on applicability. This section shall not apply to the following contracts:

(1) A contract to which one party is:

(A) regulated by the Vermont Department of Financial Regulation; or

(B) a financial institution as defined by 8 V.S.A. § 11101(32) or a credit union as defined by 8 V.S.A. § 30101(5).

(2) A contract for the nondrafting party's enrollment or participation in a recreational activity, sport, or competition.

(3) A motor vehicle retail installment contract subject to chapter 59 of this title.

Sec. 2. EFFECTIVE DATE

This act shall take effect on October 1, 2020.

Thereupon, pending the question, Shall the Senate concur in the House proposal of amendment?, on motion of Senator Sears, the Senate refused to concur in the House proposal of amendment and requested a Committee of Conference.

§ 4201. SHORT TITLE

This chapter may be cited as the Automated Vehicle Testing Act.

§ 4202. DEFINITIONS

As used in this chapter:

(1) “Automated driving system” means the hardware and software that are collectively capable of performing the entire dynamic driving task within its operational design domain, if any, including achieving a minimal risk condition, without any intervention or supervision by a conventional human driver.

(2) “Automated vehicle” means a motor vehicle that is equipped with an automated driving system.

(3) “Automated vehicle tester” or “tester” means an individual, company, public agency, or other organization that is testing automated vehicles on public highways in this State pursuant to this chapter including an automated vehicle manufacturer, municipal or State agency, institution of higher education, fleet service provider, or automotive equipment or technology provider.

(4) “Conventional human driver” means an individual who manually engages in-vehicle braking, accelerating, steering, and transmission gear selection input devices in order to operate a vehicle.

(5) “Dynamic driving task” means all the real-time operational and tactical functions required to operate a vehicle in on-road traffic within its specific operational design domain, if any, excluding the strategic functions such as trip scheduling and selection of destinations and waypoints.

(6) “Highly automated vehicle” means a vehicle equipped with an automated driving system capable of performing all aspects of the dynamic driving task within its operational design domain, if any, including achieving a minimal risk condition, without any intervention or supervision by a conventional human driver.

(7) “Manufacturer” means an individual or company that designs, produces, or constructs vehicles or equipment. Manufacturers include original equipment manufacturers (OEMs), multiple and final stage manufacturers, individuals or companies making changes to a completed vehicle before first retail sale or deployment (upfitters), and modifiers (individuals or companies making changes to existing vehicles after first retail sale or deployment).

(8) “Minimal risk condition” means a condition in which an automated vehicle operating without a human driver, upon experiencing a failure of its automated driving system that renders the automated vehicle unable to perform the dynamic driving task, achieves a reasonably safe state that may include bringing the automated vehicle to a complete stop.

(9) “Operational design domain” means a description of the specific domain or domains in which an automated driving system is designed to properly operate, including types of roadways, ranges of speed, weather, time of day, and environmental conditions.

(10) “Operator” means an individual employed by or under contract with an automated vehicle tester who has successfully completed the tester’s training on safe driving and the capabilities and limitations of the automated vehicle and automated driving system, can take immediate manual or remote control of the automated vehicle being tested, is 21 years of age or older, and holds an operator’s license for the class of vehicle being tested.

(11) “Public highway” means a State or municipal highway as defined in 19 V.S.A. § 1(12).

§ 4203. TESTING OF AUTOMATED VEHICLES ON PUBLIC HIGHWAYS

(a) An automated vehicle shall not be operated on public highways for testing until the Traffic Committee as defined in 19 V.S.A. § 1(24) approves a permit application for automated vehicle testers that defines the geographic scope and operational design domain for the test and demonstrates the ability of the automated vehicle tester to comply with the requirements of this section.

(b) Prior to approving a permit application, the Traffic Committee will conduct a hearing to provide for comments from the public. Legislative bodies of the municipalities where an automated vehicle will be tested shall be notified by the Traffic Committee 60 calendar days prior to the Traffic Committee hearing when the geographic scope of the test includes State highways or Class 1, 2, 3, or 4 Town Highways, as classified pursuant to 19 V.S.A. § 302, within the geographic boundaries of the municipality.

(c) The Traffic Committee is authorized to approve the testing of automated vehicles on:

(1) All State highways and Class 1 Town Highways.

(2) Class 2, 3, and 4 Town Highways within the geographic boundaries of municipalities that have preapproved testing of automated vehicles on Class 2, 3, and 4 Town Highways within the geographic boundaries of the municipality as of the date the permit application for automated vehicle testing is filed. A municipality may immediately revoke its preapproval of automated vehicle testing by notifying the Secretary of Transportation in writing that it no longer wishes to allow testing of automated vehicles on Class 2, 3, and 4 Town Highways within the geographic boundaries of the municipality.

(d) The Agency of Transportation's Automated Vehicle Testing Guide shall include a list of municipalities that have preapproved testing of automated vehicles and shall update the Automated Vehicle Testing Guide within 10 business days after a municipality notifies the Secretary of Transportation in writing that it now wishes to allow testing of automated vehicles on Class 2, 3, and 4 Town Highways within the geographic boundaries of the municipality or no longer wishes to allow testing of automated vehicles on Class 2, 3, and 4 Town Highways within the geographic boundaries of the municipality.

(e) The Traffic Committee has the sole authority to approve specific test permit applications. Municipal approval of specific testing permits is not required. Notwithstanding subdivision (c)(2) of this section, after a test permit has been approved by the Traffic Committee, all modifications to the operational design domain or other permit conditions, including changes

affecting town highways in a preapproved testing municipality, requires approval by the Traffic Committee.

(f) Before a test commences, the Traffic Committee shall make approved automated vehicle test permits readily available to law enforcement and municipalities within the geographic scope of the operational design domain designated in the permit.

(g) The automated vehicle tester shall submit a report to the Traffic Committee annually, until all testing ceases, summarizing results and observations related to safety, traffic operations, interaction with roadway infrastructure, comments from the public, and any other relevant matters.

(h) An automated vehicle tester shall not test an automated vehicle on a public highway unless:

(1) The operator is:

(A) seated in the driver's seat of the automated vehicle;

(B) monitoring the operation of the automated vehicle; and

(C) capable of taking immediate manual control of such automated vehicle.

(C) has established and enforces a zero-tolerance policy for drug and alcohol use by operators while engaged in automated vehicle testing. The policy shall include provisions for investigations of alleged policy violations and the suspension of drivers under investigation; and

(D) has conducted background checks for all operators pursuant to section 751 of this title, which may be inspected by the Commissioner of Motor Vehicles or designee pursuant to section 752 of this title.

(3) The operator and automated vehicle tester:

(A) comply with applicable standards established by the National Highway Traffic Safety Administration regarding the testing of automated

vehicles or are capable of providing proof of exemptions or waivers to such standards;

(B) report to the Agency of Transportation and the applicable law enforcement agency within 72 hours after any motor vehicle crash involving the testing of the automated vehicle that results in personal injury or property damage; and

(C) satisfy any other requirements and permit conditions as determined by the Traffic Committee as necessary to ensure the safe operation of such automated vehicles.

(i) An automated vehicle testing permit may be voided and invalidated for the trip by a law enforcement officer who determines there is a violation of any condition specified in the terms of the automated vehicle test permit or that the continuation of the trip would be unsafe.

(j) An automated vehicle testing permit may be suspended or revoked by the Traffic Committee if, after the opportunity for a hearing, the Traffic Committee determines that there is a violation of any condition or conditions specified in the terms of the automated vehicle test permit that warrants the suspension or revocation of the testing permit or that the continuation of the testing would be unsafe.

(k) Operating or testing in violation of a suspension or revocation order shall be a traffic violation for which there shall be a penalty of not more than \$1,000.00.

(l) Test vehicles must be capable of operating in compliance with applicable traffic and motor vehicle laws of this State, subject to this subchapter.

(m) An individual shall not operate, attempt to operate, or be in actual physical control of an automated vehicle being tested on a public highway when the individual's blood alcohol concentration is 0.02 or more.

House Proposal of Amendment Concurred In with Amendment

S. 112.

House proposal of amendment to Senate bill entitled:

An act relating to earned good time.

Was taken up.

The House proposes to the Senate to amend the bill by striking all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS; INTENT

(a) The General Assembly finds that:

(1) For nearly 40 years, Vermont had a system of statutory good time that permitted offenders to receive reductions in their sentences for maintaining good behavior and participating in programming while in the custody of the Commissioner of Corrections. This good time system was repealed in 2005.

(2) In 2018, the General Assembly directed the Commissioner of Corrections, in consultation with the Chief Superior Judge, the Attorney General, the Executive Director of the Department of Sheriffs and State's Attorneys, and the Defender General, to submit a report (the Report) to the Legislature on the advisability and feasibility of reinstating a system of earned good time for persons under Department of Corrections supervision. The Report was filed on November 15, 2018.

(3) In the Report, the Commissioner found that:

(A) empirical studies show that earned good time is effective at prison population management, has little to no community impact or effect on public safety, and is perceived by correctional administrators as having a positive impact on facility control;

(B) earned good time reduces incarceration costs by an amount ranging from \$1,800.00 to \$5,500.00 per inmate, depending on the number of days an inmate's sentence is reduced; and

(C) although research is mixed, studies show that earned good time can result in a crime rate reduction of 1–3.5 percent.

(4) On the basis of the Report's findings, the Commissioner concluded that the Department should "reinstigate a program of earned good time for sentenced inmates and individuals on furlough."

(5) In order to reduce the State's prison population by reintegrating offenders into the community while maintaining public safety, a system of earned good time should be reinstated in Vermont as soon as possible.

(b) It is the intent of the General Assembly that the earned good time program established pursuant to 28 V.S.A. § 818:

(1) be a simple and straightforward program that as much as possible minimizes complexities in implementation and management;

(2) relies on easily ascertainable and objective standards and criteria for awarding good time rather than subjectivity and the application of discretion by the Department of Corrections; and

(3) recognizes that there is a role in the correctional system for providing inmates with an incentive to reduce their sentences by adhering to Department of Corrections requirements.

Sec. 2. 28 V.S.A. § 818 is added to read:

§ 818. EARNED GOOD TIME; REDUCTION OF TERM

(a) On or before July 1, 2020, the Department of Corrections shall file a proposed rule pursuant to 3 V.S.A. chapter 25 implementing an earned good time program.

(b) The earned good time program implemented pursuant to this section shall comply with the following standards:

(1) The program shall be available for all sentenced offenders, including furloughed offenders, provided that the program shall not be available to offenders on probation or parole, to offenders eligible for a reduction of term pursuant to 28 V.S.A. § 811, or to offenders sentenced to life without parole.

(2) Offenders shall earn a reduction of five days in the minimum and maximum sentence for each month during which the offender:

(A) is not adjudicated of a major disciplinary rule violation; and

(B) is not reincarcerated from the community for a violation of release conditions, provided that an offender who loses a residence for a reason other than fault on the part of the offender shall not be deemed reincarcerated under this subdivision.

(3) An offender who receives post-adjudication treatment in a residential setting for a substance use disorder shall earn a reduction of one day in the minimum and maximum sentence for each day that the offender receives the inpatient treatment. While a person is in residential substance abuse treatment, he or she shall not be eligible for good time except as provided in this subsection.

(4) The Department shall provide timely notice no less frequently than every 90 days to the offender and to any victim of record any time the offender receives a reduction in his or her term of supervision pursuant to this section, and the Department shall maintain a system that documents and records all such reductions in each offender's permanent record.

(5) The program shall become effective upon the Department's adoption of final proposed rules pursuant to 3 V.S.A. § 843.

Sec. 3. 28 V.S.A. § 819 is added to read:

§ 819. MERITORIOUS GOOD TIME

(a) Notwithstanding any other provision of law, the Commissioner may, in his or her discretion, award a reduction of up to 30 days in an offender's minimum and maximum sentence if the Commissioner determines that the offender has:

(1) acted to protect the life or safety of another person;

(2) performed an act that put the inmate in harm's way in order to protect or preserve the life of another person; or

(3) performed an act of heroism during an emergency.

(b) An award of meritorious good time under this section may be made to an inmate:

(1) sentenced or committed to the custody of the commissioner as defined in 28 V.S.A. § 701;

(2) furloughed as defined in 28 V.S.A. § 808;

(3) on parole as defined in 28 V.S.A. § 402; or

(4) on supervised community sentence as defined in 28 V.S.A. § 351.

(c) Within 30 days after an award of meritorious good time pursuant to this section, the Department's Victim Services Unit shall provide notice of the award and the newly effective minimum and maximum release dates to any victim of record.

Sec. 4. 13 V.S.A. § 7031 is amended to read:

§ 7031. FORM OF SENTENCES; MAXIMUM AND MINIMUM TERMS

* * *

(b) The sentence of imprisonment of any person convicted of an offense shall commence to run from the date on which the person is received at the correctional facility for service of the sentence. The court shall give the person credit toward service of his or her sentence for any days spent in custody as follows:

(1) The period of credit for concurrent and consecutive sentences shall include all days served from the date of arraignment or the date of the earliest detention for the offense, whichever occurs first, and end on the date of the sentencing. Only a single credit shall be awarded in cases of consecutive

sentences, and no credit for one period of time shall be applied to a later period.

(2) In sentencing a violation of probation, the court shall give the person credit for any days spent in custody from the time the violation is filed or the person is detained on the violation, whichever occurs first, until the violation is sentenced. In a case in which probation is revoked and the person is ordered to serve the underlying sentence, the person shall receive credit for all time previously served in connection with the offense.

(3) A defendant who has received pre-adjudication treatment in a residential setting for a substance use disorder after the charge has been filed shall earn a reduction of one day in the offender's minimum and maximum sentence for each day that the offender receives the inpatient treatment.

* * *

Sec. 5. APPLICABILITY OF EARNED GOOD TIME; REPORT

On or before December 15, 2019, the Commissioner of Corrections, in consultation with the Chief Superior Judge, the Attorney General, the Executive Director of the Department of Sheriffs and State's Attorneys, the Defender General, and the Executive Director of the Center for Crime Victim's Services shall report to the Senate and House Committees on Judiciary, the Senate Committee on Institutions, and the House Committee on Corrections and Institutions a proposal for the availability of earned good time. The proposal required by this section shall recommend whether the earned good time program required by 28 V.S.A. § 818 should, in addition to being available to offenders sentenced on or after the date the program becomes effective, also be available to offenders in the custody of the Commissioner of Corrections who were sentenced before the effective date of the program.

Sec. 6. PRESUMPTIVE PAROLE; REPORT

(a) On or before December 15, 2019, the Department of Corrections and the Parole Board shall report to the House Committee on Corrections and Institutions and the House and Senate Committees on Judiciary a proposal for implementing a system of presumptive parole for inmates in the custody of the Commissioner of Corrections.

(b) The proposal developed pursuant to this section shall:

(1) address who is eligible for presumptive parole;

(2) address how presumptive parole would affect good time;

(3) provide a presumption that an eligible inmate who is serving a sentence of imprisonment shall be released on parole upon completion of the inmate's minimum sentence; and

(4) describe how the Department of Corrections may rebut the presumption of parole and what standard the Parole Board would use to decide whether parole should be granted.

(c) The Department of Corrections and the Parole Board shall consult with the Attorney General and the Defender General in developing the proposal required by this section.

(d) The Department of Corrections and the Parole Board shall provide regular interim reports to the Joint Legislative Justice Oversight Committee on its progress toward developing the proposal required by this section.

Sec. 7. SUNSET; MERITORIOUS GOOD TIME; REPORT

(a) 28 V.S.A. § 819 (meritorious good time) shall be repealed on July 1, 2021.

(b)(1) On or before December 15, 2020, the Department of Corrections shall provide a report on the meritorious good time program established pursuant to 28 V.S.A. § 819 to the House Committee on Corrections and Institutions and the House and Senate Committees on Judiciary.

(2) The report required by this subsection shall include:

(A) the number of offenders who have been awarded a meritorious good time sentence reduction and the basis for each reduction; and

(B) an evaluation of the program and any recommended changes.

Sec. 8. EFFECTIVE DATE

This act shall take effect on passage.

Thereupon, pending the question, Shall the Senate concur in the House proposal of amendment?, Senators Sears, Baruth, Benning, Nitka and White moved that the Senate concur in the House proposal of amendment with further amendment as follows:

(B) earned good time reduces incarceration costs by an amount ranging from \$1,800.00 to \$5,500.00 per inmate, depending on the number of days an inmate's sentence is reduced; and

(C) although research is mixed, studies show that earned good time can result in a crime rate reduction of 1–3.5 percent.

(4) On the basis of the Report's findings, the Commissioner concluded that the Department should "reinstigate a program of earned good time for sentenced inmates and individuals on furlough."

(5) In order to reduce the State's prison population by reintegrating offenders into the community while maintaining public safety, a system of earned good time should be reinstated in Vermont as soon as possible.

(b) It is the intent of the General Assembly that the earned good time program established pursuant to 28 V.S.A. § 818:

(1) be a simple and straightforward program that as much as possible minimizes complexities in implementation and management;

(2) relies on easily ascertainable and objective standards and criteria for awarding good time rather than subjectivity and the application of discretion by the Department of Corrections; and

(3) recognizes that there is a role in the correctional system for providing inmates with an incentive to reduce their sentences by adhering to Department of Corrections requirements.

Sec. 2. 28 V.S.A. § 818 is added to read:

§ 818. EARNED GOOD TIME; REDUCTION OF TERM

(a) On or before July 1, 2020, the Department of Corrections shall file a proposed rule pursuant to 3 V.S.A. chapter 25 implementing an earned good time program.

(b) The earned good time program implemented pursuant to this section shall comply with the following standards:

(1) The program shall be available for all sentenced offenders, including furloughed offenders, provided that the program shall not be available to offenders on probation or parole, to offenders eligible for a reduction of term pursuant to 28 V.S.A. § 811, or to offenders sentenced to life without parole.

(2) Offenders shall earn a reduction of five days in the minimum and maximum sentence for each month during which the offender:

(A) is not adjudicated of a major disciplinary rule violation;

(B) is not reincarcerated from the community for a violation of release conditions, provided that an offender who loses a residence for a reason other than fault on the part of the offender shall not be deemed reincarcerated under this subdivision; and

(C) complies with a merit-based system designed to incentivize offenders to meet milestones identified by the Department that prepare offenders for reentry, if the offender has received a sentence of greater than one year.

(3) An offender who receives post-adjudication treatment in a residential setting for a substance use disorder shall earn a reduction of one day in the minimum and maximum sentence for each day that the offender receives the inpatient treatment. While a person is in residential substance abuse treatment, he or she shall not be eligible for good time except as provided in this subsection.

(4) The Department shall provide timely notice no less frequently than every 90 days to the offender and to any victim of record any time the offender receives a reduction in his or her term of supervision pursuant to this section, and the Department shall maintain a system that documents and records all such reductions in each offender's permanent record.

(5) The program shall become effective upon the Department's adoption of final proposed rules pursuant to 3 V.S.A. § 843.

Sec. 3. 28 V.S.A. § 819 is added to read:

§ 819. EXTRAORDINARY GOOD TIME

(a) Notwithstanding any other provision of law, the Commissioner may, in his or her discretion, award a reduction of up to 30 days in an offender's minimum and maximum sentence if the Commissioner determines that the offender has:

(1) acted to protect the life or safety of another person;

(2) performed an act that put the inmate in harm's way in order to protect or preserve the life of another person; or

(3) performed an act of heroism during an emergency.

(b) An award of extraordinary good time under this section may be made to an inmate:

(1) sentenced or committed to the custody of the commissioner as defined in 28 V.S.A. § 701;

(2) furloughed as defined in 28 V.S.A. § 808;

(3) on parole as defined in 28 V.S.A. § 402; or

(4) on supervised community sentence as defined in 28 V.S.A. § 351.

(c) Within 30 days after an award of extraordinary good time pursuant to this section, the Department's Victim Services Unit shall provide notice of the award and the newly effective minimum and maximum release dates to any victim of record.

Sec. 4. 13 V.S.A. § 7031 is amended to read:

§ 7031. FORM OF SENTENCES; MAXIMUM AND MINIMUM TERMS

* * *

(b) The sentence of imprisonment of any person convicted of an offense shall commence to run from the date on which the person is received at the correctional facility for service of the sentence. The court shall give the person credit toward service of his or her sentence for any days spent in custody as follows:

(1) The period of credit for concurrent and consecutive sentences shall include all days served from the date of arraignment or the date of the earliest detention for the offense, whichever occurs first, and end on the date of the sentencing. Only a single credit shall be awarded in cases of consecutive sentences, and no credit for one period of time shall be applied to a later period.

(2) In sentencing a violation of probation, the court shall give the person credit for any days spent in custody from the time the violation is filed or the person is detained on the violation, whichever occurs first, until the violation is sentenced. In a case in which probation is revoked and the person is ordered to serve the underlying sentence, the person shall receive credit for all time previously served in connection with the offense.

(3) A defendant who has received pre-adjudication treatment in a residential setting for a substance use disorder after the charge has been filed shall earn a reduction of one day in the offender's minimum and maximum sentence for each day that the offender receives the inpatient treatment.

(c) The Department of Corrections and the Parole Board shall consult with the Attorney General and the Defender General in developing the proposal required by this section.
