OFFICE OF LEGISLATIVE INFORMATION TECHNOLOGY

115 State Street • Montpelier, VT 05633-5301

NOW HIRING: WEB DEVELOPER

The Office of Legislative Information Technology is seeking an outstanding Web Developer to work with legislative departments to design, develop, and implement high-quality solutions based upon a thorough analysis of workflows and business requirements

The Office of Legislative Information Technology is a small and collaborative team. Strong interpersonal skills and the ability to be a self-starter are critical to the success of any candidate. In addition to the standard compensation package, we also provide paid technical training and professional development opportunities.

This is a full-time, year-round, nonpartisan, exempt position with State of Vermont benefits.

REQUIRED EDUCATION/EXPERIENCE:
The ideal candidate will have proven development skills with a focus on innovative design and web applications, along with an eagerness to rapidly learn new technologies while delivering a superior work product to end users. A bachelor's degree in Computer Science (or related field) or comparable experience is preferred.

RESPONSIBILITIES:
- Write well-designed, efficient, and secure code by using best software development practices
- Create websites and web-based tools with a keen attention to UI/UX and cross-browser compatibility
- Integrate data from various back-end services and databases
- Gather and refine specifications and requirements based on direct client communications
- Create and maintain high-quality documentation
- Maintain and expand current and future websites and web-based tools
- Stay well-informed with industry trends and technologies and apply them as appropriate
- Work directly with a collaborative and diverse team of IT professionals

KNOWLEDGE, SKILLS, AND ABILITIES:
- Proficiency with modern web development languages including HTML 5, PHP, ASP.net, JavaScript, JQuery, and CSS
- Proficiency with database technologies, including MSSQL and MySQL
- Proven experience with database-driven web applications and organizational security frameworks
- Proven experience leveraging content management systems
- Experience with Visual Basic for Applications (VBA for Microsoft Word, Microsoft Access), VBScript, and other legacy tools is a plus!

APPLICATION PROCEDURE:
Please submit a resume and a cover letter describing how your education and experience make you well-suited for this position to: *ITApplication@leg.state.vt.us*. Include in your e-mail the subject line: "Web Developer". The resume and cover letter should be in MS Word or PDF format.

EQUAL OPPORTUNITY EMPLOYER:
The Office of Legislative Information Technology is an equal opportunity employer. Applications from women, individuals with disabilities, veterans, and people from diverse cultural backgrounds are encouraged. ADA accommodations will be provided upon request.
