

1 TO THE HONORABLE SENATE:

2 The Committee on Education to which was referred Senate Bill No. 279  
3 entitled “An act relating to radon testing in schools” respectfully reports that it  
4 has considered the same and recommends that the bill be amended by striking  
5 out all after the enacting clause and inserting in lieu thereof the following:

6 Sec. 1. 18 V.S.A. chapter 40 is added:

7 CHAPTER 40. RADON TESTING IN SCHOOLS

8 § 1791. DEFINITIONS

9 As used in this chapter:

10 (1) “School” means a public school or independent school as defined in  
11 16 V.S.A. § 11.

12 (2) “Facility” means all or any part of a building on a school’s campus  
13 deemed at high risk for elevated concentrations of radon by the Commissioner  
14 of Health or designee.

15 § 1792. MANDATORY RADON TESTING IN SCHOOLS

16 (a) The Department of Health shall perform a radon test on the facilities of  
17 at least 40 schools each year until each school in the State has been tested.  
18 Schools requesting that a radon test be performed by the Department shall be  
19 among the first schools tested. A school shall have its facilities tested no less  
20 frequently than every 15 years.

1        (b)(1) The Department shall provide a school’s principal or head of school

2        with:

3                (A) the results of the school’s radon test;

4                (B) information on the level at which the U.S. Environmental  
5        Protection Agency recommends taking action to reduce radon concentrations at  
6        school facilities; and

7                (C) information about the health effects of elevated radon  
8        concentrations on children.

9                (2) The school administrator shall share the test results and all  
10        information provided by the Department with parents, guardians, students,  
11        school employees, school volunteers, the school board, and any community  
12        representatives regularly present at the school.

13        Sec. 2. SCHOOL RADON REMEDIATION STUDY COMMITTEE

14                (a) Creation. There is created the School Radon Remediation Study  
15        Committee to explore funding opportunities for the remediation of elevated  
16        radon concentrations in schools.

17                (b) Membership. The Committee shall be composed of the following five  
18        members:

19                (1) the State Treasurer or designee;

20                (2) the Secretary of Education or designee;

21                (3) the Commissioner of Health or designee;

- 1           (4) a member appointed by the State School Boards Association; and  
2           (5) a member appointed by the Vermont Superintendents Association.

3           (c) Assistance. The Committee shall have the administrative, technical, and  
4           legal assistance of the Agency of Education.

5           (e) Report. On or before December 15, 2018, the Committee shall submit a  
6           written report to the House Committee on Education and to the Senate  
7           Committee on Education containing viable options for funding the remediation  
8           of elevated radon concentrations in schools.

9           (f) Meetings.

10           (1) The State Treasurer or designee shall call the first meeting of the  
11           Committee to occur on or before October 1, 2018.

12           (2) The Committee shall select a chair from among its members at the  
13           first meeting.

14           (3) The Committee shall cease to exist on December 31, 2018.

15           Sec. 3. EFFECTIVE DATE

16           This act shall take effect on July 1, 2018.
