Second Reading; Bill Amended; Third Reading Ordered

H. 233

Rep. Ode of Burlington, for the committee on Natural Resources, Fish & Wildlife, to which had been referred House bill, entitled An act relating to protecting working forests and habitat

Reported in favor of its passage when amended by striking all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 10 V.S.A. § 6001 is amended to read:

§ 6001. DEFINITIONS

In this chapter:

***

(3)(A) “Development” means each of the following:

***

(D) The word “development” does not include:

(i) The construction of improvements for farming, logging, or forestry purposes below the elevation of 2,500 feet.

***

(12) “Necessary wildlife habitat” means concentrated habitat which is identifiable and is demonstrated as being decisive to the survival of a species of wildlife at any period in its life including breeding and migratory periods.

***

(38) “Forest block” means a contiguous area of forest in any stage of succession and not currently developed for nonforest use that is mapped as an interior forest block within the 2016 interior forest block dataset created as part of resource mapping under section 127 of this title, as that dataset may be updated pursuant to procedures developed in accordance with that section. A forest block may include recreational trails, wetlands, or other natural features that do not themselves possess tree cover, and improvements constructed for farming, logging, or forestry purposes.

(39) “Fragmentation” means the division or conversion of a forest block
or habitat connector by the separation of a parcel into two or more parcels; the
construction, conversion, relocation, or enlargement of any building or other
structure, or of any mining, excavation, or landfill; and any change in the use
of any building or other structure, or land, or extension of use of land.
However, fragmentation does not include the division or conversion of a forest
block or habitat connector by a recreational trail or by improvements
constructed for farming, logging, or forestry purposes below the elevation of
2,500 feet.

(40) “Habitat” means the physical and biological environment in which
a particular species of plant or animal lives.

(41) “Habitat connector” refers to land or water, or both, that links
patches of habitat within a landscape, allowing the movement, migration, and
dispersal of animals and plants and the functioning of ecological processes. A
habitat connector may include recreational trails and improvements
constructed for farming, logging, or forestry purposes.

(42) As used in subdivisions (38), (39), and (41) of this section,
“recreational trail” means a corridor that is not paved, that has a minor impact
on the values of a forest block or habitat connector, and that is used for
recreational purposes including hiking, walking, bicycling, cross-country
skiing, snowmobiling, all-terrain vehicle riding, and horseback riding.

Sec. 2. 10 V.S.A. § 6086 is amended to read:

§ 6086. ISSUANCE OF PERMIT; CONDITIONS AND CRITERIA

(a) Before granting a permit, the District Commission shall find that the
subdivision or development:

* * *

(8) Will not have an undue adverse effect on the scenic or natural beauty
of the area, aesthetics, historic sites or rare and irreplaceable natural areas.

(A) Necessary wildlife habitat and endangered species. A permit will
not be granted if it is demonstrated by any party opposing the applicant that a
development or subdivision will destroy or significantly imperil necessary
wildlife habitat or any endangered species; and

(i) the economic, social, cultural, recreational, or other benefit to
the public from the development or subdivision will not outweigh the
economic, environmental, or recreational loss to the public from the
destruction or imperilment of the habitat or species; or

(ii) all feasible and reasonable means of preventing or lessening
the destruction, diminution, or imperilment of the habitat or species have not
been or will not continue to be applied; or
(iii) a reasonably acceptable alternative site is owned or controlled by the applicant which would allow the development or subdivision to fulfill its intended purpose.

(B) Forest blocks.

(i) A permit will not be granted for a development or subdivision unless the applicant demonstrates that:

(I) the development or subdivision will avoid fragmentation of a forest block through the design of the project or the location of project improvements, or both;

(II) it is not feasible to avoid fragmentation of the forest block and the design of the development or subdivision minimizes fragmentation of the forest block; or

(III) it is not feasible to avoid or minimize fragmentation of the forest block and the applicant will mitigate the fragmentation in accordance with section 6094 of this title.

(ii) Methods for avoiding or minimizing the fragmentation of a forest block may include:

(I) Locating buildings and other improvements and operating the project in a manner that avoids or minimizes incursion into and disturbance of the forest block, including clustering of buildings and associated improvements.

(II) Designing roads, driveways, and utilities that serve the development or subdivision to avoid or minimize fragmentation of the forest block. Such design may be accomplished by following or sharing existing features on the land such as roads, tree lines, stonewalls, and fence lines.

(C) Habitat connectors.

(i) A permit will not be granted for a development or subdivision unless the applicant demonstrates that:

(I) the development or subdivision will avoid fragmentation of a habitat connector through the design of the project or the location of project improvements, or both;

(II) it is not feasible to avoid fragmentation of the habitat connector and the design of the development or subdivision minimizes fragmentation of the connector; or

(III) it is not feasible to avoid or minimize fragmentation of the habitat connector and the applicant will mitigate the fragmentation in accordance with section 6094 of this title.
(ii) Methods for avoiding or minimizing the fragmentation of a habitat connector may include:

(I) locating buildings and other improvements at the farthest feasible location from the center of the connector;

(II) designing the location of buildings and other improvements to leave the greatest contiguous portion of the area undisturbed in order to facilitate wildlife travel through the connector; or

(III) when there is no feasible site for construction of buildings and other improvements outside the connector, designing the buildings and improvements to facilitate the continued viability of the connector for use by wildlife.

Sec. 3. 10 V.S.A. § 6088 is amended to read:

§ 6088. BURDEN OF PROOF

(a) The burden shall be on the applicant with respect to subdivisions 6086(a)(1), (2), (3), (4), (8)(B) and (C), (9), and (10) of this title.

(b) The Except for subdivisions 6086(a)(8)(B) and (C) of this title, the burden shall be on any party opposing the applicant with respect to subdivisions 6086(a)(5) through (8) of this title to show an unreasonable or adverse effect.

Sec. 4. 10 V.S.A. § 6094 is added to read:

§ 6094. MITIGATION OF FOREST BLOCKS AND HABITAT CONNECTORS

(a) A District Commission may consider a proposal to mitigate, through compensation, the fragmentation of a forest block or habitat connector if the applicant demonstrates that it is not feasible to avoid or minimize fragmentation of the block or connector in accordance with the respective requirements of subdivision 6086(a)(8)(B) or (C) of this title. A District Commission may approve the proposal only if it finds that the proposal will meet the requirements of the rules adopted under this section and will preserve a forest block or habitat connector of similar quality and character to the block or connector affected by the development or subdivision.

(b) The Natural Resources Board, in consultation with the Secretary of Natural Resources, shall adopt rules governing mitigation under this section.

(1) The rules shall state the acreage ratio of forest block or habitat connector to be preserved in relation to the block or connector affected by the development or subdivision.
(2) Compensation measures to be allowed under the rules shall be based on the ratio of land developed pursuant to subdivision (1) of this subsection and shall include:

(A) Preservation of a forest block or habitat connector of similar quality and character to the block or connector that the development or subdivision will affect.

(B) Deposit of an offsite mitigation fee into the Vermont Housing and Conservation Trust Fund under section 312 of this title.

(i) This mitigation fee shall be derived as follows:

(I) Determine the number of acres of forest block or habitat connector, or both, affected by the proposed development or subdivision.

(II) Multiply this number of affected acres by the ratio set forth in the rules.

(III) Multiply the resulting product by a “price-per-acre” value, which shall be based on the amount that Commissioner of Forests, Parks and Recreation to be the recent, per-acre cost to acquire conservation easements for forest blocks and habitat connectors of similar quality and character in the same geographic region as the proposed development or subdivision.

(ii) The Vermont Housing Conservation Board shall use such a fee to preserve a forest block or habitat connector of similar quality and character to the block or connector affected by the development or subdivision.

(C) Such other compensation measures as the rules may authorize.

(c) The mitigation of impact on a forest block or a habitat connector, or both, shall be structured also to mitigate the impacts, under the criteria of subsection 6086(a) of this title other than subdivisions (8)(B) and (C), to land or resources within the block or connector.

(d) All forest blocks and habitat connectors preserved pursuant to this section shall be protected by permanent conservation easements that grant development rights and include conservation restrictions and are conveyed to a qualified holder, as defined in section 821 of this title, with the ability to monitor and enforce easements in perpetuity.

Sec. 5. RULE ADOPTION: SCHEDULE; GUIDANCE

Rep. Copeland Hanzas of Bradford explained her vote as follows:

“Madam Speaker:
Fragmentation is a real and well-researched threat. ‘These green mountains and silver waters are my home’, as the song says. They belong to us. If we let the simplistic and myopic view win out we will lose something that we cannot regain. Not in our lifetimes and possibly not ever. As we can see from the landscapes of southern New England, once you lose your intact forests you lose a whole lot more. The working lands we thrive on and recreate on and hunt and fish on depend on our careful stewardship. This is a narrow strategy to make sure that large developments either avoid, mitigate, or minimize the impacts of that development on our precious landscape.

‘These green hills and silver waters are my home. They belong to me. Let us live to protect her beauty.’ H.233 is a step in the right direction.”

Rep. Mrowicki of Putney explained his vote as follows:

“Madam Speaker:

Thanks to your Natural Resources, Fish and Wildlife Committee for recognizing the need for systems thinking and foresight in addressing the balance of working forests and healthy habitat.

Vermont’s tradition of a healthy environment for us and our children will be maintained with this kind of wise stewardship of our cherished forest land.”

Thereupon, third reading was ordered.

The Rural Economic Development Initiative shall collaborate with municipalities, businesses, regional development corporations, and other appropriate entities to access funding and other assistance available to small towns and businesses in rural areas of the State when existing State resources or staffing assistance is not available.

(c) Services; access to funding.

(1) The Rural Economic Development Initiative shall provide the following services to small towns and businesses in rural areas:

(A) identification of grant or other funding opportunities available to small towns and businesses in rural areas that facilitate business development, siting of businesses, infrastructure, or other economic development opportunities;

(B) technical assistance to small towns and businesses in rural areas in writing grants, accessing and completing the application process for identified grants or other funding opportunities, including writing applications for grants or other funding, coordination with providers of grants or other funding, strategic planning for the implementation or timing of activities funded by grants or other funding, and compliance with the requirements of grant awards or awards of other funding; and

(C) recommending available grants, tax credits, or other incentives that a small town or rural area can use to attract businesses.

(2) In providing services under this subsection, the Rural Economic Development Initiative shall give first priority to projects that have received necessary State or municipal approval and that are ready for construction or implementation. Priority shall also be given to projects identified through community visits hosted by the Vermont Council on Rural Development or other public engagement planning processes.

(3) In identifying businesses, or business types, the Rural Economic Development Initiative shall seek to identify businesses or business types in the following priority areas:

(A) milk plants, milk handlers, or dairy products, as those terms are defined in 6 V.S.A. § 2672;

(B) the outdoor equipment or recreation industry:
(C) the value-added forest products industry;

(D) the value-added food industry;

(E) phosphorus removal technology; and

(F) composting facilities.

(d) Report. Beginning on January 31, 2018, and annually thereafter, the Rural Economic Development Initiative shall submit to the Senate Committees on Agriculture and on Economic Development, Housing and General Affairs and the House Committees on Agriculture and Forestry and on Commerce and Economic Development a report regarding the activities and progress of the Initiative. The report shall include:

(1) a summary of activities in the preceding calendar year;

(2) an evaluation of the effectiveness of the services provided to small towns and businesses in rural areas;

(3) an accounting of the grants or other funding facilitated or provided assistance with;

(4) an accounting of the funds acquired by the Rural Economic Development Initiative for administration of grants or other funding mechanisms and whether these funds are sufficient to offset the cost of the Rural Economic Development Initiative; and

(5) recommended changes to the program, including proposed legislative amendments to further economic development in small towns and rural areas in the State.

Sec. 2. RURAL ECONOMIC DEVELOPMENT INITIATIVE

In fiscal year 2018, it is the intent of the General Assembly to make funding available to the Vermont Housing and Conservation Board for the purposes of implementing and administering the Rural Economic Development Initiative under 10 V.S.A. § 325m.

*** Cross-promotion of Development Programs ***

Sec. 3. EXECUTIVE BRANCH CROSS-PROMOTION OF LOAN, GRANT, AND INCENTIVE PROGRAMS

The General Assembly finds that it is within the authority of the Executive Branch to manage a process of continuous improvement for agency and statewide programs and operations. While undertaking these efforts, the Executive Branch shall ensure that State loan, grant, and other incentive programs cross-promote:
(1) the availability of financial and technical assistance from the State in
education and outreach materials; and

(2) the State policies funded by State incentive programs, including the
adoption of renewable energy, rural economic development, public access to
conserved lands, and water quality improvements.

Sec. 4. REPORT; ENERGY EFFICIENCY CHARGE; COMMERCIAL AND
INDUSTRIAL CUSTOMERS

(a) On or before January 15, 2018, the Commissioner of Public Service (the
Commissioner) shall submit a report with recommendations as described in
subsection (b) of this section.

(1) In preparing the report, the Commissioner shall consult with the
Secretary of Commerce and Community Development, the energy efficiency
utilities (EEU) appointed under 30 V.S.A. § 209(d)(2), the regional
development corporations, the Public Service Board, and other affected
persons.

(2) The Commissioner shall submit the report to the Senate Committees
on Finance, on Natural Resources and Energy, and on Agriculture and the
House Committees on Ways and Means, on Energy and Technology, on
Commerce and Economic Development, and on Agriculture and Forestry.

(b) The report shall provide the Commissioner’s recommendations on:

(1) Whether and how to increase the use by commercial and industrial
customers of self-administered efficiency programs under 30 V.S.A. § 209(d)
and (j), including:

(A) Potential methods and incentives to increase participation in self-
administration of energy efficiency, including:

(i) Potential changes to the eligibility criteria for existing
programs.

(ii) Use of performance-based structures.

(iii) Self-administration of energy efficiency by a commercial and
industrial customer, with payment of an energy efficiency charge (EEC)
amount only for technical assistance by an EEU, if the customer demonstrates
that it possesses in-house expertise that supports such self-administration and
implements energy efficiency measures that the customer demonstrates are
cost-effective and save energy at a benefit-cost ratio similar to the EEU.

(B) The potential inclusion of such methods and incentives in EEU

demand resource plans.

(C) Periodic reporting by the EEU's of participation rates in selfadministration of energy efficiency by commercial and industrial customers located in the small towns in the State's rural areas. As used in this subdivision (C):

(i) “Rural area” means a county of the State designated as “rural” or “mostly rural” by the U.S. Census Bureau in its most recent decennial census.

(ii) “Small town” means a town in a rural area of the State with a population of less than 5,000 at the date of the most recent U.S. Census Bureau decennial census.

(2) The potential establishment of a multi-year pilot program that allows a category of commercial and industrial customers to apply the total amount of their Energy Efficiency Charge (EEC), for the period of the pilot, to investments that reduce the customer’s total energy consumption.

(A) The goal of such a program would be to reduce significantly all energy costs for the customer, and to transform the energy profile of the customer such that significant savings would be generated and endure over the long term. Customers in the program would receive the full amount of their EEC contributions, for the period of the pilot, in the form of direct services and incentives provided by an EEU, which would consider how to lower customers’ bills cost-effectively across electric, heating, transportation, and process fuels using energy efficiency, demand management, energy storage, fuel switching, and on-site renewable energy.

(B) In the report, the Commissioner shall consider:

(i) the definition of eligible commercial and industrial customers;

(ii) the potential establishment and implementation of such a program in a manner similar to an economic development rate for the EEU;

(iii) the interaction of such a program with the existing programs for self-managed energy efficiency under 30 V.S.A. § 209(d), including the Energy Savings Account, Self-Managed Energy Efficiency, and Customer Credit Programs;

(iv) the benefits and costs of such a program, including:

(I) a reduction in the operating costs of participating customers;

(II) the effect on job retention and creation and on economic development;

(III) the effect on greenhouse gas emissions;
(IV) the effect on systemwide efficiency benefits that would otherwise be obtained with the EEC funds, such as avoided supply costs, avoided transmission and distribution costs, avoided regional network service charges, and lost revenues from the regional forward-capacity market;

(V) the potential impact on commercial and industrial customers that may not be eligible to participate in such a program;

(VI) the extent to which such a program may result in cost shifts or subsidization among rate classes, and methods for avoiding or mitigating these effects;

(VII) the effect on the budgets developed through the demand resource planning process;

(VIII) the costs of administration;

(IX) any other benefits and costs of the potential program; and

(v) The consistency of such a program with least-cost planning as defined in 30 V.S.A. § 218c; with State energy goals and policy set forth in 10 V.S.A. §§ 578, 580, and 581 and 30 V.S.A. §§ 202a and 218e; and with the State energy plans adopted pursuant to 30 V.S.A. §§ 202 and 202b.

(c) The report submitted under this section shall include a proposed timeline to phase in the recommendations contained in the report. In developing this timeline, the Commissioner shall consider the impact to the established budgets of the EEUs, the regulatory requirements applicable to the EEUs, and the value of rapid implementation of the recommendations.

Sec. 5. 30 V.S.A. § 209(d)(3) is amended to read:

(3) Energy efficiency charge; regulated fuels. In addition to its existing authority, the Board may establish by order or rule a volumetric charge to customers for the support of energy efficiency programs that meet the requirements of section 218c of this title, with due consideration to the State’s energy policy under section 202a of this title and to its energy and economic policy interests under section 218e of this title to maintain and enhance the State’s economic vitality. The charge shall be known as the energy efficiency charge, shall be shown separately on each customer’s bill, and shall be paid to a fund administrator appointed by the Board and deposited into the Electric Efficiency Fund. When such a charge is shown, notice as to how to obtain information about energy efficiency programs approved under this section shall be provided in a manner directed by the Board. This notice shall include, at a minimum, a toll-free telephone number, and to the extent feasible shall be on the customer’s bill and near the energy efficiency charge.
Sec. 6. ENVIRONMENTAL PERMITTING; AIR CONTAMINANT FEES; ANAEROBIC DIGESTION

On or before January 15, 2018, the Secretary of Natural Resources shall report to House Committees on Agriculture and Forestry and on Natural Resources, Fish and Wildlife and the Senate Committees on Agriculture and on Natural Resources and Energy with a recommendation for reducing or eliminating the air contaminant fee paid by farmers for the emissions from the anaerobic digestion of agricultural products, agricultural by-products, agricultural waste, or food waste. The report shall include a summary of what services the Agency of Natural Resources provides or provided to owners of anaerobic digestors in relation to fees paid.

Sec. 7. 6 V.S.A. § 4828 is amended to read:

§ 4828. CAPITAL EQUIPMENT ASSISTANCE PROGRAM

(a) It is the purpose of this section to provide assistance to contract applicators, nonprofit organizations, and farms to purchase or use innovative equipment that will aid in the reduction of surface runoff of agricultural wastes to State waters, improve water quality of State waters, reduce odors from manure application, separate phosphorus from manure, decrease greenhouse gas emissions, and reduce costs to farmers.

(b) The capital equipment assistance program is created in the Agency of Agriculture, Food and Markets to provide farms, nonprofit organizations, and custom applicators in Vermont with State financial assistance for the purchase of new or innovative equipment to improve manure application, separation of phosphorus from manure, or nutrient management plan implementation.

(c) Assistance under this section shall in each fiscal year be allocated according to the following priorities and as further defined by the Secretary:

(1) First priority shall be given to capital equipment to be used on farm sites that are serviced by custom applicators, phosphorus separation equipment providers, and nonprofit organizations and that are located in descending order within the boundaries of:

(A) the Lake Champlain Basin;
(B) the Lake Memphremagog Basin;
(C) the Connecticut River Basin; and
(D) the Hudson River Basin.
(2) Next priority shall be given to capital equipment to be used at a farm site which is located in descending order within the boundaries of:

(A) the Lake Champlain Basin;
(B) the Lake Memphremagog Basin;
(C) the Connecticut River Basin; and
(D) the Hudson River Basin.

(d) An applicant for a State grant under this section to purchase or implement phosphorus removal technology or equipment shall pay 10 percent of the total eligible project cost. The dollar amount of a State grant to purchase or implement phosphorus removal technology or equipment shall be equal to the total eligible project cost, less 10 percent of the total as paid by the applicant, and shall not exceed $300,000.00.

*** Forestry Equipment; Sales Tax Exemption ***

Sec. 8. FORESTRY EQUIPMENT; SALES TAX EXEMPTION

On or before January 15, 2018, the Commissioner of Taxes shall submit to the House Committees on Agriculture and Forestry and on Ways and Means and the Senate Committees on Agriculture and on Finance recommended draft legislation for exempting from forestry harvesting and processing equipment from the sales and use tax imposed under 32 V.S.A. §§ 9741 and 9773.

*** Workers’ Compensation; High-Risk Occupations and Industries ***

Sec. 9. WORKERS’ COMPENSATION; INDUSTRIES AND OCCUPATIONS WITH HIGH RISK, HIGH PREMIUMS, AND FEW POLICYHOLDERS; STUDY; REPORT

(a) The Commissioner of Financial Regulation, in consultation with the Commissioner of Labor, the National Council on Compensation Insurance, and other interested stakeholders, shall identify and study industries and occupations in Vermont that experience a high risk of workplace and on-the-job injuries and whose workers’ compensation insurance is characterized by high premiums and few policyholders in the insurance pool. The industries and occupations addressed in the study shall include, among others, logging and log hauling, as well as arborists, roofers, and occupations in saw mills and wood manufacturing operations. In particular, the Commissioner shall:

(1) examine differences in the potential for loss, premium rates, and experience and participation in the workers’ compensation marketplace between the industries and occupations identified, and the average for all industries and occupations in Vermont;
(2) study potential methods for reducing workers’ compensation premium rates and costs for high-risk industries and occupations, including risk pooling between multiple high-risk industries or occupations, creating self-insured trusts; creating voluntary safety certification programs, and programs or best practices employed by other states; and

(3) model the potential impact on workers’ compensation premiums and costs from each of the methods identified pursuant to subdivision (2) of this subsection.

(b) On or before January 15, 2018, the Commissioner of Financial Regulation shall submit a written report to the House Committee on Commerce and Economic Development and the Senate Committee on Finance regarding his or her findings and any recommendations for legislative action to reduce the workers’ compensation premium rates and costs for the industries identified in the study.

Rep. Cina of Burlington explained his vote as follows:

“Madam Speaker:

Substance use, in the absence of other violations of the law, ought to be treated as a health care issue, not a crime. The stigma that comes with prohibition creates barriers to treatment and intensifies the shame, guilt and pain that drives addiction. Instead of judging and punishing people for the way that they deal with their pain or even seek pleasure, let’s empower people to make healthier choices and to work towards health and recovery.”

Rep. Colburn of Burlington explained her vote as follows:

“Madam Speaker:

I support H.170 as an act of harm reduction and criminal justice reform. While there is no doubt that the substances like marijuana can do real damage in the lives of many who find themselves struggling with dependence, collateral consequences such as fines, criminal record and incarceration can be a detriment, rather than an aid to recovery. Numerous studies have linked access to legal marijuana with reduced rates of opioid overdose and abuse. Legalization is a step toward more sensible and equitable drug policies.”

Rep. Connor of Fairfield explained his vote as follows:

“Madam Speaker:

I would like to explain my vote, however, before I do, I want to sincerely thank the member from West Rutland for his well-researched and from the heart remarks relative to H. 170.

Madame Speaker, I have given a good deal of thought about how to do the right thing with the H. 170 legislation and be respectful of my constituents. My constituents have asked me not to support a movement to a full tax and regulate model, even though I am aware that by next year that very system will exist just a few short miles from my home community when Canada opens up its retail system.

What has changed for me is that members of my constituency has reached out asking me to support H. 170. I have been convinced that maintaining a system of fines for small amounts of personal possession does nothing to keep our young people safe or help adults to be more responsible users of marijuana. I also have come to believe that responsible home cultivation can reduce illegal commercial activity, as recreational home cultivation can reduce illegal commercial activity, as recreational users will no longer have to buy from drug dealers, the real gateway.

Madame Speaker, I could not have supported the earlier version of H. 170 that almost came to a voice vote, but I can today because my constituents
recognize the good work that was done by the Human Services Committee coupled with some of the friendly amendments which add important boundaries that will help prevent negative public impacts.

**Rep. Gardner of Richmond** explained her vote as follows:

“Madam Speaker:

While I do not object to adults having access to cannabis, I cannot vote for a bill that neither assures the safety of our children and highways, nor guarantees that the products sold are safe and untainted.”

**Rep. Grad of Moretown** explained her vote as follows:

“Madam Speaker:

I vote yes. H.170 is an incremental yet important step in criminal justice reform. It furthers my priority of workforce development through effective justice reform while enhancing public safety. It eliminates discrepancies in our current decrim system and helps address tension between Vermonters and law enforcement. In these turbulent political times, where community policing is so key, we need to remove the barriers to Vermonters ability to feel safe to work with law enforcement.

Additionally, H.170 furthers my goal to remove the barrier a criminal record has on employment, housing and military service. Education, not incarceration is often the better way to achieve public safety.”

**Rep. Harrison of Chittenden** explained his vote as follows:

“Madam Speaker:

With all the problems we have today with drug usage, legalizing marijuana is counterintuitive. I vote No.”

**Rep. Lefebvre of Newark** explained his vote as follows:

“Madam Speaker:

I voted yes. The best way to control how marijuana is used and who uses it is through legalization.”

**Rep. Rachelson of Burlington** explained her vote as follows:

“Madam Speaker:

I voted yes. Let’s give back civil rights to Vermonters who are not hurting anyone. Legalizing marijuana has been shown repeatedly to decrease opioid deaths in other places. Further, we’re saving tax payers dollars by using our law enforcement and criminal justice resources instead on serious crimes and safety issues.”
Rep. Till of Jericho explained his vote as follows:

“Madam Speaker:

I voted no. This legislation tells thousands of Vermonters they can legally possess marijuana, but they have to buy it on the black market or illegally transport it across state lines. The only comparable predictor of what will happen to youth utilization is the similar unregulated legalization in Washington D.C. where youth utilization has increased substantially. The best evaluation of the science, by the National Academy of Sciences, indicates that some of the things we can expect with legalization are 1) an increase in suicide in Vermont, 2) an increase in Schizophrenia, bipolar disorder and other psychoses, 3) an increase in use of other illicit drugs, including opiates, 4) an increase in highway fatalities. I believe this approach is the wrong approach and the wrong time. What is the rush?”

Rep. Troiano of Stannard explained his vote as follows:

“Madam Speaker:

I stood behind the podium on opioid awareness day. I stand with those in the fight against addiction. What was absent from the words spoken by the Commissioner of Public Safety, Commissioner of Health and the Deputy Secretary of ADAP. What was absent was anything about cannabis. Instead, I recall all three of these officials talking about how a majority of addiction beginning with prescribed medication, readily available and legal.”

Rep. Young of Glover explained his vote as follows:

“Madam Speaker:

The war on drugs is a war on our own people. End the war on drugs.”

The ballots shall then be divided among the recount teams to be examined to find write-in names and markings of voter intent that were not vote tabulator-readable as outlined in the Secretary of State’s vote tabulator guide and most recent elections procedures manual. A caller, tally person, and
double-check person shall be used to examine the ballots removed from the ballot box. If the caller and the observer or observers do not agree on how a ballot should be counted, the entire team shall review the ballot and if all members agree, it shall be counted that way.

(c) If one person does not agree, that ballot shall be set aside as a questioned ballot and a copy shall be made, which copy shall be clearly marked on its face identifying it as a copy. Any copies shall be placed on the top of the other ballots and shall remain together with the other ballots. Each original ballot deemed questionable shall be attached to a note which identifies it by town, county, polling place, and bag seal number. The originals of these questionable ballots shall be clipped to the summary sheet for that polling place and returned to the court for a final decision.

(d) After the court has rendered a final decision on a given questionable ballot, it shall be returned to the county clerk who shall keep it in a sealed container for a period of two years.

(e) Write-in votes for preprinted candidates shall be counted as votes for that candidate.

Sec. 2. ATTORNEY GENERAL; CONSUMER PROTECTION; RECOMMENDATIONS; DATA BROKERS; INTERNET SERVICE PROVIDERS AND EDGE PROVIDERS

(a)(1) Data broker findings. The General Assembly finds that:

(A) The data broker industry brings benefits to society by:

(i) providing data necessary for the operation of both the public and private sectors;

(ii) supporting the critical flow of information for interstate and intrastate commerce; and

(iii) aiding in securing and protecting consumer identities.

(B) Despite these benefits, concerns have arisen about the data broker industry, including:

(i) how the data broker industry or persons accessing the industry may directly or indirectly harm vulnerable populations;

(ii) the use of the data broker industry by those who harass, stalk, and otherwise harm others;

(iii) whether appropriate safeguards are in place to ensure that our most sensitive information is not sold to identity thieves, scammers, and other criminals; and

(iv) the impact of the data broker industry on the privacy, dignity, and well-being of the people of Vermont.

(2) Data broker recommendation. On or before December 15, 2017, the Commissioner of Financial Regulation and the Attorney General, in
consultation with industry and consumer stakeholders, shall submit a recommendation or draft legislation to the House Committee on Commerce and Economic Development and the Senate Committee on Economic Development, Housing and General Affairs reflecting:

(A) an appropriate definition of the term “data broker”;

(B) whether and, if so, to what extent the data broker industry should be regulated by the Commissioner of Financial Regulation or the Attorney General;

(C) additional consumer protections that data broker legislation should seek to include that are not addressed within the framework of existing federal and State consumer protection laws; and

(D) proposed courses of action that balance the benefits to society that the data broker industry brings with actual and potential harms the industry may pose to consumers.

(b)(1) Telecommunications privacy rule recommendation. On or before December 15, 2018, the Attorney General, in consultation with the Commissioner of Public Service, and in consultation with industry and consumer stakeholders, shall submit a recommendation or draft legislation to the Senate Committees on Finance and on Economic Development, Housing and General Affairs and the House Committees on Commerce and Economic Development and on Energy and Technology reflecting whether and to what extent the State should adopt privacy and data security rules applicable to telecommunications service providers subject to the jurisdiction of the Public Service Board under 30 V.S.A. § 203(5), including

(A) broadband Internet access service providers; and

(B) to the extent permitted by federal law, “edge providers,” which shall include any individual or entity that provides any content, application, or service over the Internet, and any individual or entity that provides a device used for accessing any content, application, or service over the Internet.

(2) In making the recommendation, the Attorney General shall consider the following:

(B) Whether any rules should include:

(i) disclosure requirements pertaining to a provider’s privacy policies;
(ii) opt-in or opt-out procedures for obtaining customer approval to use and share sensitive or nonsensitive customer proprietary information, respectively; and

(iii) data security and data breach notification requirements.

(C) Proposed courses of action that balance the benefits to society that the telecommunications industry brings with actual and potential harms the industry may pose to consumers.

(D) Such other factors and considerations the Attorney General deems relevant to making recommendations pursuant to this section.

(3) Working group coordination. The Attorney General in consultation with the Commissioner of Public Service, at their discretion, may consult with or otherwise incorporate this review into the working group process established in subsection (a) of this section.

Fourth: By inserting a Sec. 6a to read as follows:

Sec. 6a. CALCULATION OF TAX RATES FOR MEMBER TOWNS IN VOLUNTARY SCHOOL GOVERNANCE Mergers.

(a) Definitions. As used in this section:

(1) “Five percent provision” means collectively the provisions in 2010 Acts and Resolves No. 153, 2012 Acts and Resolves No. 156, and 2015 Acts and Resolves No. 46, limiting a town’s equalized homestead property tax rate increase or decrease, and related household income percentage adjustments to five percent in a single year during the years in which the corresponding tax rate reductions apply to a new union school district’s equalized unified homestead property rate.

(3) “Education spending in the prior fiscal year” means the total education spending of all merging districts in the year prior to merger, divided by the total number of equalized pupils of all the merging districts in the year prior to merger.

(4) “Tax rate of a member town” means collectively the equalized homestead property tax rate, and related household income percentage reductions, for the referenced town.

(b) Tax rate reduction review.

(1) In a fiscal year in which the tax rate reductions are applied to a new
union school district, if the district’s education spending per equalized pupil increases by four percent or less over its education spending per equalized pupil in the prior fiscal year, then it shall be presumed to not trigger Tax Rate Reduction Review.

(2) In a fiscal year in which the tax rate reductions are applied to a new union school district, if the district’s education spending per equalized pupil increases by more than four percent over its education spending per equalized pupil in the prior fiscal year, then it shall be subject to a Tax Rate Reduction Review.

(3) Upon the request of the Secretary, a union school district shall submit its budget to Tax Rate Reduction Review to determine whether its increase in education spending per equalized pupil was beyond the school district’s control or for other good cause. In conducting the Review, the Secretary will select three business managers and three superintendents to serve in an advisory role in the Review. The Review shall consider at least the following factors:

(A) The extent to which the increase in education spending per equalized pupil is caused by declining enrollment in the union school district.

(B) The extent to which the increase in education spending per equalized pupil is caused by unifying employee contracts in the course of the union school district formation process.

(C) The extent to which the increase in education spending per equalized pupil is caused by increases in tuition paid by the union school district.

(4) If, at the conclusion of the Review, the Secretary determines that the union school district’s budget contains excessive increases in educational spending per equalized pupil that are within the district’s control and are not supported by good cause, then union school district rates for the fiscal year will be determined as follows:

(A) The tax rate of a member town that would otherwise be increased by no more than five percent shall be increased by no more than five percent plus the difference between a four percent increase in education spending per equalized pupil and the actual increase in the union school district’s education spending per equalized pupil.

(B) The tax rate of a member town that would otherwise be decreased by no more than five percent shall be decreased by no more than five percent minus the difference between a four percent increase in education spending per equalized pupil and the actual increase in the union school district’s education spending per equalized pupil.
Fifth: By adding a new section, to be Sec. 7, with reader assistance, to read:

**Health Care Costs**

Sec. 7. HEALTH CARE COST K–12 EDUCATION WORKING GROUP

(a) Creation. There is created the Health Care Cost K–12 Education Working Group (Working Group) to consider and make recommendations on how to achieve maximum savings for negotiated teacher health care benefits in the public kindergarten through grade 12 educational system.

(b) Membership. The Working Group shall be composed of the following three members:

(1) the Executive Director of the Vermont-NEA or designee;

(2) the Executive Director of the School Boards' Association or designee; and

(3) the Executive Director of the Vermont Superintendents Association or designee.

(c) Report. On or before November 15, 2017, the Working Group shall submit a written report to the House and Senate Committees on Education and on Appropriations, the House Committee on Ways and Means, and the Senate Committee on Finance with its findings and any recommendations.

* * * Health Care Benefits and Coverage for School Employees * * *

Sec. 7. FINDINGS

(a) Vermont’s school employees receive health coverage through the Vermont Education Health Initiative (VEHI). Actuarial analysis of current VEHI plans indicates they have among the highest actuarial values of any health insurance plan offered in the State of Vermont. Premiums for VEHI plans are up to nine percent higher than those for a BlueCross BlueShield platinum plan offered through Vermont Health Connect.

(b) In response, the VEHI is replacing existing school employee health insurance plans with plans designed to be competitive with Vermont Health Connect.

(c) This change means that, as of January 1, 2018, all school employees will be on new health care plans.

(d) The new health plans cover the same health care services and networks, but they have lower premium costs. The savings associated with lower premiums is estimated to be as high as $75 million.

(e) The new plans also create higher out-of-pocket exposure through deductibles and co-payment requirements. However, because the premiums for these plans are markedly lower, there are opportunities to keep employees’ out-of-pocket costs at current levels while also realizing up to $26 million in savings.

(f) These new plans have made health insurance negotiations more complex. In at least 20 supervisory unions, the parties have declared impasse over the inability to negotiate the transition to new health insurance plans.

(g) The State of Vermont is uniquely positioned to bargain health care benefits and coverage with school employees in a manner that ensures fairness
and equity for school employees and delivers savings for property taxpayers.

Sec. 8. 16 V.S.A. § 2004 is amended to read:

§ 2004. AGENDA

(a) The school board, through its negotiations council, shall, upon request, negotiate with representatives of the teachers’ or administrators’ organization negotiations council on matters of salary, related economic conditions of employment, the manner in which it will enforce an employee’s obligation to pay the agency service fee, procedures for processing complaints and grievances relating to employment, and any mutually agreed upon matters not in conflict with the statutes and laws of the State of Vermont.

(b) As used in this section, the terms “salary” and “related economic conditions of employment” shall not include health care benefits or coverage. Health care benefits and health coverage, including health reimbursement and health savings accounts, shall not be subject to collective bargaining pursuant to this section, but shall be determined on a statewide basis pursuant to section 2031 of this chapter.

Sec. 9. 16 V.S.A. chapter 57, subchapter 5 is added to read:

Subchapter 5: Negotiations for Health Care Benefits and Coverage

§ 2031. HEALTH CARE BENEFITS AND COVERAGE FOR SCHOOL EMPLOYEES: NEGOTIATION

(a)(1) The statewide labor organizations that represent teachers, administrators, and municipal school employees, as defined in 21 V.S.A. § 1722, shall jointly negotiate with the Governor or designee to determine the health care benefits and coverage, including contributions to health reimbursement and health savings accounts, the percentage of the premium to be paid by school employees and by the supervisory district, supervisory union, or school district, and other terms and conditions of health coverage that shall be available to school employees in Vermont.

(2) The labor organizations and the Governor or designee shall enter into a written agreement applicable to all teachers, administrators, and municipal school employees statewide that sets forth the health care benefits and coverage, including contributions to health reimbursement and health savings accounts, if any, the percentage of the premium to be paid by school employees and by the supervisory district, supervisory union, or school district, and all other terms and conditions of health coverage that are agreed to.

(b) Notwithstanding any provision of this chapter to the contrary, negotiations pursuant to this section shall be subject to the provisions of
3 V.S.A. chapter 27, subchapters 2 and 4 for the purposes of impasse resolution and the prevention and adjudication of unfair labor practices.

(c) An agreement pursuant to subsection (a) of this section shall be ratified by a statewide majority vote of the teachers, administrators, and municipal school employees who are represented for purposes of collective bargaining pursuant to this chapter or 21 V.S.A. chapter 22. A referendum on the agreement shall be conducted by secret ballot by each represented bargaining unit, and the results of the referendum shall be submitted to the Vermont Labor Relations Board for tabulation of the statewide results.

(d) All supervisory districts, supervisory unions, and school districts shall provide health care benefits and coverage to their teachers, administrators, and municipal school employees in accordance with the terms of the agreement between the State and the labor organizations entered into pursuant to subsection (a) of this section.

Sec. 10. 21 V.S.A. § 1722 is amended to read:

§ 1722. DEFINITIONS

As used in this chapter:

* * *

(12) “Municipal employee” means any employee of a municipal employer, including a municipal school employee or a professional employee as defined in subdivision 1502(11) of this title, except:

* * *

(17) “Wages, hours, and other conditions of employment” means any condition of employment directly affecting the economic circumstances, health, safety, or convenience of employees but excluding matters of managerial prerogative as defined in this section. For collective bargaining related to municipal school employees, “wages, hours, and other conditions of employment” shall not include health care benefits or coverage.

* * *

(21) “Municipal school employee” means an employee of a supervisory district, supervisory union, or school district that is not otherwise subject to 16 V.S.A. chapter 57 (labor relations for teachers and administrators).

Sec. 11. 21 V.S.A. § 1725 is amended to read:

§ 1725. COLLECTIVE BARGAINING PROCEDURE

(a)(1) For the purpose of collective bargaining, the representatives of the municipal employer and the bargaining unit shall meet at any reasonable time and shall bargain in good faith with respect to wages, hours, and conditions of employment, and shall execute a written contract incorporating any agreement reached; provided, however, neither party shall be compelled to agree to a
proposal nor to make a concession, nor to bargain over any issue of managerial prerogative.

(2) For purposes of collective bargaining related to municipal school employees, “wages, hours, and conditions of employment” shall not include health care benefits or coverage. Health care benefits and coverage, including health reimbursement and health savings accounts, shall not be subject to collective bargaining pursuant to this section, but shall be determined on a statewide basis pursuant to 16 V.S.A. § 2031.

* * *

Sec. 12. TRANSITIONAL PROVISIONS APPLICABLE TO PLAN YEARS 2018, 2019, AND 2020

Notwithstanding any provision of 16 V.S.A. chapter 57, subchapter 5 to the contrary, for plan years 2018, 2019, and 2020, the negotiations between the Governor or designee and the statewide labor organizations that represent teachers, administrators, and municipal school employees, as defined in 21 V.S.A. § 1722, to establish the terms of health care benefits and coverage for all school employees shall be limited to:

(1) the percentage of the premium to be paid by school employees and by the supervisory district, supervisory union, or school district for one or more of the health benefit plans offered by the Vermont Education Health Initiative for plan year 2018;

(2) the amounts of the supervisory districts’, supervisory unions’, and school districts’ contributions to school employees’ health reimbursement accounts, health savings accounts, or both; and

(3) other terms and conditions of health coverage.

Sec. 13. SAVINGS FROM HEALTH CARE TRANSITION

(b) On or before June 30, 2017 or 30 days after the adoption of its annual budget, whichever is later, each supervisory district, supervisory union, and school district shall submit to the Secretary of Education and the Commissioner of Finance and Management a report documenting its actual health care costs for calendar years 2016 and 2017 and its budgeted health care costs for 2018. This report shall be on a form prescribed by the Commissioner of Finance and Management and shall specify the employee contribution and employer contribution totals for each calendar year.
(c) Notwithstanding any other provision of law, for fiscal year 2018 only, the State shall offset the amount of savings between budgeted and actual costs for health care benefits and coverage against the fiscal year 2018 payment to each supervisory district, supervisory union, or school district; provided, however, the State shall withhold any such payment until it has received the report required pursuant to subsection (b) of this section. The savings offset under this subsection shall be allocated to the Education Fund.

* * * Health Care Transition * * *

Sec. 7. SAVINGS FROM HEALTH CARE TRANSITION

(a) As of January 1, 2018, all school employees will be on new health care plans. The new health plans cover the same health care services and networks, but they have lower premium costs. The new plans also create higher out-of-pocket exposure through deductibles and co-payment requirements. However, because the premiums for these plans are markedly lower, there are opportunities to keep employees’ out-of-pocket costs at current levels while also realizing up to $26 million in annual savings. Based on the data from finalized contracts to date, these savings may result in substantially fewer health care costs than districts have budgeted for fiscal year 2018.

(b) On or before June 30, 2017 or 30 days after the adoption of its annual budget, whichever is later, each supervisory district, supervisory union, and school district shall submit to the Secretary of Education and the Commissioner of Finance and Management a report documenting its actual health care costs for calendar years 2016 and 2017 and its budgeted health care costs for 2018. This report shall be on a form prescribed by the Commissioner of Finance and Management and shall specify the employee contribution and employer contribution totals for each calendar year.

(c) Not later than 60 days after the adoption of all collective bargaining agreements covering health care benefits for school employees for plan year 2018, each supervisory district, supervisory union, and school district shall submit to the Secretary of Education and the Commissioner of Finance and Management, a report documenting its anticipated health care costs for fiscal year 2018, based on the new collective bargaining agreements covering plan year 2018. This report shall be on a form prescribed by the Commissioner of Finance and Management and shall specify the actual employee contribution and employer contribution totals for plan year 2018.

(d) Notwithstanding any other provision of law, for fiscal year 2018 only, the State shall offset the amount of savings between budgeted and actual costs for health care benefits and coverage against the fiscal year 2018 payment to each supervisory district, supervisory union, or school district; provided, however, the State shall withhold any payment due to a supervisory district, supervisory union, or school district after January 1, 2018, until it has received the report required pursuant to subsections (b) and (c) of this section. The savings offset under this subsection shall remain in the Education Fund in an effort to lower property tax rates in fiscal year 2019.
(e) The Agency of Education shall develop a system for tracking the amount of savings offset for each school district under subsection (d) in fiscal year 2018. Notwithstanding any other provision of law, for each school district for which savings were offset under subsection (d), the Agency of Education shall pay a grant to that district in fiscal year 2019, in an amount equal to the offset savings. The grant shall be paid after the school district budget for fiscal year 2019 is approved by voters and reported to the Agency of Education, and the grant shall be reflected in the homestead property tax rate and income percentage used for that school district in fiscal year 2019.

* * * Effective Dates * * *

Sec. 8. EFFECTIVE DATES

(a) Sec. 2a and 2b (Education Fund allocation) shall take effect July 1, 2018 and apply to fiscal year 2019 and after.

(b) This section, Sec. 6a (calculation of rates in certain districts), and Sec. 7 (healthcare transition) shall take effect on passage.

**Rep. Scheuermann of Stowe** explained her vote as follows:

"Madam Speaker:

I vote no because this is not a substantive proposal. It is a proposal that
simply tells our local, hard-working volunteer school boards to just negotiate harder. I refuse to send a message to our school boards that they are just not doing a good enough job realizing the savings that Vermon ters want to see. School boards asked for help. Vermon ters asked for tax relief. This proposal does neither.”

**Rep. Wright of Burlington** explained his vote as follows:

“Madam Speaker:

I voted no on this amendment. We missed an opportunity on the previous amendment to provide property tax relief and help our local school boards, all while holding teachers harmless and providing excellent health care benefits. Instead, we passed a status quo plus paperwork amendment that only adds to the burden on our local boards. A colossal missed opportunity.”

Thereupon the question Will the House concur in the Senate proposal of amendment with further proposal of amendment as moved by Rep. Ancel of Calais, as amended, was agreed to.

(1) Except as otherwise provided for an enhanced incentive for a business in a qualifying labor market area under section 3334 of this title, the new revenue the proposed activity would generate to the State would exceed the costs of the activity to the State.

(2) The host municipality welcomes the new business.

(3) Pursuant to a self-certification or other documentation the Council requires by rule or procedure, the business attests to the best of its knowledge:

(5) But for the incentive, the proposed economic activity:

(B) would occur in a significantly different manner that is significantly less desirable to the State.

§ 3334. ENHANCED INCENTIVE FOR A BUSINESS IN A QUALIFYING LABOR MARKET AREA

(a) The Council may increase the value of an incentive for a business that is located in a labor market area in which:

In each calendar year, the amount by which the Council may increase the value of all incentives pursuant to this section is:

1. $1,500,000.00 for one or more initial approvals; and
2. $1,000,000.00 for one or more final approvals.

The Council may increase the cap imposed in subdivision (b)(2) of this section by not more than $500,000.00 upon application by the Governor to, and approval of, the Joint Fiscal Committee.

In evaluating the Governor’s request, the Committee shall consider the economic and fiscal condition of the State, including recent revenue forecasts and budget projections.

The Council shall provide the Committee with testimony, documentation, company-specific data, and any other information the Committee requests to demonstrate that increasing the cap will create an opportunity for return on investment to the State.

The purpose of the enhanced incentive for a business in a qualifying labor market area is to increase job growth in economically disadvantaged regions of the State, as provided in subsection (a) of this section.

§ 3335. ENHANCED INCENTIVE FOR ENVIRONMENTAL TECHNOLOGY BUSINESS

(B) multiply the business’s full-time payroll for the award year by 20 percent of the background growth rate; and

(C) subtract the product from the payroll performance requirement for the award year.

(c) The purpose of the enhanced incentive for an environmental technology business is to promote the growth of businesses in Vermont that both create and sustain high quality jobs and improve the natural environment.

§ 3338. CLAIMING AN INCENTIVE; ANNUAL FILING WITH DEPARTMENT OF TAXES

(a) On or before April 30 following each year of the utilization period, a business with an approved application shall submit an incentive claim to the Department of Taxes.

(b) A business shall include:

(1) the information the Department requires, including the information required in section 5842 of this title and other documentation concerning payroll, jobs, and capital investment necessary to determine whether the business earned the incentive specified for an award year and any installment payment for which the business is eligible; and

(2) a self-certification or other documentation the Department requires by rule or procedure, by which the business attests to the best of its knowledge that:

(A) the business is not a named party to an administrative order, consent decree, or judicial order issued by the State or a subdivision of the State, or if a named party, that the business is in compliance with the terms of such an order or decree; and

(B) the business complies with applicable State laws and regulations.

(c) The Department may consider an incomplete claim to be timely filed if the business files a complete claim within the additional time allowed by the Department in its discretion.

   (i) a 90 percent or greater reduction from base employment; or

   (ii) if it had no jobs at the time of application, a 90 percent or greater reduction from the sum of its job performance requirements; or

   (i) was not a named party to, or was in compliance with, an administrative order, consent decree, or judicial order issued by the State or a subdivision of the State; or

   (ii) was in compliance with State laws and regulations.

(2) If the Department determines that a business is subject to recapture under subdivision (1) of this subsection, the business becomes ineligible to earn or claim an additional incentive or installment payment for the remainder of the utilization period.

(3) Notwithstanding any other statute of limitations, the Department may commence a proceeding to recapture amounts under subdivision (1) of this subsection as follows:

(A) under subdivision (1)(A) of this subsection, no later than three years from the last day of the utilization period; and

(B) under subdivision (1)(B) of this subsection, no later than three years from date the business experiences the reduction from base employment, or three years from the last day of the utilization period, whichever occurs first.

(b) Reduction; recapture. If a business fails to make capital investments
that equal or exceed the sum of its capital investment performance requirements by the end of the award period:

(1) The Department shall:

   (A) calculate a reduced incentive by multiplying the combined value of the business’s award period incentives by the same proportion that the business’s total actual capital investments bear to the sum of its capital investment performance requirements; and

   (B) reduce the value of any remaining installment payments for which the business is eligible by the same proportion.

(2) If the value of the installment payments the business has already received exceeds the value of the reduced incentive, then:

   (A) the business becomes ineligible to claim any additional installment payments for the award period; and

   (B) the Department shall recapture the amount by which the value of the installment payments the business has already received exceeds the value of the reduced incentive.

(c) Tax liability.

   (1) A person who has the duty and authority to remit taxes under this title shall be personally liable for an installment payment that is subject to recapture under this section.

   (2) For purposes of this section, the Department of Taxes may use any enforcement or collection action available for taxes owed pursuant to chapter 151 of this title.

* * * Financial Technology * * *

Sec. 40. FINANCIAL TECHNOLOGY

(a) The General Assembly finds:

(1) The field of financial technology is rapidly expanding in scope and application.

(2) These developments present both opportunities and challenges.

(3) On the opportunity side, Vermont has been a leader in previous innovations in finance in contexts such as captive insurance.

(4) The existing Vermont legislation on blockchain technology and other aspects of e-finance have given Vermont the potential for leadership in this new era of innovation as well, with the possibility of expanded economic activity in the financial technology sector that would provide opportunities for employment, tax revenues, and other benefits.

(5) Furthermore, it is important for Vermon ters that these developments proceed in ways that do not create avoidable risks for individuals and enterprises in the new e-economy.

(6) The legislative and regulatory response in Vermont will be critical to our ability to embrace the benefits of financial technology and to avoid challenges it may create.

(b)(1) In order to permit the legislature to respond to these developing
opportunities and concerns on an informed basis, on or before November 30, 2017 the Center for Legal Innovation at Vermont Law School, in consultation with the Commissioner of Financial Regulation, the Secretary of Commerce and Community Development, and the Attorney General, shall submit a report to the General Assembly that includes:

(A) findings and recommendations on the potential opportunities and risks presented by developments in financial technology;

(B) suggestions for an overall policy direction and proposals for legislative and regulatory action that would effectively implement that policy direction; and

(C) measurable goals and outcomes that would indicate success in the implementation of such a policy.

(2) In developing the background for this report, the Center, Commissioner, Secretary, and Attorney General may consult such other constituencies and stakeholders within and outside of the State as they may determine for information that will be helpful to their considerations.

(3)(A) A municipality shall immediately notify the Council if it resolves not to incur debt for an approved district within five years of approval or a five-year extension period as required in 24 V.S.A. § 1894.

(h) Criteria for approval. To approve utilization of incremental revenues pursuant to subsection (f) of this section, the Vermont Economic Progress Council shall do all the following:

(1) Review each application to determine that the new real property proposed infrastructure improvements and the proposed development would not have occurred or would have occurred in a significantly different and less desirable manner but for the proposed utilization of the incremental tax revenues. The review shall take into account:
(A) the amount of additional time, if any, needed to complete the proposed development within the tax increment district and the amount of additional cost that might be incurred if the project were to proceed without education property tax increment financing;

(B) how the proposed development components and size would differ, if at all, without education property tax increment financing, including, if applicable to the development, the number of units of affordable housing, as defined in 24 V.S.A. § 4303; and

(C) the amount of additional revenue expected to be generated as a result of the proposed development; the percentage of that revenue that shall be paid to the education fund; the percentage that shall be paid to the municipality; and the percentage of the revenue paid to the municipality that shall be used to pay financing incurred for development of the tax increment financing district.

(2) Process requirements. Determine that each application meets all of the following four requirements:

(A) The municipality held public hearings and established a tax increment financing district in accordance with 24 V.S.A. §§ 1891-1900.

(B) The municipality has developed a tax increment financing district plan, including: a project description; a development financing plan; a pro forma projection of expected costs; a projection of revenues; a statement and demonstration that the project would not proceed without the allocation of a tax increment; evidence that the municipality is actively seeking or has obtained other sources of funding and investment; and a development schedule that includes a list, a cost estimate, and a schedule for public improvements and projected private development to occur as a result of the improvements.

(C) The municipality has approved or pledged the utilization of incremental municipal tax revenues for purposes of the district in the same proportion as the utilization of education property tax revenues approved by the Vermont Economic Progress Council for the tax increment financing district.

(D) The proposed infrastructure improvements and the projected development or redevelopment are compatible with approved municipal and regional development plans, and the project has clear local and regional significance for employment, housing, and transportation improvements.

(3) Location criteria. Determine that each application meets one of the following criteria:

(A) The development or redevelopment is compact, high density, and
located in or near existing industrial areas.

(B) The proposed district is within an approved growth center, designated downtown, designated village center, or new town center, or neighborhood development area.

(C) The development will occur in an area that is economically distressed, which for the purposes of this subdivision means that the area has experienced patterns of increasing unemployment, a drop in average wages, or a decline in real property values in the municipality in which the area is located has at least one of the following:

(i) a median family income that is 80 percent or less of the statewide median family income as reported by the Vermont Department of Taxes for the most recent year for which data is available;

(iii) a median sales price for residential properties under six acres that is 80 percent or less than the statewide median sales price for residential properties under six acres as reported by the Vermont Department of Taxes.

(4) Project criteria. Determine that the proposed development within a tax increment financing district will accomplish at least three of the following five criteria:

(A) The development within the tax increment financing district clearly requires substantial public investment over and above the normal municipal operating or bonded debt expenditures.

(B) The development includes new or rehabilitated affordable housing that is affordable to the majority of the residents living within the municipality and is developed at a higher density than at the time of application. “Affordable” has the same meaning as in 10 V.S.A. § 6001(29), as defined in 24 V.S.A. § 4303.

(C) The project will affect the remediation and redevelopment of a brownfield located within the district. As used in this section, “brownfield” means an area in which a hazardous substance, pollutant, or contaminant is or may be present, and that situation is likely to complicate the expansion, development, redevelopment, or reuse of the property.

(D) The development will include at least one entirely new business or business operation or expansion of an existing business within the district, and this business will provide new, quality, full-time jobs that meet or exceed the prevailing wage for the region as reported by the department of...

(B) the business complies with applicable State laws and regulations; and

(C) the proposed economic activity conforms would conform to applicable town and regional plans and with applicable State laws and regulations.

(A) would not occur; or

(B) would occur in a significantly different manner that is significantly less desirable to the State.

*** Rural Economic Development Infrastructure Districts ***

Sec. B.1. 24 V.S.A. chapter 138 is added to read:

CHAPTER 138. RURAL ECONOMIC DEVELOPMENT INFRASTRUCTURE DISTRICTS

§ 5701. PURPOSE

The purpose of this chapter is to enable formation of special municipal districts to finance, own, and maintain infrastructure that provides economic development opportunities in rural and underresourced areas of the State, including areas within one or more municipalities. Specifically, this chapter provides mechanisms for public and private partnerships, including opportunities for tax-incentivized financing and voluntary citizen engagement, to help overcome density and economic hardship.

§ 5702. ESTABLISHMENT; GENERAL PROVISIONS
(a) Establishment. Upon written application by 20 or more voters within a proposed district or upon its own motion, the legislative body of a municipality may establish a rural economic development infrastructure district. The application shall describe the infrastructure to be built or acquired; the plan for financing its acquisition; the anticipated economic benefit; the source of revenues for loan, bond, or lease payments; and plans for retention and disbursement of excess revenues, if any. The application also shall clearly state that the proposed district shall not have authority to levy taxes upon the grand list and may not levy service charges or fees upon any underlying municipality except for services used by such municipality, its own officers, and employees in the operation of municipal functions. Notice of establishment of a district shall be recorded as provided in subsection (e) of this section, posted in at least three public places within the municipality for at least 30 days, and published in a newspaper of general circulation within the municipality not more than 10 days from the date of establishment by the legislative body. Following 40 days from the later of the date of establishment by the legislative body of the municipality or an affirmative vote under subdivision (d)(1) or (2) of this section, the district shall be deemed to be a body politic and corporate, capable of exercising those powers and prerogatives explicitly granted by the legislative body of the municipality in accordance with this chapter and the district’s establishment application.

(b) Districts involving more than one municipality. Where the limits of a proposed district include two or more municipalities, or portions of two or more municipalities, the application required by this section shall be made to and considered by the legislative body of each such municipality.

(c) Alteration of district limits. The legislative body of a municipality in which a district is located may alter the limits of a district upon application to the governing board of the district, provided the governing board gives prior written consent. A district expansion need not involve contiguous property. Notice of an alteration of the limits of a district shall be recorded as provided in subsection (e) of this section, posted in at least three public places within the municipality for at least 30 days, and published in a newspaper of general circulation within the municipality not more than 10 days from the date of the legislative body’s decision to alter the limits of a district.

(d)(1) Contestability. If a petition signed by five percent of the voters of the municipality objecting to the proposed establishment or alteration of limits of a district is presented to the municipal clerk within 30 days of the date of posting and publication of the notice required by subsection (a) or (c) of this section, as applicable, the legislative body of the municipality shall cause the question of whether the municipality shall establish or alter the limits of the district to be considered at a meeting called for that purpose. The district shall
be established in accordance with the application or the limits altered unless a majority of the voters of the municipality present and voting votes to disapprove such establishment or alteration of limits.

(2) If a petition signed by five percent of the voters of the municipality objecting to a legislative body’s decision denying the establishment or the alteration of limits of a district is presented to the municipal clerk within 30 days of the legislative body’s decision, the legislative body shall cause the question of whether the municipality shall establish or alter the limits of the district to be considered at an annual or special meeting called for that purpose.

(e) Recording. A record of the establishment of a district and any alteration of district limits made by a legislative body shall be filed with the clerk of each municipality in which the district is located, and shall be recorded with the Secretary of State.

§ 5703. LIMITATIONS; TAXES; INDEBTEDNESS; EMINENT DOMAIN

Notwithstanding any grant of authority in this chapter to the contrary:

(1) A district shall not accept funds generated by the taxing or assessment power of any municipality in which it is located.

(2) A district shall not have the power to levy, assess, apportion, or collect any tax upon property within the district, nor upon any of its underlying municipalities, without specific authorization of the General Assembly.

(3) All obligations of the district, including financing leases, shall be secured by and payable only out of the assets of or revenues or monies in the district, including revenue generated by an enterprise owned or operated by the district.

(4) A district shall not have powers of eminent domain.

§ 5704. GOVERNING BOARD; COMPOSITION; MEETINGS; REPORT

(a) Governing board. The legislative power and authority of a district and the administration and the general supervision of all fiscal, prudential, and governmental affairs of a district shall be vested in a governing board, except as otherwise specifically provided in this chapter.

(b) Composition. The first governing board of the district shall consist of four to eight members appointed in equal numbers by the legislative bodies of the underlying municipalities. It shall draft the district’s bylaws specifying the size, composition, quorum requirements, and manner of appointing members to the permanent governing board. The bylaws shall require that a majority of the board shall be appointed annually by the legislative bodies of the underlying municipalities. Board members shall serve staggered, three-year
terms, and shall be eligible to serve successive terms. The legislative bodies of the municipalities in which the district is located shall fill board vacancies, and may remove board members at will. Any bylaws developed by the governing board under this subsection shall be submitted for approval to the legislative bodies of the municipalities within the district and shall be considered duly adopted 45 days from the date of submission, provided none of the legislative bodies disapprove of the bylaws.

(c) First meeting. The first meeting of the district shall be called upon 30 days’ posted and published notice by a presiding officer of a legislative body in which the district is located. Voters within a municipality in which the district is located are eligible to vote at annual and special district meetings. At the first meeting of the district, and at each subsequent annual meeting, there shall be elected from among board members a chair, vice chair, clerk, and treasurer who shall assume their respective offices upon election. At the first meeting, the fiscal year of the district shall be established and rules of parliamentary procedure shall be adopted. Prior to assuming their offices, officers may be required to post bond in such amounts as determined by resolution of the board. The cost of such bond shall be borne by the district.

(d) Annual and special meetings. Unless otherwise established by the voters, the annual district meeting shall be held on the second Monday in January and shall be warned by the clerk or, in the clerk’s absence or neglect, by a member of the board. Special meetings shall be warned in the same manner on application in writing by five percent of the voters of the district. A warning for a district meeting shall state the business to be transacted. The time and place of holding the meeting shall be posted in two or more public places in the district not more than 40 days nor less than 30 days before the meeting and recorded in the office of the clerk before the same is posted.

(e) Annual report. The district shall report annually to the legislative bodies and the citizens of the municipalities in which the district is located on the results of its activities in support of economic growth, job creation, improved community efficiency, and any other benefits incident to its activities.

§ 5705. OFFICERS

(a) Generally. The district shall elect at its first meeting and at each annual meeting thereafter a chair, vice chair, clerk, and treasurer, who shall hold office until the next annual meeting and until others are elected. The board may fill a vacancy in any office.

(b) Chair. The chair shall preside at all meetings of the board and make and sign all contracts on behalf of the district upon approval by the board. The chair shall perform all duties incident to the position and office as required by
the general laws of the State.

(c) Vice chair. During the absence of or inability of the chair to render or perform his or her duties or exercise his or her powers, the same shall be performed and exercised by the vice chair and when so acting, the vice chair shall have all the powers and be subject to all the responsibilities given to or imposed upon the chair. During the absence or inability of the vice chair to render or perform his or her duties or exercise his or her powers, the board shall elect from among its members an acting vice chair who shall have the powers and be subject to all the responsibilities given or imposed upon the vice chair.

(d) Clerk. The clerk shall keep a record of the meetings, votes, and proceedings of the district for the inspection of its inhabitants.

(e) Treasurer. The treasurer of the district shall be appointed by the board, and shall serve at its pleasure. The treasurer shall have the exclusive charge and custody of the funds of the district and shall be the disbursing officer of the district. When warrants are authorized by the board, the treasurer may sign, make, or endorse in the name of the district all checks and orders for the payment of money and pay out and disburse the same and receipt therefor. The treasurer shall keep a record of every obligation issued and contract entered into by the district and of every payment made. The treasurer shall keep correct books of account of all the business and transactions of the district and such other books and accounts as the board may require. The treasurer shall render a statement of the condition of the finances of the district at each regular meeting of the board and at such other times as required of the treasurer. The treasurer shall prepare the annual financial statement and the budget of the district for distribution, upon approval of the board, to the legislative bodies of district members. Upon the treasurer’s termination from office by virtue of removal or resignation, the treasurer shall immediately pay over to his or her successor all of the funds belonging to the district and at the same time deliver to the successor all official books and papers.

§ 5706. AUDIT

Once the district becomes operational, the board shall cause an audit of the financial condition of the district to be performed annually by an independent professional accounting firm. The results of the audit shall be provided to the governing board and to the legislative bodies of the municipalities in which the district is located.

§ 5707. COMMITTEES

The board has authority to establish one or more committees and grant and delegate to them such powers as it deems necessary. Members of an executive
committee shall serve staggered terms and shall be board members. Membership on other committees established by the board is not restricted to board members.

§ 5708. DISTRICT POWERS

(f) A municipality that establishes a tax increment financing district under 24 V.S.A. chapter 53, subchapter 5 shall collect all property taxes on properties contained within the district and apply up to 75 percent of the State education property tax increment, and not less than an equal share plus five percent of the municipal tax increment, as defined in 24 V.S.A. § 1896, to repayment of financing of the improvements and related costs for up to 20 years pursuant to 24 V.S.A. § 1894, if approved by the Vermont Economic Progress Council pursuant to this section, subject to the following:

(1) In a municipality with one or more approved districts, the Council shall not approve an additional district until the municipality retires the debt incurred for all of the districts in the municipality.

(2) The Council shall not approve more than two districts in a single county, and not more than an additional 14 districts in the State, provided:

(A) The districts listed in 24 V.S.A. § 1892(d) shall not be counted against the limits imposed in this subdivision (2).

(B) The Council shall consider complete applications in the order they are submitted, except that if during any calendar month the Council receives applications for more districts than are actually available in a county, the Council shall evaluate each application and shall approve the application that, in the Council’s discretion, best meets the economic development needs of the county.

(C) If, while the General Assembly is not in session, the Council receives applications for districts that would otherwise qualify for approval but, if approved, would exceed the 14-district limit in the State, the Council shall make one or more presentations to the Emergency Board concerning the applications, and the Emergency Board may, in its discretion, increase the 14-district limit.

(3)(A) A municipality shall immediately notify the Council if it resolves not to incur debt for an approved district within five years of approval or a five-year extension period as required in 24 V.S.A. § 1894.

(B) Upon receiving notification pursuant to subdivision (3)(A) of this subsection, the Council shall terminate the district and may approve a new district, subject to the provisions of this section and 24 V.S.A. chapter 53.

(5) Prior to January 1, 2019, the Council shall not accept or approve an application for a district within a county that has five or more approved districts.

* * *

(h) Criteria for approval. To approve utilization of incremental revenues pursuant to subsection (f) of this section, the Vermont Economic Progress Council shall do all the following:

(1) Review each application to determine that the proposed infrastructure improvements and the proposed development would not have occurred or would have occurred in a significantly different and less desirable manner but for the proposed utilization of the incremental tax revenues. The review shall take into account:

(A) the amount of additional time, if any, needed to complete the proposed development within the tax increment district and the amount of additional cost that might be incurred if the project were to proceed without education property tax increment financing;

(B) how the proposed development components and size would differ, if at all, without education property tax increment financing, including, if applicable to the development, the number of units of affordable housing, as defined in 24 V.S.A. § 4303; and

(C) the amount of additional revenue expected to be generated as a result of the proposed development; the percentage of that revenue that shall be paid to the education fund; the percentage that shall be paid to the municipality; and the percentage of the revenue paid to the municipality that shall be used to pay financing incurred for development of the tax increment financing district.

(2) Process requirements. Determine that each application meets all of the following four requirements:

(A) The municipality held public hearings and established a tax increment financing district in accordance with 24 V.S.A. §§ 1891-1900.

(B) The municipality has developed a tax increment financing district plan, including: a project description; a development financing plan; a pro forma projection of expected costs; a projection of revenues; a statement and demonstration that the project would not proceed without the allocation of a tax increment; evidence that the municipality is actively seeking or has
obtained other sources of funding and investment; and a development schedule that includes a list, a cost estimate, and a schedule for public improvements and projected private development to occur as a result of the improvements.

(C) The municipality has approved or pledged the utilization of incremental municipal tax revenues for purposes of the district in the same proportion as the utilization of education property tax revenues approved by the Vermont Economic Progress Council for the tax increment financing district.

(D) The proposed infrastructure improvements and the projected development or redevelopment are compatible with approved municipal and regional development plans, and the project has clear local and regional significance for employment, housing, and transportation improvements.

(3) Location criteria. Determine that each application meets one of the following criteria:

(A) The development or redevelopment is compact, high density, and located in or near existing industrial areas.

(B) The proposed district is within an approved growth center, designated downtown, designated village center, or new town center, or neighborhood development area.

(C) The development will occur in an area that is economically distressed, which for the purposes of this subdivision means that the area has experienced patterns of increasing unemployment, a drop in average wages, or a decline in real property values, and the municipality in which the area is located has at least one of the following:

(i) a median family income that is not more than 80 percent of the statewide median family income as reported by the Vermont Department of Taxes for the most recent year for which data is available;

(ii) an annual average unemployment rate that is at least one percent greater than the latest annual average statewide unemployment rate as reported by the Vermont Department of Labor; or

(iii) a median sales price for residential properties under six acres that is not more than 80 percent of the statewide median sales price for residential properties under six acres as reported by the Vermont Department of Taxes.

(4) Project criteria. Determine that the proposed development within a tax increment financing district will accomplish at least three of the following five criteria:

(A) The development within the tax increment financing district
clearly requires substantial public investment over and above the normal municipal operating or bonded debt expenditures.

(B) The development includes new or rehabilitated affordable housing that is affordable to the majority of the residents living within the municipality and is developed at a higher density than at the time of application. “Affordable” has the same meaning as in 10 V.S.A. § 6001(29), as defined in 24 V.S.A. § 4303.

(C)(B) The project will affect the remediation and redevelopment of a brownfield located within the district. As used in this section, “brownfield” means an area in which a hazardous substance, pollutant, or contaminant is or may be present, and that situation is likely to complicate the expansion, development, redevelopment, or reuse of the property.

(D)(C) The development will include at least one entirely new business or business operation or expansion of an existing business within the district, and this business will provide new, quality high-quality, full-time jobs that meet or exceed the prevailing wage for the region as reported by the department of labor.

(E)(D) The development will enhance transportation by creating improved traffic patterns and flow or creating or improving public transportation systems.

Sec. J.3. IMPLEMENTATION

Secs. J.1 and J.2 of this act shall apply only to tax increment financing district applications filed, and districts approved, on or after the date of passage of this act.

*** Climate Economy Accelerator ***

Sec. K.1. FINDINGS AND PURPOSE

(a) Findings. The General Assembly finds:

(1) Vermont needs to attract and support entrepreneurs, youths, and investors to reinvigorate its economy, today and for the future.

(2) Vermont has a tremendous opportunity to systematically advance economic activity that addresses the challenge of climate change by reducing and mitigating carbon impacts, while spurring innovation and creativity, encouraging entrepreneurism, attracting youths, and building jobs for the future.

(3) Vermont’s unique environmental image, strong brand recognition nationally, quality of life, and history of entrepreneurism and invention provides an opportunity to position the State as a premier place to establish
new businesses whose mission, products, and services can help society and our economy mitigate the effects of climate change.

(4) The goal of quality job creation as part of the State’s economic development policy is dependent on providing support for the start-up and expansion of small businesses sectors of our economy.

(5) The Vermont Sustainable Jobs Fund, the Vermont Council on Rural Development, and a working group of business, finance, and economic development leaders, are developing the Climate Economy Business Accelerator Program to grow entrepreneurial opportunities and provide a network for businesses to promote their solutions, products, and services that can lead to collaboration and innovation.

(6) The Accelerator Program aims to accelerate the creation and growth of entrepreneurs that commercialize business solutions to address the negative impacts of climate change and position our State as the place to come and build businesses that export solutions for a changing climate worldwide.

(7) Nationally, business accelerators have led to the growth of start-up companies, job creation, and enhanced entrepreneurial activity in a region. Most accelerators are located in major cities and throughout Canada. There are over 150 business accelerators in the United States at this time.

(8) Neither Vermont, nor other New England States, have an accelerator program to support start-up businesses and serve the needs of both rural and urban businesses.

(9) In early 2017 a climate change-related accelerator will launch in Philadelphia with a focus on technology development related to agriculture and water.

(10) The Vermont Sustainable Jobs Fund program (VSJF) was created in 1995 to accelerate the development of Vermont’s green economy. Per its enabling statute, VSJF focuses its development efforts on particular economic sectors by supporting the business assistance and financing needs of businesses in these sectors.

(11) To date, VSJF has concentrated on working with early-stage and growth-stage businesses in the green economy, primarily due to a lack of sufficient funding support to work with start-up businesses. Additional funding for VSJF’s Accelerator Program will enable it to fulfill its statutory mission.

(12) A State investment of seed funding would leverage additional private and philanthropic investment to carry out this work and boost economic development, innovation, and job creation.
(b) Purpose. The purpose of Sec. K.2 of this act is to create a statutory framework to authorize the creation of the Climate Economy Business Accelerator Program capable of attracting and retaining young entrepreneurs in the State and to position Vermont as a national leader in climate economy innovation.

Sec. K.2. 10 V.S.A. § 331 is added to read:

§ 331. CLIMATE ECONOMY BUSINESS ACCELERATOR PROGRAM

(a) Definition. In this section “climate economy” means the work performed by businesses whose products and services are designed to reduce, mitigate, or prepare for the negative impacts of climate change on human systems, including:

(1) clean energy development and distribution;
(2) thermal and electrical efficiencies in buildings and building construction;
(3) evolving public and private transportation systems;
(4) energy and efficiency innovations in the working lands economy;
(5) recycling, reuse, and renewal of resources; and
(6) resilience technologies, such as soil-sensing devices.

(b) Program implementation. The Vermont Sustainable Jobs Fund shall have the authority to design and implement a Climate Economy Business Accelerator Program as follows:

(1) Assemble a team of experienced program partners, mentors, investors, and business content providers to design and deliver a high quality experience to Accelerator Program cohort participants.

(2) Recruit and select a cohort of at least 10 start-up and early-stage businesses to participate together in a three-to-four-month intensive program of training, mentoring, and investment opportunities.

(3) Assist cohort members in clarifying the market for their products, evaluating the needs of their management teams, defining their business models, articulating their unique values, and securing needed investment capital.

(4) Develop an evaluation and metrics capture process compatible with Results-Based Accountability and begin tracking results.

(5) Develop a network of climate economy related businesses to work alongside the Accelerator Program in order to connect cohort members with the business community to spark business-to-business collaboration, stimulate
additional job growth in the climate economy sector, and provide ongoing support as their businesses mature.

(6) Raise additional program funding as needed from sponsors, partners, private foundations, and federal agencies to leverage State general funds.

(c) Outcomes. The outcomes of the Program shall include:

(1) Increase the success rate of start-up businesses in the climate economy sector in Vermont.

(2) Create jobs in the climate economy sector.

(3) Attract and retain young entrepreneurs who develop climate economy businesses in Vermont to serve local, national, and global markets.

(4) Attract equity and venture capital to emerging climate economy start-up businesses in Vermont.

*** Opportunity Economy ***

Sec. L.1. MICROBUSINESS DEVELOPMENT PROGRAM; FINDINGS; APPROPRIATION

(a) Findings. The General Assembly finds:

(1) Since 1989, the Microbusiness Development Program has provided free business technical assistance, including training and counseling, as well as access to capital to Vermonters with low income.

(2) The Vermont Community Action Agencies work in conjunction with many partners, including other service providers, State agencies, business technical assistance providers, and both traditional and alternative lenders.

(3) Each year the Program:

(A) enables the creation or expansion of an average of 145 businesses across Vermont;

(B) supports the creation of 84 new jobs; and

(C) provides access to more than $1,100,000.00 in capital.

(4) The average cost per job created through the Program is less than $3,600.00.

(b) Intent. It is the intent of the General Assembly to provide additional funding, subject to available resources, for the regional Microbusiness Development Programs pursuant to 3 V.S.A. § 3722.

Sec. L.2. FINANCIAL EDUCATION, COACHING, AND CREDIT-BUILDING SERVICES; FINDINGS; APPROPRIATION
(a) Findings. The General Assembly finds:

(1) To overcome barriers to financial security, “Financial Capability” education and coaching services empower people to stabilize their finances, set goals and work to achieve them, and sustain successful financial behaviors over time.

(2) The knowledge and skills gained by Vermonters with low income enable them better to manage scarce resources, repair or build credit, and establish or strengthen connections to financial institutions.

(3) Recent studies show that 10 hours of financial education can yield a savings of $1,390.00 per year for participants, a substantial sum for families living in poverty.

(4) Additionally, a recent national study found that 58 percent of individuals with low-to-moderate income receiving financial coaching and credit-building services had their credit score increase as a result.

(5) These services in Vermont can and have been customized to meet the particular needs of families participating in Reach Up.

(b) It is the intent of the General Assembly to provide funding, subject to available resources, to enable more Vermonters with low income to access these services.

Sec. J. TAX INCREMENT FINANCING; FINDINGS

The General Assembly finds that the State of Vermont has an important role to play in creating the infrastructure necessary to support downtown development and revitalization, particularly in distressed communities.

Sec. J.1. 24 V.S.A. § 1892 is amended to read:

§ 1892. CREATION OF DISTRICT

(a) Upon a finding that such action will serve the public purposes of this subchapter and subject to subsection (d) of this section, the legislative body of any municipality may create within its jurisdiction a special district to be

The district shall be described by its boundaries and the properties therein and the district boundary shall be shown on a plan entitled “Proposed Tax Increment Financing District (municipal name), Vermont.” The legislative body shall hold one or more public hearings, after public notice, on the proposed plan.

(d) The following municipalities have been authorized to use education tax increment financing for a tax increment financing district, and the Vermont Economic Progress Council is not authorized to approve any additional tax increment financing districts even if one of the districts named in this subsection is terminated pursuant to subsection 1894(a) of this subchapter:

(1) the City of Burlington, Downtown;
(2) the City of Burlington, Waterfront;
(3) the Town of Milton, North and South;
(4) the City of Newport;

(8) the City of St. Albans;
(9) the City of Barre; and
(10) the Town of Milton, Town Core; and

(e) Annually, the General Assembly may use the estimate of the maximum amount of new long-term net debt that prudently may be authorized for tax increment financing districts in the next fiscal year prepared pursuant to 32 V.S.A. § 305b to determine whether to expand the number of tax increment financing districts.

Sec. J.6. 32 V.S.A. § 5404a(h) is amended to read:

(h) Criteria for approval. To approve utilization of incremental revenues pursuant to subsection (f) of this section, the Vermont Economic Progress Council shall do all the following:

1. Review conduct a review of each application to determine that the new real property development would not have occurred or would have occurred in a significantly different and less desirable manner but for the proposed utilization of the incremental tax revenues. The review shall take into account:
(A) the amount of additional time, if any, needed to complete the
proposed development within the tax increment district and the amount of
additional cost that might be incurred if the project were to proceed without
education property tax increment financing;

(B) how the proposed development components and size would
differ, if at all, including, if applicable to the development, in the number of
units of affordable housing, as defined in 24 V.S.A. § 4303, without education
property tax increment financing; and

(C) the amount of additional revenue expected to be generated as a
result of the proposed development; the percentage of that revenue that shall be
paid to the education fund Education Fund; the percentage that shall be paid to
the municipality; and the percentage of the revenue paid to the municipality
that shall be used to pay financing incurred for development of the tax
increment financing district.

* * *

(3) Location criteria. Determine that each application meets one of the
following criteria:

(A) The development or redevelopment is compact, high density, and
located in or near existing industrial areas.

(B) The proposed district is within an approved growth center,
designated downtown, designated village center, or new town center, or
neighborhood development area.

(C) The development will occur in an area that is economically

experienced patterns of increasing unemployment, a drop in average wages, or
a decline in real property values municipality in which the area is located has

percent greater than the latest annual average statewide unemployment rate as
reported by the Vermont Department of Labor; or

(iii) a median sales price for residential properties under six acres
that is not more than 80 percent of the statewide median sales price for
residential properties under six acres as reported by the Vermont Department
of Taxes.

(4) Project criteria. Determine that the proposed development within a
tax increment financing district will accomplish at least three of the following five criteria:

(A) The development within the tax increment financing district clearly requires substantial public investment over and above the normal municipal operating or bonded debt expenditures.

(B) The development includes new or rehabilitated affordable housing that is affordable to the majority of the residents living within the municipality and is developed at a higher density than at the time of application. “Affordable” has the same meaning as in 10 V.S.A. § 6001(29), as defined in 24 V.S.A. § 4303.

(C) The project will affect the remediation and redevelopment of a brownfield located within the district. As used in this section, “brownfield” means an area in which a hazardous substance, pollutant, or contaminant is or may be present, and that situation is likely to complicate the expansion, development, redevelopment, or reuse of the property.

(B) If, after paying for improvements and related costs, there remains any excess portion of the tax increment, the municipality may retain the increment to prepay principal and interest on the financing, use for future financing payments, or use for defeasance of the financing.

(e) Annual audit.

(1) The municipality shall ensure that the segregated account for the tax increment financing district required by this section is subject to the annual audit requirements prescribed in sections 1681 and 1690 of this title.

**Rep. Gannon of Wilmington** explained his vote as follows:

“Madam Speaker:

I voted yes because of the unique and complex employment situation in the Department of State’s Attorneys and Sheriffs.”

**Rep. Keefe of Manchester** explained his vote as follows:

“Madam Speaker:

I voted no because this bill has not been adequately vetted, as evidenced by the fact it is fundamentally opposite of the action we took just last night, yet the vote outcome is starkly different.”

**Rep. Toleno of Brattleboro** explained his vote as follows:

”Madam Speaker:
I vote yes because this bill addresses a unique challenge faced by a small number of critical employees in our judicial system. By clarifying the legal ambiguities they face, it allows all parties, partners in this compromise, to move forward.”

**Rep. Turner of Milton** explained his vote as follows:

“Madam Speaker:

I believe that employment contracts negotiated directly with the state are in the best interests of both the employees and the taxpayers. It should not matter if we’re talking about NEA-represented teachers or sheriffs and state’s attorneys. It’s ironic that the outcome of this vote is so different than last night’s vote for a state wide negotiation on teachers’ healthcare benefits. Thank you.”

**Rep. VanWyck of Ferrisburgh** explained his vote as follows:

“Madam Speaker:

I voted no. It’s time to change the sign outside this chamber from Representatives Hall to Union Hall. I’m with FDR.”

Thereupon, third reading was ordered.

**Action on Bill Postponed**

**S. 122**

Senate bill, entitled

An act relating to increased flexibility for school district mergers

Was taken up and pending the reading of the report of the committee on Education, on motion of **Rep. Sharpe of Bristol**, action on the bill was postponed until May 5, 2017.

**Bill Amended, Read Third Time; Bill Passed**

**H. 233**

House bill, entitled

An act relating to protecting working forests and habitat

Was taken up and pending third reading of the bill, **Rep. Nolan of Morristown** moved to amend the bill as follows:

Sec. 1, 10 V.S.A. § 6001, in subdivision (42), after “not paved” by striking out “, that has a minor impact on the values of a forest block or habitat connector,”

Which was agreed to.

Pending the third reading of the bill, **Rep. Keefe of Manchester** moved to
amend the bill as follows:

First: In Sec. 2, 10 V.S.A. § 6086, in subsection (a), in subdivision (8)(B) (forest blocks), in subdivision (i), by striking out the lead-in language and subdivision (I) and inserting in lieu thereof new lead-in language and subdivision (I) to read:

A permit will not be granted for a development or subdivision within or partially within a forest block unless the applicant demonstrates that:

(I) the development or subdivision will avoid fragmentation of the forest block through the design of the project or the location of project improvements, or both;

Second: In Sec. 2, 10 V.S.A. § 6086, in subsection (a), in subdivision (8)(C) (habitat connectors), in subdivision (i), by striking out the lead-in language and subdivision (I) and inserting in lieu thereof new lead-in language and subdivision (I) to read:

A permit will not be granted for a development or subdivision within or partially within a habitat connector that is inside a forest block unless the applicant demonstrates that:

(I) the development or subdivision will avoid fragmentation of the habitat connector through the design of the project or the location of project improvements, or both;

Thereupon Rep. Ode of Burlington asked the question be divided and the first instance be taken first and the second instance taken second.

Thereupon, the first instance was agreed to, the second instance was disagreed to and the bill was read the third time.

Pending the question, Shall the bill pass? Rep. Savage of Swanton demanded the Yeas and Nays, which demand was sustained by the Constitutional number. The Clerk proceeded to call the roll and the question, Shall the bill pass? was decided in the affirmative. Yeas, 85. Nays, 58.

**Rep. Graham of Williamstown** explained his vote as follows:

“Madam Speaker:
I voted no. My family has owned two hundred plus acres of forest land for over one hundred years. It has been logged, had a couple of homes for family added, firewood cut, maple sugaring done. Guess what, we still have trees, deer, woodchuck and more. I don’t need any help from Act 250 to manage my land.”

Rep. McCullough of Williston explained his vote as follows:
“Madam Speaker:

I voted yes on H. 233. This is a historic vote on a visionary legislation. Fifty years from today, all citizens and indeed the critters themselves will be celebrating!”

Rep. Mrowicki of Putney explained his vote as follows:
“Madam Speaker:

I voted yes to support the work of your Natural Resources, Fish and Wildlife committee taking on the challenge of balancing competing interests and still creating a sustainability plan for our working landscape, is work that I recognize as fair and effective. Such protections and planning will ensure healthy forests for generations to come.”

Rep. Norris of Shoreham explained his vote as follows:
”Madam Speaker:

As a member of the Ag and Forestry committee I feel that we should of seen this bill and taken testimony.”

Rep. Smith of Derby explained his vote as follows”
“Madam Speaker:

I am one of the few in this room that still believe in personal property rights!”

Rep. Yantachka of Charlotte explained his vote as follows:
“Madam Speaker:

I vote yes on H.233 because it is necessary to protect our valuable forest habitats which have been increasingly fragmented over the last decade. This bill does nothing to impact the occupation of forestry that is conducted according to approved forest management practices. It will instead contribute to a sustainable working landscape well into the future.”

**H. 424**

The Senate proposed to the House to amend House bill, entitled

An act relating to the Commission on Act 250: the Next 50 Years

The Senate proposes to the House to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS; PURPOSE

(a) Findings. The General Assembly finds as follows:
(1) In 1969, Governor Deane Davis by executive order created the Governor’s Commission on Environmental Control, which consisted of 17 members and became known as the Gibb Commission because it was chaired by Representative Arthur Gibb.

(2) The Gibb Commission’s recommendations, submitted in 1970, included a new State system for reviewing and controlling plans for large-scale and environmentally sensitive development. The system was not to be centered in Montpelier. Instead, the power to review projects and grant permits would be vested more locally, in commissions for districts within the State.

(3) In 1970, the General Assembly enacted 1970 Acts and Resolves No. 250, an act to create an environmental board and district environmental commissions. This act is now codified at 10 V.S.A. chapter 151 and is commonly known as Act 250. In Sec. 1 of Act 250 (the Findings), the General Assembly found that:

   (A) “the unplanned, uncoordinated and uncontrolled use of the lands and the environment of the state of Vermont has resulted in usages of the lands and the environment which may be destructive to the environment and which are not suitable to the demands and needs of the people of the state of Vermont”;

   (B) “a comprehensive state capability and development plan and land use plan are necessary to provide guidelines for utilization of the lands and environment of the state of Vermont and to define the goals to be achieved through land environmental use, planning and control”;

   (C) “it is necessary to establish an environmental board and district environmental commissions and vest them with the authority to regulate the use of the lands and the environment of the state according to the guidelines and goals set forth in the state comprehensive capability and development plan and to give these commissions the authority to enforce the regulations and controls”; and

   (D) “it is necessary to regulate and control the utilization and usages of lands and the environment to insure that, hereafter, the only usages which will be permitted are not unduly detrimental to the environment, will promote the general welfare through orderly growth and development and are suitable to the demands and needs of the people of this state.”

(4) In 1973 Acts and Resolves No. 85, Secs. 6 and 7, the General Assembly adopted the Capability and Development Plan (the Plan) called for by Act 250. Among the Plan’s objectives are:

   (A) “Preservation of the agricultural and forest productivity of the
land, and the economic viability of agricultural units, conservation of the recreational opportunity afforded by the state’s hills, forests, streams and lakes, wise use of the state’s non-renewable earth and mineral reserves, and protection of the beauty of the landscape are matters of public good. Uses which threaten or significantly inhibit these resources should be permitted only when the public interest is clearly benefited thereby.”

(B) “Increased demands for and costs of public services, such as schools, road maintenance, and fire and police protection must be considered in relation to available tax revenues and reasonable public and private capital investment. . . . Accordingly, conditions may be imposed upon the rate and location of development in order to control its impact upon the community.”

(C) “Strip development along highways and scattered residential development not related to community centers cause increased cost of government, congestion of highways, the loss of prime agricultural lands, overtaxing of town roads and services and economic or social decline in the traditional community center.”

(D) “Provision should be made for the renovation of village and town centers for commercial and industrial development, where feasible, and location of residential and other development off the main highways near the village center on land which is other than primary agricultural soil.”

(E) “In order to achieve a strong economy that provides satisfying and rewarding job and investment opportunities and sufficient income to meet the needs and aspirations of the citizens of Vermont, economic development should be pursued selectively so as to provide maximum economic benefit with minimal environmental impact.”

(b) Purpose. The General Assembly establishes a Commission on Act 250: the Next 50 Years (the Commission) and intends that the Commission review the vision for Act 250 adopted in the 1970s and its implementation with the objective of ensuring that, over the next 50 years, Act 250 supports Vermont’s economic, environmental, and land use planning goals.

(c) Executive Branch working group. Contemporaneously with the consideration of this act by the General Assembly, the Chair of the Natural Resources Board (NRB) has convened a working group on Act 250 to include the NRB and the Agencies of Commerce and Community Development and of Natural Resources, with assistance from the Agencies of Agriculture, Food and Markets and of Transportation. The working group intends to make recommendations during October 2017. The General Assembly intends that the Commission established by this act receive and consider information and recommendations offered by the working group convened by the Chair of the NRB.
Sec. 2. COMMISSION ON ACT 250: THE NEXT 50 YEARS; REPORT

§ 665. RIGHTS AND RESPONSIBILITIES ORDER; BEST INTERESTS OF THE CHILD

* * *

(f) The State has a compelling interest in not forcing a victim of sexual assault or sexual exploitation to continue an ongoing relationship with the perpetrator of the abuse. Such continued interaction can have traumatic psychological effects on the victim, making recovery more difficult, and negatively affect the victim’s ability to parent and to provide for the best interests of the child. Additionally, the State recognizes that a perpetrator may use the threat of pursuing parental rights and responsibilities to coerce a victim into not reporting or not assisting in the prosecution of the perpetrator for the sexual assault or sexual exploitation, or to harass, intimidate, or manipulate the victim.

(1) The court may enter an order awarding sole parental rights and
responsibilities to a parent and denying all parent-child contact with the other parent if the Court finds by clear and convincing evidence that the nonmoving parent was convicted of sexually assaulting the moving parent and the child was conceived as a result of the sexual assault. As used in this subdivision, sexual assault shall include sexual assault as provided in 13 V.S.A. § 3252(a), (b), (d), and (e), aggravated sexual assault as provided in 13 V.S.A. § 3253, and aggravated sexual assault of a child as provided in 13 V.S.A. § 3253a, lewd and lascivious conduct with a child as provided in 13 V.S.A. § 2602, and similar offenses in other jurisdictions.

(A) An order issued in accordance with this subdivision (f)(1) shall be permanent and shall not be subject to modification.

(B) Upon issuance of a rights and responsibilities order pursuant to this subdivision (f)(1), the Court shall not issue a parent-child contact order and shall terminate any existing parent-child contact order concerning the child and the nonmoving parent.

(2) The Court may enter an order awarding sole parental rights and responsibilities to one parent and denying all parent-child contact between the other parent and a child if the Court finds by clear and convincing evidence that the child was conceived as a result of the nonmoving parent sexually assaulting or sexually exploiting the moving parent and the Court finds by a preponderance of the evidence that such an order is in the best interest of the child. A conviction is not required under this subdivision, and the Court may consider other evidence of sexual assault or sexual exploitation in making its determination.

(A) For purposes of this subdivision (f)(2):

(i)(A) sexual assault shall include sexual assault as provided in 13 V.S.A. § 3252, aggravated sexual assault as provided in 13 V.S.A. § 3253, aggravated sexual assault of a child as provided in 13 V.S.A. § 3253a, lewd and lascivious conduct with a child as provided in 13 V.S.A. § 2602, and similar offenses in other jurisdictions; and

(ii)(B) sexual exploitation shall include sexual exploitation of an inmate as provided in 13 V.S.A. § 3257, sexual exploitation of a minor as provided in 13 V.S.A. § 3258, sexual abuse of a vulnerable adult as provided in 13 V.S.A. § 1379, and similar offenses in other jurisdictions.

(B) Except as provided in subdivision (f)(2)(C), the Court shall not issue a parent-child contact order in a case in which a parental rights and responsibilities order has been issued pursuant to this subdivision (f)(2) and any existing parent-child contact order concerning the child and the nonmoving parent shall be terminated.
(C) A party may file a motion for modification of the order only upon a showing of extraordinary, real, substantial, and unanticipated change of circumstances.

(3) Issuance of an order pursuant to this subsection shall not affect the right of the custodial parent to seek child support from the noncustodial parent.

(4) Upon issuance of a rights and responsibilities order pursuant to this subsection, the court shall not issue a parent-child contact order and shall terminate any existing parent-child contact order concerning the child and the nonmoving parent. An order issued in accordance with this subdivision shall be permanent and shall not be subject to modification.

Sec. 8. 15 V.S.A. § 1103 is amended to read:
§ 1103. REQUESTS FOR RELIEF

(c)(1) The Court shall make such orders as it deems necessary to protect the plaintiff or the children, or both, if the Court finds that the defendant has abused the plaintiff, and:

(A) there is a danger of further abuse; or

TO THE SENATE AND HOUSE OF REPRESENTATIVES:

S.50. An act relating to insurance coverage for telemedicine services delivered in or outside a health care facility.

Respectfully reports that it has met and considered the same and recommends that the House recede from its proposal of amendment and that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 8 V.S.A. § 4100k is amended to read:

§ 4100k. COVERAGE OF HEALTH CARE SERVICES DELIVERED THROUGH TELEMEDICINE SERVICES

(a) All health insurance plans in this State shall provide coverage for telemedicine health care services delivered through telemedicine by a health care provider at a distant site to a patient in a health care facility at an originating site to the same extent that the services would be covered if they were provided through in-person consultation.

(b) A health insurance plan may charge a deductible, co-payment, or coinsurance for a health care service provided through telemedicine so long as it does not exceed the deductible, co-payment, or coinsurance applicable to an in-person consultation.

(c) A health insurance plan may limit coverage to health care providers in the plan’s network and may require originating site health care providers to document the reason the services are being provided by telemedicine rather
than in person. A health insurance plan shall not impose limitations on the number of telemedicine consultations a covered person may receive that exceed limitations otherwise placed on in-person covered services.

(d) Nothing in this section shall be construed to prohibit a health insurance plan from providing coverage for only those services that are medically necessary and are clinically appropriate for delivery through telemedicine, subject to the terms and conditions of the covered person’s policy.

(e) A health insurance plan may reimburse for teleophthalmology or teledermatology provided by store and forward means and may require the distant site health care provider to document the reason the services are being provided by store and forward means.

(f) Nothing in this section shall be construed to require a health insurance plan to reimburse the distant site health care provider if the distant site health care provider has insufficient information to render an opinion.

(g) In order to facilitate the use of telemedicine in treating substance use disorder, when the originating site is a health care facility, health insurers and the Department of Vermont Health Access shall ensure that both the treating clinician and the hosting facility the health care provider at the distant site and the health care facility at the originating site are both reimbursed for the services rendered, unless the health care providers at both the host and service distant and originating sites are employed by the same entity.

(h) As used in this subchapter:

(1) “Distant site” means the location of the health care provider delivering services through telemedicine at the time the services are provided.

(2) “Health insurance plan” means any health insurance policy or health benefit plan offered by a health insurer, as defined in 18 V.S.A. § 9402, as well as Medicaid and any other public health care assistance program offered or administered by the State or by any subdivision or instrumentality of the State. The term does not include policies or plans providing coverage for specified disease or other limited benefit coverage.

(3) “Health care facility” shall have the same meaning as in 18 V.S.A. § 9402.

(4) “Health care provider” means a person, partnership, or corporation, other than a facility or institution, that is licensed, certified, or otherwise authorized by law to provide professional health care services in this State to an individual during that individual’s medical care, treatment, or confinement.

(5) “Originating site” means the location of the patient, whether or not
accompanied by a health care provider, at the time services are provided by a health care provider through telemedicine, including a health care provider’s office, a hospital, or a health care facility, or the patient’s home or another nonmedical environment such as a school-based health center, a university-based health center, or the patient’s workplace.

(6) “Store and forward” means an asynchronous transmission of medical information to be reviewed at a later date by a health care provider at a distant site who is trained in the relevant specialty and by which the health care provider at the distant site reviews the medical information without the patient present in real time.

(4)(7) “Telemedicine” means the delivery of health care services such as diagnosis, consultation, or treatment through the use of live interactive audio and video over a secure connection that complies with the requirements of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191. Telemedicine does not include the use of audio-only telephone, e-mail, or facsimile.

Sec. 2. 18 V.S.A. § 9361 is amended to read:

§ 9361. HEALTH CARE PROVIDERS PROVIDING DELIVERING HEALTH CARE SERVICES THROUGH TELEMEDICINE OR BY STORE AND FORWARD SERVICES MEANS

(a) As used in this section, “distant site,” “health care provider,” “originating site,” “store and forward,” and “telemedicine” shall have the same meanings as in 8 V.S.A. § 4100k.

(b) Subject to the limitations of the license under which the individual is practicing, a health care provider licensed in this state may prescribe, dispense, or administer drugs or medical supplies, or otherwise provide treatment recommendations to a patient after having performed an appropriate examination of the patient either in person, through telemedicine, or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically. Treatment recommendations made via electronic means, including issuing a prescription via electronic means, shall be held to the same standards of appropriate practice as those in traditional provider-patient settings. For purposes of this subchapter, “telemedicine” shall have the same meaning as in 8 V.S.A. § 4100k.

(c)(1) A health care provider delivering health care services through telemedicine shall obtain and document a patient’s oral or written informed consent for the use of telemedicine technology prior to delivering services to
(A) The informed consent for telemedicine services shall be provided in accordance with Vermont and national policies and guidelines on the appropriate use of telemedicine within the provider’s profession and shall include, in language that patients can easily understand:

(i) an explanation of the opportunities and limitations of delivering health care services through telemedicine;

(ii) informing the patient of the presence of any other individual who will be participating in or observing the patient’s consultation with the provider at the distant site and obtaining the patient’s permission for the participation or observation; and

(iii) assurance that all services the health care provider delivers to the patient through telemedicine will be delivered over a secure connection that complies with the requirements of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191.

(B) For services delivered through telemedicine on an ongoing basis, the health care provider shall be required to obtain consent only at the first episode of care.

(2) The provider shall include the patient’s written consent in the patient’s medical record or document the patient’s oral consent in the patient’s medical record.

(3) A health care provider delivering telemedicine services through a contract with a third-party vendor shall comply with the provisions of this subsection (c) to the extent permissible under the terms of the contract. If the contract requires the health care provider to use the vendor’s own informed consent provisions instead of those set forth in this subsection (c), the health care provider shall be deemed to be in compliance with the requirements of this subsection (c) if he or she adheres to the terms of the vendor’s informed consent policies.

(4) Notwithstanding any provision of this subsection (c) to the contrary, a health care provider shall not be required to obtain a patient’s informed consent for the use of telemedicine in the following circumstances:

(A) in the case of a medical emergency;

(B) for the second certification of an emergency examination determining whether an individual is a person in need of treatment pursuant to section 7508 of this title; or
(C) for a psychiatrist’s examination to determine whether an individual is in need of inpatient hospitalization pursuant to 13 V.S.A. § 4815(g)(3).

(d) Neither a health care provider nor a patient shall create or cause to be created a recording of a provider’s telemedicine consultation with a patient.

(e) A patient receiving teleophthalmology or teledermatology by store and forward means shall be informed of the right to receive a consultation with the distant site health care provider and shall receive a consultation with the distant site health care provider upon request. If requested, the consultation with the distant site health care provider may occur either at the time of the initial consultation or within a reasonable period of time following the patient’s notification of the results of the initial consultation. Receiving teledermatology or teleophthalmology by store and forward means shall not preclude a patient from receiving real time telemedicine or face-to-face services with the distant site health care provider at a future date. Originating site health care providers involved in the store and forward process shall ensure informed consent from the patient as described in subsection (c) of this section. For purposes of this subchapter, “store and forward” shall have the same meaning as in 8 V.S.A. § 4100k.

Sec. 3. REPEAL

33 V.S.A. § 1901i (Medicaid coverage for primary care telemedicine) is repealed.

Sec. 4. EFFECTIVE DATES

(a) Sec. 1 (health insurance coverage) shall take effect on October 1, 2017 and shall apply to Medicaid on that date and to all other health insurance plans on or after October 1, 2017 on the date a health insurer issues, offers, or renews the health insurance plan, but in no event later than October 1, 2018.

(b) Secs. 2 (health care providers providing telemedicine), 3 (repeal) and this section shall take effect on October 1, 2017.

(1) The Commissioner of Health has determined that an authoritative governmental entity or accredited research university has demonstrated that the chemical:

(A) harms the normal development of a fetus or child or causes other developmental toxicity;

(d) Rule to regulate sale or distribution.

(1) The Commissioner, upon the recommendation of after consultation with the Chemicals of High Concern to Children Working Group, may adopt a rule to regulate the sale or distribution of a children’s product containing a
chemical of high concern to children upon a determination that:

(A) children may be exposed to a chemical of high concern to children in the children’s product; and

(B) require that the children’s product containing the chemical of high concern to children be labeled prior to sale, offer for sale, or distribution in the State.

(4) In any rule adopted under this subsection, the Commissioner shall adopt reasonable time frames for manufacturers, distributors, and retailers to comply with the requirements of the rules. No prohibition on sale or manufacture of a children’s product in the State shall take effect sooner than two years after the adoption of a rule adopted under this section unless the Commissioner determines that an earlier effective date is required to protect human health and the new effective date is established by rule.

(5) The Chemicals of High Concern to Children Working Group may, at its discretion, submit to the House Committees on Natural Resources, Fish and Wildlife and on Human Services and the Senate Committees on Natural Resources and Energy and on Health and Welfare the recommendations or information from a consultation provided to the Commissioner under subdivision (1) of this subsection.

Remarks Journalized

On motion of Rep. Lucke of Hartford, the following remarks by Rep. Gonzalez of Winooski were ordered printed in the Journal:

“Madam Speaker,

Today is May 5th. Or, if we say it in Spanish “Cinco de Mayo.” This is a historic day celebrating the resilience of Mexicans and Mexican-Americans. In 1862 France attempted to invade Mexico. France at the time was the most powerful army in the world. Mexican fighters, most untrained and many indigenous or mestizo, fought off the French in an epic battle in the town of Puebla. While 1 year later the French returned and ultimately it took 4 more years to fully defeat the French, Mexican-Americans took pride in winning this battle. As we know, the US was in our civil war at the time, with the French signaling they would support the Confederacy. Mexican-Americans overall and particularly those living in the free state of CA, those with African heritage, and those fighting alongside the Union, celebrated the Mexican win and gave them renewed confidence to fight for the Union.

Mexican-Americans continued to celebrate Cinco de Mayo as a low key holiday. That is, until the 1960s when the Chicanx movement began. This movement fought for civil rights for Mexican Americans. At that time this holiday rose to greater significance. The significance of celebrating yourself and others winning your liberation against terrible odds.

Many of you may be seeing the parallels between Cinco de Mayo and St.
Patrick’s day. Both come from an ethnic group in the US who celebrate an event of perseverance and triumph from their home country. And neither holiday is celebrated in their home country.

Both ethnic groups have experienced systematic exclusion from many aspects of American life, fueled in part by stereotypes such as being heavy drinkers. And while Irish-Americans have long ago been accepted into mainstream, the stereotype has persisted. The alcohol industry took these uniquely American holidays of liberation, played off of stereotypes and turned them into days of libations.

As a Mexican-American with Irish-American heritage, I am proud my family includes generations of fighters for liberation. Currently on the national level Mexican and Mexican-Americans are once again being scapegoated and targeted. Here in VT we continue to renew our dedication to supporting all Vermonters.

So, if you celebrate Cinco de Mayo today you will be celebrating a uniquely American holiday that celebrates Mexican-Americans (including our indigenous, African, and European heritage), Celebrating Mexican-Americans fighting for liberation against tough odds. If you celebrate today, I encourage you to celebrate the people who fought and are still fighting, and who are defying stereotypes while doing so.”

S. 134

TO THE SENATE AND HOUSE OF REPRESENTATIVES:

The Committee of Conference, to which were referred the disagreeing votes of the two Houses upon Senate Bill, entitled:

S.134. An act relating to court diversion and pretrial services

Respectfully report that they have met and considered the same and recommend that the House recede from its proposals of amendment, and that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS; INTENT

(a) The General Assembly finds:

(1) According to numerous studies over many years, pretrial diversion programs result in outcomes for participants that are better than incarceration, including reducing the likelihood that participants commit future crimes and improving substance abuse and mental health outcomes. For example, according to a study of the New York City Jail Diversion Project, 12 months after their offense, offenders who go through a diversion program are less likely to reoffend, spend less time in prison, have received more treatment, and are less likely to suffer drug relapses. In addition, a study in the Journal of the
American Academy of Psychiatry and the Law indicates that diversion programs reduce the amount of time participants spend in jail for future offenses from an average of 173 days to an average of 40 days during the year after the offense. Research also demonstrates that offenders who have participated in diversion programs are better able to find employment.

(2) Diversion programs benefit the criminal justice system by reducing costs and allowing resources to be allocated more efficiently for more serious offenders. According to studies by the Urban Institute and the National Alliance on Mental Illness, diversion programs reduce costs and improve outcomes by allowing offenders with mental illness to receive more appropriate treatment outside the criminal justice system. As reported in the *Psychiatric Rehabilitation Journal*, diversion programs reduce costs by decreasing the need for and use of hospitalization and crisis services by offenders.

(b) It is the intent of the General Assembly that:

(1) Sec. 2 of this act result in an increased use of the diversion program throughout the State and a more consistent use of the program between different regions of the State;

(2) the Office of the Attorney General collect data pursuant to 3 V.S.A. § 164(d) on diversion program use, including the effect of this act on use of the program statewide and in particular regions of the State; and

(3) consideration be given to further amending the diversion program statutes before Sec. 2 of this act sunsets on July 1, 2020, if it is determined that Sec. 2 of this act did not produce the intended increases in diversion program usage.

Sec. 2. 3 V.S.A. § 164 is amended to read:

§ 164. ADULT COURT DIVERSION PROJECT PROGRAM

(a) The Attorney General shall develop and administer an adult court diversion project program in all counties. The project program shall be operated through the juvenile diversion project and shall be designed to assist adults who have been charged with a first or second misdemeanor or a first nonviolent felony. The Attorney General shall adopt only such rules as are necessary to establish an adult court diversion project program for adults, in compliance with this section.

(b) The program shall be designed for two purposes:

(1) To assist adults who have been charged with a first or a second misdemeanor or a first nonviolent felony.

(2) To assist adults with substance abuse or mental health treatment
needs regardless of the person’s prior criminal history record. Programming for these persons is intended to support access to appropriate treatment or other resources with the aim of improving the person’s health and reducing future adverse involvement in the justice system. A person charged with a felony offense that is a listed crime pursuant to 13 V.S.A. § 5301 shall not be eligible under this section.

(c) The adult court diversion project administered by the Attorney General program shall encourage the development of diversion projects programs in local communities through grants of financial assistance to municipalities, private groups or other local organizations. The Attorney General may require local financial contributions as a condition of receipt of project grants.

(d) The Office of the Attorney General shall develop program outcomes following the designated State of Vermont performance accountability framework and, in consultation with the Department of State’s Attorneys and Sheriffs, the Office of the Defender General, the Center for Crime Victim Services, and the Judiciary, report annually on or before December 1 to the General Assembly on services provided and outcome indicators.

(e) All adult court diversion projects programs receiving financial assistance from the Attorney General shall adhere to the following provisions:

(1) The diversion program shall accept only persons against whom charges have been filed and the court has found probable cause, but are not yet adjudicated. The prosecuting attorney may refer a person to diversion either before or after arraignment and shall notify in writing the diversion program and the court of his or her intention to refer the person to diversion. If a person is charged with a qualifying crime as defined in 13 V.S.A. § 7601(4)(A), the prosecutor shall provide the person with the opportunity to participate in the court diversion program unless the prosecutor states on the record at arraignment or a subsequent hearing why a referral to the program would not serve the ends of justice. If the prosecuting attorney refers a case to diversion, the prosecuting attorney may release information to the victim upon a showing of legitimate need and subject to an appropriate protective agreement defining the purpose for which the information is being released and in all other respects maintaining the confidentiality of the information; otherwise files held by the court, the prosecuting attorney, and the law enforcement agency related to the charges shall be confidential and shall remain confidential unless:

(A) the Board declines to accept the case;
(B) the person declines to participate in diversion;
(C) the Board accepts the case, but the person does not successfully
complete diversion; or

(D) the prosecuting attorney recalls the referral to diversion.

(2) Alleged offenders shall be informed of their right to the advice and assistance of private counsel or the public defender at all stages of the diversion process, including the initial decision to participate, and the decision to accept the adult diversion contract, so that the candidate may give informed consent.

(3) The participant shall be informed that his or her selection of the adult diversion contract is voluntary.

(4) Each State’s Attorney, in cooperation with the Office of the Attorney General and the adult court diversion project program, shall develop clear criteria for deciding what types of offenses and offenders will be eligible for diversion; however, the State’s Attorney shall retain final discretion over the referral of each case for diversion.

(5) All information gathered in the course of the adult diversion process shall be held strictly confidential and shall not be released without the participant’s prior consent (except that research and reports that do not require or establish the identity of individual participants are allowed).

(6) Information related to the present offense that is divulged during the adult diversion program shall not be used in the prosecutor’s case against the person in the person’s criminal or juvenile case for any purpose, including impeachment or cross-examination. However, the fact of participation and success, or reasons for failure, may become part of the prosecutor’s records.

(7)(A) The adult court diversion project program shall maintain sufficient records so that the reasons for success or failure of the program in particular cases and overall can be investigated by program staff. These records shall include a centralized statewide filing system that will include the following information about individuals who have successfully completed an adult court diversion program:

(i) name and date of birth;
(ii) offense charged and date of offense;
(iii) place of residence;
(iv) county where diversion process took place; and
(v) date of completion of diversion process.

(B) These records shall not be available to anyone other than the participant and his or her attorney, State’s Attorneys, the Attorney General and directors of adult court diversion projects programs.
(8) Adult court diversion projects programs shall be set up to respect the rights of participants.

(9) Each participant shall pay a fee to the local adult court diversion project program. The amount of the fee shall be determined by project program officers or employees based upon the financial capabilities of the participant. The fee shall not exceed $300.00. The fee shall be a debt due from the participant, and payment of such shall be required for successful completion of the program. Notwithstanding 32 V.S.A. § 502(a), fees collected under this subdivision shall be retained and used solely for the purpose of the court diversion program.

(d)(f) The Attorney General is authorized to accept grants and gifts for the purposes of this section, such acceptance being pursuant to 32 V.S.A. § 5.

(e)(g) Within 30 days of the two-year anniversary of a successful completion of adult diversion, the court shall provide notice to all parties of record of the court’s intention to order the sealing of all court files and records, law enforcement records other than entries in the adult court diversion project’s program’s centralized filing system, fingerprints, and photographs applicable to the proceeding. The court shall give the State’s Attorney an opportunity for a hearing to contest the sealing of the records. The court shall seal the records if it finds:

(1) two years have elapsed since the successful completion of the adult diversion program by the participant and the dismissal of the case by the State’s Attorney; and

(2) the participant has not been convicted of a subsequent felony or misdemeanor during the two-year period, and no proceedings are pending seeking such conviction; and

(3) rehabilitation of the participant has been attained to the satisfaction of the court.

(f)(h) Upon the entry of an order sealing such files and records under this section, the proceedings in the matter under this section shall be considered never to have occurred, all index references thereto shall be deleted, and the participant, the court, and law enforcement officers and departments shall reply to any request for information that no record exists with respect to such participant inquiry in any matter. Copies of the order shall be sent to each agency or official named therein.

(g)(i) Inspection of the files and records included in the order may thereafter be permitted by the court only upon petition by the participant who is the subject of such records, and only to those persons named therein.
The process of automatically sealing records as provided in this section shall only apply to those persons who completed diversion on or after July 1, 2002. Any person who completed diversion prior to July 1, 2002 must apply to the court to have his or her records sealed. Sealing shall occur if the requirements of subsection (e)(g) of this section are met.

Subject to the approval of the Attorney General, the Vermont Association of Court Diversion Programs may develop and administer programs to assist persons under this section charged with delinquent, criminal, and civil offenses.

Sec. 3. 13 V.S.A. § 7554c is amended to read:

§ 7554c. PRETRIAL RISK ASSESSMENTS; NEEDS SCREENINGS

(a)(1) The objective of a pretrial risk assessment is to provide information to the court for the purpose of determining whether a person presents a risk of nonappearance or a threat to public safety or a risk of re-offense so the court can make an appropriate order concerning bail and conditions of pretrial release. The assessment shall not assess victim safety or risk of lethality in domestic assaults.

(2) The objective of a pretrial needs screening is to obtain a preliminary indication of whether a person has a substantial substance abuse or mental health issue that would warrant a subsequent court order for a more detailed clinical assessment.

(3) Participation in a risk assessment or needs screening pursuant to this section does not create any entitlement for the assessed or screened person.

(b)(1) Except as provided in subdivision (2) of this subsection, a person whose offense or status falls into any of the following categories shall be offered a risk assessment and, if deemed appropriate by the pretrial monitor, a needs screening prior to arraignment:

(A) misdemeanors and felonies, excluding listed crimes and drug trafficking, cited into court; and

(B) persons who are arrested and lodged and unable to post bail within 24 hours of lodging, excluding persons who are charged with an offense for which registration as a sex offender is required upon conviction pursuant to subchapter 3 of chapter 167 of this title or an offense punishable by up to life imprisonment who is arrested, lodged, and unable to post bail within 24 hours of lodging shall be offered a risk assessment and, if deemed appropriate by the pretrial services coordinator, a needs screening prior to arraignment.

(2) As used in this section, “listed crime” shall have the same meaning as provided in section 5301 of this title and “drug trafficking” means offenses
A person charged with an offense for which registration as a sex offender is required pursuant to subchapter 3 of chapter 167 of this title or an offense punishable by a term of life imprisonment shall not be eligible under this section.

(3) Unless ordered as a condition of release under section 7554 of this title, participation in risk assessment or needs screening shall be voluntary and a person’s refusal to participate shall not result in any criminal legal liability to the person.

(4) In the event an assessment or screening cannot be obtained prior to arraignment, the risk assessment and needs screening shall be conducted as soon as practicable.

(5) A person who qualifies pursuant to subdivisions (1)(A)-(D) of this subsection and who has an additional pending charge or a violation of probation shall not be excluded from being offered a risk assessment or needs screening unless the other charge is a listed crime.

(6)(A) The Administrative Judge and Court Administrator, in consultation with the Secretary of Human Services and the Commissioner of Corrections, shall develop a statewide plan for the phased, consistent rollout of the categories identified in subdivisions (1)(A) through (D) of this subsection, in the order in which they appear in this subsection. The Administrative Judge and Court Administrator shall present the plan to the Joint Legislative Corrections Oversight Committee on or before October 15, 2014. Any person charged with a criminal offense, except those persons identified in subdivision (b)(2) of this section, may choose to engage with a pretrial services coordinator.

(B) All persons whose offense or status falls into one of the categories shall be eligible for a risk assessment or needs screening on or after October 15, 2015. Prior to that date, a person shall not be guaranteed the offer of a risk assessment or needs screening solely because the person’s offense or status falls into one of the categories. Criminal justice professionals charged with implementation shall adhere to the plan.

(c) The results of the risk assessment and needs screening shall be provided to the person and his or her attorney, the prosecutor, and the Court. Pretrial services coordinators may share information only within the limitations of subsection (e) of this section.

(d)(1) At arraignment, in consideration of the risk assessment and needs screening, the Court may order the person to comply with the following conditions:

(A) meet with a pretrial monitor on a schedule
set by the Court; and

(B) participate in a needs screening with a pretrial services coordinator; and

(C) participate in a clinical assessment by a substance abuse or mental health treatment provider and follow the recommendations of the provider.

(2) The Court may order the person to follow the recommendation of the pretrial monitor if the person has completed a risk assessment or needs screening engage in pretrial services. Pretrial services may include the pretrial services coordinator:

(A) supporting the person in meeting conditions of release imposed by the court, including the condition to appear for judicial proceedings; and

(B) connecting the person with community-based treatment programs, rehabilitative services, recovery supports, and restorative justice programs.

(3) If possible, the Court shall set the date and time for the clinical assessment at arraignment. In the alternative, the pretrial monitor shall coordinate the date, time, and location of the clinical assessment and advise the Court, the person and his or her attorney, and the prosecutor.

(4) The conditions An order authorized in subdivision (1) or (2) of this subsection shall be in addition to any other conditions of release permitted by law and shall not limit the Court in any way. Failure to comply with a court order authorized by subdivision (1) or (2) of this subsection shall not constitute a violation of section 7559 of this title.

(5) This section shall not be construed to limit a court’s authority to impose conditions pursuant to section 7554 of this title.

(e)(1) Information obtained from the person during the risk assessment or needs screening shall be exempt from public inspection and copying under the Public Records Act and, except as provided in subdivision (2) of this subsection, only may be used for determining bail, conditions of release, and appropriate programming for the person in the pending case. The information a pretrial services coordinator may report is limited to whether a risk assessment indicates risk of nonappearance, whether further substance use assessment or treatment is indicated, whether mental health assessment or treatment is indicated, whether a person participated in a clinical assessment, and whether further engagement with pretrial services is recommended, unless the person provides written permission to release additional information.
Information related to the present offense directly or indirectly derived from the risk assessment, needs screening, or other conversation with the pretrial services coordinator shall not be used against the person in the person's criminal or juvenile case for any purpose, including impeachment or cross-examination. However, the fact of participation or nonparticipation in risk assessment or needs screening may be used in subsequent proceedings. The immunity provisions of this subsection apply only to the use and derivative use of information gained as a proximate result of the risk assessment or needs screening, or other conversation with the pretrial services coordinator.

(2) The person shall retain all of his or her due process rights throughout the risk assessment and needs screening process and may release his or her records at his or her discretion.

(3) The Vermont Supreme Court in accordance with judicial rulemaking as provided in 12 V.S.A. § 1 shall promulgate and the Department of Corrections in accordance with the Vermont Administrative Procedure Act pursuant to 3 V.S.A. chapter 25 shall adopt rules related to the custody, control, and preservation of information consistent with the confidentiality requirements of this section. Emergency rules adopted prior to January 1, 2015 pursuant to this section shall be considered to meet the “imminent peril” standard under 3 V.S.A. § 844(a). All records of information obtained during risk assessment or needs screening shall be stored in a manner making them accessible only to the Director of Pretrial Services and Pretrial Service Coordinators for a period of three years, after which the records shall be maintained as required by sections 117 and 218 of this title and any other State law. The Director of Pretrial Services shall be responsible for the destruction of records when ordered by the court.

(f) The Attorney General’s Office shall:

(1) contract for or otherwise provide the pretrial services described in this section, including performance of risk assessments, needs screenings, and pretrial monitoring services, and

(2) develop pretrial services outcomes following the designated State of Vermont performance accountability framework and, in consultation with the Department of State’s Attorneys and Sheriffs, the Office of the Defender General, the Center for Crime Victim Services, and the Judiciary, report annually on or before December 1 to the General Assembly on services provided and outcome indicators.

Sec. 4. MISDEMEANOR POSSESSION OF DRUGS; PRETRIAL SERVICES; REPORT

(a) It is the intent of the General Assembly to encourage persons cited or
arrested for a misdemeanor drug possession charge the opportunity to engage with pretrial services, and, if appropriate, enter treatment, and that, in turn, a person who complies with such conditions be eligible for dismissal of the charge.

(b) The Attorney General, the Defender General, and the Executive Director of the Department of State’s Attorneys and Sheriffs shall work collaboratively to develop a specific legislative proposal to accomplish this intent with an implementation date of July 1, 2018 and report to the Senate and House Committees on Judiciary and on Appropriations, the Senate Committee on Health and Welfare, and the House Committee on Human Services on or before November 1, 2017.

Sec. 5. LEGISLATIVE FINDINGS

The General Assembly finds that:

(1) According to Michael Botticelli, former Director of the Office of National Drug Control Policy, the National Drug Control Strategy recommends treating “addiction as a public health issue, not a crime.” Further, the strategy “rejects the notion that we can arrest and incarcerate our way out of the nation’s drug problem.”

(2) Vermont Chief Justice Paul Reiber has declared that “the classic approach of ‘tough on crime’ is not working in [the] area of drug policy” and that treatment-based models are proving to be a more effective approach for dealing with crime associated with substance abuse.

(3) A felony conviction record is a significant impediment to gaining and maintaining employment and housing, yet we know that stable employment and housing are an essential element to recovery from substance abuse and desistance of criminal activity that often accompanies addiction.

(4) In a 2014 study by the PEW Research Center, 67 percent of people polled said government should focus more on providing treatment to people who use illicit drugs and less on punishment. The Center later reported that states are leading the way in reforming drug laws to reflect this opinion: State-level actions have included lowering penalties for possession and use of illegal drugs, shortening mandatory minimums or curbing their applicability, removing automatic sentence enhancements, and establishing or extending the jurisdiction of drug courts and other alternatives to the regular criminal justice system.

(5) Vermont must look at alternative approaches to the traditional criminal justice model for addressing low-level illicit drug use if it is going to reduce the effects of addiction and addiction-related crime in this State.
Sec. 6. STUDY

(a) The Office of Legislative Council shall examine the issue of a public health approach to low-level possession and use of illicit drugs in Vermont as an alternative to the traditional criminal justice model, looking to trends both nationally and internationally, with a goal of providing policymakers a range of approaches to consider during the 2018 legislative session.

(b) The Office of Legislative Council shall report its findings to the General Assembly on or before December 15, 2017.

Sec. 7. SUNSET

Sec. 2 of this act shall be repealed on July 1, 2020.

Sec. 8. EFFECTIVE DATE

This act shall take effect on July 1, 2017.

Sec. 1. FINDINGS AND PURPOSE; AFFORDABLE HOUSING BOND

(a) Findings.

(1) The General Assembly finds that investments are needed to help house the most vulnerable as well as creating more homes for workers.

(2) The shortage of affordable and available homes has been highlighted recently by:

(A) the Vermont Futures Project of the Vermont Chamber of Commerce, which set a growth target of 5,000 new and improved housing units annually;

(B) a national consultant’s recommendations for a Roadmap to End Homelessness, which calls for, over the next five years, 368 new units for permanent supportive housing and 1,251 new homes affordable to families with income that is not more than 30 percent of the median; and

(C) the 2015 statewide housing needs assessment by Bowen National Research, which found the largest gaps in housing affordable to households with income below 30 percent of median and households with income between 85 percent and 120 percent of median, and found a lack of housing availability across the income spectrum.

(b) Purpose. The purpose of this act is to promote the development and improvement of housing for Vermonters.

Sec. 2. 10 V.S.A. § 314 is added to read:

§ 314. AFFORDABLE HOUSING BOND; INVESTMENT

The Vermont Housing and Conservation Board shall use the proceeds of bonds, notes, and other obligations issued by the Vermont Housing Finance Agency pursuant to subdivision 621(22) of this title and transferred to the Vermont Housing and Conservation Trust Fund to fund the creation and improvement of owner-occupied and rental housing for Vermonters with very
low to middle income, in areas targeted for growth and reinvestment, as follows:

(1) not less than 25 percent of the housing shall be targeted to Vermonters with very low income, meaning households with income below 50 percent of area median income;

(2) not less than 25 percent of the housing shall be targeted to Vermonters with moderate income, meaning households with income between 80 and 120 percent of area median income; and

(3) the remaining housing shall be targeted to Vermonters with income that is less than or equal to 120 percent of area median income, consistent with the provisions of this chapter.

Sec. 2a. 10 V.S.A. § 315 is added to read:

§ 315. AFFORDABLE HOUSING FUND

Allocation of Revenues; Intent * * *

Sec. 7.  INTENT; FUNDING FOR AFFORDABLE HOUSING BOND PROGRAM; ALLOCATION OF PROPERTY TRANSFER TAX REVENUES

(a) Revenues from the property transfer tax, before the passage of this act, were allocated pursuant to statute as follows:

(1) The first two percent is deposited in a special fund in the Department
of Taxes for Property Valuation and Review administration costs pursuant to 32 V.S.A. § 9610(c).

(2) Of the remaining 98 percent of the revenues:
   (A) 17 percent is deposited in the Municipal and Regional Planning Fund created in 24 V.S.A. § 4306.
   (B) 50 percent is deposited in the Vermont Housing and Conservation Trust Fund created in 10 V.S.A. § 312.
   (C) 33 percent is deposited in the General Fund created in 32 V.S.A. § 435.

(b) Pursuant to Sec. 4 of this act, in 32 V.S.A. § 9610(d), the first $2,500,000.00 of revenue generated from the property transfer tax is deposited in the Affordable Housing Fund created in 10 V.S.A. § 315 and distributed to the Vermont Housing Finance Agency to service the bonds, notes, and other obligations incurred by the Agency pursuant to 10 V.S.A. § 621(22), the proceeds of which the Vermont Housing and Conservation Board shall use to create affordable housing pursuant to 10 V.S.A. § 314.

(c) Transferring the first $2,500,000.00 of property transfer tax revenues to the Vermont Housing Finance Agency for debt service reduces the amount of revenues available for allocation to the respective statutory recipients identified in subsection (a) of this section.

(d) To compensate for this reduction of available property transfer tax revenue, it is the intent of the General Assembly through this act to provide for the transfer of $2,500,000.00 to the Vermont Housing and Conservation Trust Fund, as follows:

(1) Sec. D.100(a)(2) of H.518 (2017) appropriates $11,304,840.00 in fiscal year 2018 from the Vermont Housing and Conservation Trust Fund to the Vermont Housing and Conservation Board. Upon the effective date of this act, the amount of $1,500,000.00 shall revert to the Vermont Housing and Conservation Trust Fund, resulting in a fiscal year 2018 total appropriation to the Board of $9,804,840.00. In fiscal year 2018 only, the amount of $1,500,000.00 shall be transferred from the Vermont Housing and Conservation Trust Fund to the General Fund.

(2) As provided in Sec. 9 of this act, from July 1, 2017 until July 1, 2039, pursuant to 32 V.S.A. § 9602a(d), the first $1,000,000.00 in revenue generated by the clean water surcharge of 0.2 percent shall be transferred to the Vermont Housing and Conservation Trust Fund. In fiscal year 2018 only, the Commissioner shall transfer the amount of $1,000,000.00 from the Vermont Housing and Conservation Trust Fund to the General Fund.

Report of Committee of Conference

H. 508

TO THE SENATE AND HOUSE OF REPRESENTATIVES:

The Committee of Conference to which were referred the disagreeing votes of the two Houses upon House Bill entitled:

H. 508. An act relating to building resilience for individuals experiencing adverse childhood experiences.
Respectfully reports that it has met and considered the same and
recommends that the Senate recedes from its proposal of amendment and that
the bill be amended by striking out all after the enacting clause and inserting in
lieu thereof the following:

Sec. 1. FINDINGS

The General Assembly finds that:

(1) Adversity in childhood has a direct impact on an individual’s health
outcomes and social functioning. The cumulative effects of multiple adverse
childhood experiences (ACEs) have even more profound public health and
societal implications. ACEs include physical, emotional, and sexual abuse;
eglect; food and financial insecurity; living with a person experiencing mental
illness or substance use disorder, or both; experiencing or witnessing domestic
violence; and having divorced parents or an incarcerated parent.

(2) The ACE questionnaire contains ten categories of questions for
adults pertaining to abuse, neglect, and family dysfunction during childhood.
It is used to measure an adult’s exposure to traumatic stressors in childhood.
Based on a respondent’s answers to the questionnaire, an ACE score is
calculated, which is the total number of ACE categories reported as
experienced by a respondent.

(3) ACEs are common in Vermont. One in eight Vermont children has
experienced three or more ACEs, the most common being divorced or
separated parents, food and housing insecurity, and having lived with someone
with a substance use disorder or mental health condition. Children with three
or more ACEs have higher odds of failing to engage and flourish in school.

(4) The impact of ACEs in Vermont is evident through the rise in
caseloads in the Department for Children and Families, the acceleration of the
opioid epidemic, which is both driving and affected by family dysfunction, and
rising health care costs associated with adult chronic illness.

(5) The impact of ACEs is felt across all socioeconomic boundaries.

(6) The earlier in life an intervention occurs for an individual who has
experienced ACEs, the more likely that intervention is to be successful.

(7) There are at least 17 nationally recognized models shown to be
effective in lowering the risk for child abuse and neglect, improving maternal
and child health, and promoting child development and school readiness.

(8) The General Assembly understands that people who have
experienced adverse childhood experiences can build resilience and can
succeed in leading happy, healthy lives.

Sec. 2. 33 V.S.A. chapter 34 is added to read:
The General Assembly adopts the following principles with regard to strengthening Vermont’s response to trauma and toxic stress during childhood:

(1) Childhood trauma affects all aspects of society. Each of Vermont’s systems addressing trauma, particularly social services; health care, including mental health; education; child care; and the justice system, shall collaborate to address the causes and symptoms of childhood trauma and to build resilience.

(2) Addressing trauma in Vermont requires building resilience in those individuals already affected and preventing childhood trauma within the next generation.

(3) Early childhood adversity is common and can be prevented. When adversity is not prevented, early intervention is essential to ameliorate the impacts of adversity. A statewide, community-based, interconnected, public health and social service approach is necessary to address this effectively. This model shall include training for local leaders to facilitate a cultural change around the prevention and treatment of childhood trauma.

(4) Service systems shall be integrated at the local and regional levels to maximize resources and simplify how systems respond to individual and family needs. All programs and services shall be evidence-informed and research-based, adhering to best practices in addressing trauma and promoting resilience.

Sec. 3. ADVERSE CHILDHOOD EXPERIENCES; WORKING GROUP

(a) Creation. There is created the Adverse Childhood Experiences Working Group for the purpose of investigating, cataloging, and analyzing existing resources to mitigate childhood trauma, identify populations served, and examine structures to build resiliency.

(b) Membership. The Working Group shall be composed of the following members:

(1) three members of the House, who shall be appointed by the Speaker, including:

(A) the Chair of the House Committee on Human Services or designee;

(B) the Chair of the House Committee on Health Care or designee; and

(C) the Chair of the House Committee on Education or designee; and
(2) three members of the Senate, who shall be appointed by the Committee on Committees, including:

(A) the Chair of the Senate Committee on Health and Welfare or designee;

(B) the Chair of the Senate Committee on Education or designee; and

(C) one current member from the Senate at large.

(c)(1) Powers and duties. In light of current research and the fiscal environment, the Working Group shall analyze existing resources related to building resilience in early childhood and propose appropriate structures for advancing the most evidence-based or evidence-informed and cost-effective approaches to serve children experiencing trauma, including the following:

(A) identifying by service area existing intervention programs for children and families and those populations served by each program, including the effectiveness of identified programs;

(B) determining whether there are any statewide or regional gaps in services for interventions on behalf of children and families;

(C) exploring previous and ongoing initiatives within the Agencies of Human Services and of Education that address trauma, including any gains achieved;

(D) considering, if necessary, a legislative proposal that targets the use of evidence-based or evidence-informed and cost-effective interventions for children and families based upon the strengths and weaknesses of existing services; and

(E) determining the fiscal impact and staffing needs related to any changes to State services proposed by the Working Group, including those that affect public schools.

(2) The Working Group shall take testimony from a diverse array of public and private stakeholders, including the Agency of Human Service’s Child and Family Trauma Advisory Committee.

(d)(1) Assistance. The Working Group shall have the administrative, technical, and legal assistance of the Office of Legislative Council. The Joint Fiscal Office and the Agencies of Education and of Human Services shall provide assistance to the Working Group as necessary.

(2) On or before August 15, 2017, the Agency of Human Services, in consultation with the Agency of Education, shall provide data and background materials relevant to the responsibilities of the Working Group to the Office of Legislative Council, including:
(A) a spreadsheet by service area of those programs or services that receive State or federal funds to provide intervention services for children and families and the eligibility criteria for each program and service;

(B) a compilation of grants to organizations that address childhood trauma and resiliency from the grants inventory established pursuant to 3 V.S.A. § 3022a;

(C) a summary as to how the Agencies currently coordinate their work related to childhood trauma prevention, screening, and treatment efforts;

(D) any training materials currently disseminated to early child care and learning professionals by the Agencies regarding the identification of students exposed to adverse childhood experiences and strategies for referring families to community health teams and primary care medical homes; and

(E) a description of any existing programming within the Agencies or conducted in partnership with local community groups that is aimed at addressing and reducing trauma and associated health risks to children.

(e) Proposed legislation. On or before November 1, 2017, the Working Group shall submit any recommended legislation to the House Committee on Human Services and the Senate Committee on Health and Welfare.

(f) Meetings.

(1) The Chair of the House Committee on Human Services or designee shall call the first meeting of the Working Group to occur on or before September 1, 2017.

(2) The Working Group shall select a chair from among its members at the first meeting.

(3) A majority of the membership shall constitute a quorum.

(4) The Working Group shall cease to exist on December 1, 2017.

(g) Reimbursement. For attendance at meetings during adjournment of the General Assembly, legislative members of the Working Group shall be entitled to per diem compensation and reimbursement of expenses pursuant to 2 V.S.A. § 406 for not more than six meetings.

(h) Appropriation. The sum of $7,704.00 is appropriated to the General Assembly from the General Fund in fiscal year 2018 for per diem compensation and reimbursement of expenses for members of the Working Group.

Sec. 4. ADVERSE CHILDHOOD EXPERIENCES; RESPONSE PLAN

(a) On or before January 15, 2019, the Agency of Human Services shall
present to the House Committees on Health Care and on Human Services and the Senate Committee on Health and Welfare, in response to the work completed by the Adverse Childhood Experiences Working Group established pursuant to Sec. 3 of this act, a plan that specially addresses the integration of evidence-informed and family-focused prevention, intervention, treatment, and recovery services for individuals affected by adverse childhood experiences. The plan shall address the coordination of services throughout the Agency and shall propose mechanisms for:

(1) improving and engaging community providers in the systematic prevention of trauma;

(2) case detection and care of individuals affected by adverse childhood experiences; and

(3) ensuring that grants to the Agency of Human Services’ community partners related to children and families strive toward accountability and community resilience.

(b) On or before February 1, 2018, the Agency of Human Services shall update the Senate Committee on Health and Welfare and the House Committees on Health Care and on Human Services on work being done in advance of the response plan required by subsection (a) of this section.

Sec. 5. CURRICULUM; ADVERSE CHILDHOOD EXPERIENCES

The General Assembly recommends that the State Colleges and University of Vermont’s College of Medicine, College of Nursing and Health Sciences, and College of Education and Social Services expressly include information in their curricula pertaining to adverse childhood experiences and their impact on short- and long-term physical and mental health outcomes.

§ 248a. CERTIFICATE OF PUBLIC GOOD FOR COMMUNICATIONS FACILITIES

* * *

(j) Telecommunications facilities of limited size and scope.

* * *

(2)(A) Any party person seeking to proceed under the procedures authorized by this subsection shall file a proposed certificate of public good and proposed findings of fact with its application, and provide. Within two business days of notification from the Board that the filing is complete, the applicant shall serve notice and a copy of the application, proposed certificate of public good, and proposed findings of fact to the Commissioner of Public Service and its Director for Public Advocacy, the Secretary of Natural Resources, the Division for Historic Preservation, the Natural Resources Board if the application concerns a telecommunications facility for which a permit previously has been issued under 10 V.S.A. chapter 151, and each of the legislative bodies and municipal and regional planning commissions in the communities in which the applicant proposes to construct or install facilities. At the same time the applicant files the documents specified in this subdivision with the Board. Within two business days of notification from the Board that the filing is complete, the applicant also shall serve written notice of the proposed certificate on the landowners of record of property adjoining the project site or sites unless the Board has previously determined on request of the applicant that good cause exists to waive or modify the notice requirement with respect to such landowners. Such notice shall request comment to the Board within 30 days of the notice date of service on the question of whether the application raises a significant issue with respect to the substantive criteria of this section. If the Board finds that an application raises a significant issue with respect to the substantive criteria of this section, the Board shall hear evidence on any such issue.

* * *

(C) If the Board accepts a request to consider an application under the procedures of this subsection, then unless the Public Service Board subsequently determines that an application raises a significant issue, the Board shall issue a final determination on an application filed pursuant to this subsection within 45 days of its filing or, if the original filing did not substantially comply with the Public Service Board’s rules, within 60 days of the date on which the Clerk of the Board notifies the applicant that the filing is complete. If, subsequent to acceptance of an application under this subsection, the Board rules that an application raises a significant issue, it shall issue a final determination on an application filed pursuant to this subsection within 90 days of its filing or, if the original filing did not substantially comply
with the Public Service Board’s rules, within 90 days of the date on which the Clerk of the Board notifies the applicant that the filing is complete.

***(k) De minimis modifications.** An applicant intending to make a de minimis modification of a telecommunications facility shall provide written notice of its intent, including a description of the de minimis modification, its plans for the de minimis modification, and its certification that the project constitutes a de minimis modification under this section, to the following: the landowner of record of the property on which the facility is located; the legislative body of the municipality in which the applicant proposes to undertake such limited modifications to the facility; and the Commissioner of Public Service and his or her Director for Public Advocacy. Unless an objection to the classification of a proposed project as a de minimis modification is filed with the Board within 21 days of this notice, a certificate of public good shall be issued. Objections may be filed only by persons entitled to notice of this proposed project pursuant to this subsection. If an objection of the classification of the proposed project as a de minimis modification is timely filed with the Board, the Board may determine whether the intended project meets the definition of de minimis modification established in subdivision (b)(2) of this section.

The Department may allocate the expenses incurred in retaining these personnel to the applicant in accordance with section 21 of this title. The Department may commence retention of these personnel once the applicant has filed the 45-day notice under subsection (e) of this section. A municipal legislative body or planning commission may request that the Department retain these personnel. Granting such a request shall not oblige the Department or the personnel it retains to agree with the position of the municipality.

(a) On or before December 15, 2017, the Secretary of State shall submit a report on the exemption of the Public Service Board from the Vermont Open Meeting Law, 1 V.S.A. § 312(e). The report shall evaluate whether the Board should continue to have a complete exemption from the Open Meeting Law or whether its exemption should be limited, as with other administrative boards, to the Board’s deliberations in connection with quasi-judicial proceedings. The report shall set out the reasons favoring and disfavoring each of these outcomes and provide the Secretary of State’s recommendation. In preparing the report, the Secretary of State shall consult with the Attorney General and the Public Service Board.

Fifth: In Sec. 26, effective dates, in the first sentence, by striking out “Secs. 14 through 25a” and inserting in lieu thereof Secs. 14, 15, 22, 23, 25, and 25a

The Committee of Conference to which were referred the disagreeing votes of the two Houses upon House Bill entitled:
H. 513. An act relating to making miscellaneous changes to education law.

Respectfully reports that it has met and considered the same and recommends that the Senate accede to the House Proposal of Amendment to the Senate Proposal of Amendment and that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

* * * Act 46 Findings and Purpose * * *

Sec. 1. FINDINGS AND PURPOSE

(a) 2015 Acts and Resolves No. 46 established a multi-year, phased process that provides multiple opportunities for school districts to unify existing governance units into more “sustainable governance structures” designed to meet the General Assembly’s identified educational and fiscal goals while recognizing and reflecting local priorities. It has been the General Assembly’s intent to revitalize Vermont’s small schools—to promote equity in their offerings and stability in their finances—through these changes in governance.

(b) While Vermont generally does an excellent job educating our children, we fall short in two critical areas. First, we are not as successful as we need to be in educating children from families with low income, and second, while we have a very high graduation rate from our high schools, not enough of our graduates continue their education. Fulfilling the goals of Act 46 is a critical step in addressing these shortcomings.

(c) As of May 1, 2017, voters in 105 Vermont towns have voted to merge 113 school districts into slightly larger, more sustainable governance structures, resulting in the creation of 23 new unified districts (serving prekindergarten–grade 12 students). As a result, approximately 60 percent of Vermont’s school-age children live or will soon live in districts that satisfy the goals of Act 46.

(d) These slightly larger, more flexible unified union districts have begun to realize distinct benefits, including the ability to offer kindergarten–grade 8 choice among elementary schools within the new district boundaries; greater flexibility in sharing students, staff, and resources among individual schools; the elimination of bureaucratic redundancies; and the flexibility to create magnet academies, focusing on a particular area of specialization by school.

(e) Significant areas of the State, however, have experienced difficulty satisfying the goals of Act 46. The range of complications is varied, including operating or tuitioning models that differ among adjoining districts, geographic isolation due to lengthy driving times or inhospitable travel routes between proposed merger partners, and greatly differing levels of debt per equalized pupil between districts involved in merger study committees.
This act is designed to make useful changes to the merger time lines and allowable governance structures under Act 46 without weakening or eliminating the Act’s fundamental phased merger and incentive structures and requirements. Nothing in this act should be interpreted to suggest that it is acceptable for a school district to fail to take reasonable and robust action to seek to meet the goals of Act 46.

* * * Side-by-Side Structures * * *

Sec. 2. 2012 Acts and Resolves No. 156, Sec. 15 is amended to read:

Sec. 15. TWO OR MORE MERGERS; REGIONAL EDUCATION DISTRICT INCENTIVES

(a) Notwithstanding 2010 Acts and Resolves No. 153, Sec. 3(a)(1) of No. 153 of the Acts of the 2009 Adj. Sess. (2010) that requires a single regional education district (“RED”) to have an average daily membership of at least 1,250 or result from the merger of at least four districts, or both, two or more new districts shall be eligible jointly for the incentives provided in Sec. 4 of No. 153, Sec. 4 if:

* * *

(3) one of the new districts provides education in all elementary and secondary grades by operating one or more schools and the other new district or districts pay tuition for students in one or more grades; each new district has a model of operating schools or paying tuition that is different from the model of the other, which may include:

(A) operating a school or schools for all resident students in prekindergarten through grade 12;

(B) operating a school or schools for all resident students in some grades and paying tuition for resident students in the other grades; or

(C) operating no schools and paying tuition for all resident students in prekindergarten through grade 12;

* * *

(b) The incentives provided under this act shall be available only if the new districts receive final approval of their electorate on or before November 30, 2017. This section is repealed on July 1, 2019.

Sec. 3. THREE-BY-ONE SIDE-BY-SIDE STRUCTURE; EXEMPTION FROM STATEWIDE PLAN

If the conditions of this section are met, the Merged District and the Existing District shall be exempt from the requirement under 2015 Acts and Resolves No. 46, Secs. 9 and 10, to self-evaluate and make a proposal to the Secretary of Education and State Board of Education and from the State
Board’s statewide plan, and the Merged District shall be eligible for the incentives provided in 2010 Acts and Resolves No. 153, Sec. 4 as amended by 2012 Acts and Resolves No. 156 and 2015 Acts and Resolves No. 46.

(1) The new district is formed by the merger of at least three existing districts (Merged District) and, together with one existing district (an Existing District) are members of the same supervisory union (Three-by-One Side-by-Side Structure) that is operational as a unit on the day on which the Merged District becomes operational.

(2) As of March 7, 2017, town meeting day, the Existing District was either:

(A) geographically isolated, due to lengthy driving times or inhospitable travel routes between the Existing District’s school or schools and the nearest school in which there is excess capacity as determined by the State Board of Education; or

(B) structurally isolated, because all adjoining school districts have operating or tuitioning models that differ from the Existing District; provided, however, that an Existing District shall not be disqualified from being structurally isolated due to the fact that one or more adjoining school districts that have merged or reached final agreement to merge under 2010 Acts and Resolves No. 153, 2012 Acts and Resolves No. 156, or 2015 Acts and Resolves No. 46, each as amended, have the same operating or tuitioning model as the Existing District.

(3) The Merged District and the Existing District have, following the receipt of all approvals required under this section, models of operating schools or paying tuition that are different from each other. These models are:

(A) operating a school or schools for all resident students in prekindergarten through grade 12;

(B) operating a school or schools for all resident students in some grades and paying tuition for resident students in the other grades; or

(C) operating no schools and paying tuition for all resident students in prekindergarten through grade 12.

(4) The Three-by-One Side-by-Side Structure meets all criteria, other than the size criterion (average daily membership of at least 1,250), for formation of a unified union school district under 2010 Acts and Resolves No. 153, Sec. 3 and otherwise as provided in this section.

(5) The Existing District and either the Merged District or the districts proposing to merge into the Merged District jointly submit a proposal to the State Board after the effective date of this section. The proposal may be made
either by districts that have not yet presented a merger proposal to the electorate or by a Merged District that received voter approval to merge on or after July 1, 2010. The proposal shall demonstrate that:

(A) the Three-by-One Side-by-Side Structure is better suited to them than a governance structure described in 2015 Acts and Resolves No. 46, Sec. 6 and will meet the goals set forth in Sec. 2 of that act;

(B) the Existing District meets one or more of the criteria set forth in subdivision (2) of this subsection;

(C) the Existing District has a detailed action plan to continue to improve its performance in connection with each of the goals set forth in 2015 Acts and Resolves No. 46, Sec. 2.

(6) The Existing District and the districts proposing to merge into the Merged District obtain State Board approval of their proposal to form the proposed Three-by-One Side-by-Side Structure.

(7) The Existing District obtains the approval of its electorate to be an Existing District in the proposed Three-by-One Side-by-Side Structure on or before November 30, 2017.

(8) The districts proposing to merge into the Merged District receive final approval from their electorates for the merger proposal on or before November 30, 2017, and the Merged District becomes fully operational on or before July 1, 2019.

Sec. 4. TWO-BY-TWO-BY-ONE SIDE-BY-SIDE STRUCTURE; REGIONAL EDUCATION DISTRICT INCENTIVES

(a) If the conditions of this section are met, each Merged District and the Existing District shall be exempt from the requirement under 2015 Acts and Resolves No. 46, Secs. 9 and 10 to self-evaluate and make a proposal to the Secretary of Education and State Board of Education and from the State Board’s statewide plan, and, except as provided under subsection (b) of this section, each Merged District shall be eligible for the incentives provided in 2010 Acts and Resolves No. 153, Sec. 4 as amended by 2012 Acts and Resolves No. 156 and 2015 Acts and Resolves No. 46.

(1) Each new district is formed by the merger of at least two existing districts (each a Merged District) and, together with an Existing District, are members of the same supervisory union (Two-by-Two-by-One Side-by-Side Structure) that is operational as a unit on the day on which the Merged Districts become operational.

(2) As of March 7, 2017, town meeting day, the Existing District was either:
(A) geographically isolated, due to lengthy driving times or inhospitable travel routes between the Existing District’s school or schools and the nearest school in which there is excess capacity as determined by the State Board of Education; or

(B) structurally isolated, because all adjoining school districts have operating or tuitioning models that differ from the Existing District; provided, however, that an Existing District shall not be disqualified from being structurally isolated due to the fact that one or more adjoining school districts that have merged or reached final agreement to merge under 2010 Acts and Resolves No. 153, 2012 Acts and Resolves No. 156, or 2015 Acts and Resolves No. 46, each as amended, have the same operating or tuitioning model as the Existing District.

(5) The Existing District and either the Merged Districts or the districts proposing to merge into the Merged Districts jointly submit a proposal to the State Board after the effective date of this section. The proposal may be made either by districts that have not yet presented a merger proposal to the electorate or by Merged Districts that received voter approval to merge on or after July 1, 2010. The proposal shall demonstrate that:

(B) the Existing District meets one or more of the criteria set forth in subdivision (2) of this subsection (a); and

(C) the Existing District has a detailed action plan to continue to
improve its performance in connection with each of the goals set forth in 2015 Acts and Resolves No. 46, Sec. 2.

(6) The Existing District and the districts proposing to merge into the Merged Districts obtain State Board approval of their proposal to form the proposed Two-by-Two-by-One Side-by-Side Structure.

(8) The districts proposing to merge into each Merged District receive final approval from their electorates for the merger proposal on or before November 30, 2017, and each Merged District becomes fully operational on or before July 1, 2019.

(9) Each Merged District has the same effective date of merger.

(b) Notwithstanding subsection (a) of this section, a Merged District shall not be eligible to receive incentives under this section if the District already received or is eligible to receive incentives under 2010 Acts and Resolves No. 153, 2012 Acts and Resolves No. 156, or 2015 Acts and Resolves No. 46, each as amended.

§ 4230. MARIJUANA

(a) Possession and cultivation.

(1)(A) No person shall knowingly and unlawfully possess more than one ounce of marijuana or more than five grams of hashish or cultivate more than two mature marijuana plants or four immature marijuana plants. For a first offense under this subdivision (A), a person shall be provided the opportunity to participate in the Court Diversion Program unless the prosecutor states on the record why a referral to the Court Diversion Program would not serve the ends of justice. A person convicted of a first offense under this subdivision shall be imprisoned not more than six months or fined not more than $500.00, or both.

(B) A person convicted of a second or subsequent offense of knowingly and unlawfully possessing more than one ounce of marijuana or more than five grams of hashish or cultivating more than two mature marijuana plants or four immature marijuana plants shall be imprisoned not more than
two years or fined not more than $2,000.00, or both.

(C) Upon an adjudication of guilt for a first or second offense under this subdivision, the court may defer sentencing as provided in 13 V.S.A. § 7041 except that the court may in its discretion defer sentence without the filing of a presentence investigation report and except that sentence may be imposed at any time within two years from and after the date of entry of deferment. The court may, prior to sentencing, order that the defendant submit to a drug assessment screening which may be considered at sentencing in the same manner as a presentence report.

Failure of the court to advise the defendant of a particular collateral consequence shall not support a motion to vacate.

(6) The amounts of marijuana in this subsection shall not include marijuana cultivated, harvested, and stored in accordance with section 4230e of this title.

Sec. 17. **DISPARITIES IN ENFORCEMENT OF DRUG LAWS; MARIJUANA REGULATORY COMMISSION**

(a) Findings. The General Assembly finds that:

(1) A 2013 report by the American Civil Liberties Union, *The War on Marijuana in Black and White*, identified Vermont as 15th in the country and first in New England when comparing discrepancies in citation and arrest rates
for marijuana possession. The report stated that African-Americans in Vermont were 4.36 times more likely to be cited or arrested for marijuana possession than whites, higher than the national average of African-Americans being 3.73 more likely than whites to be cited or arrested for marijuana possession. Although Vermont later decriminalized possession of small amounts of marijuana, a 2016 report by Human Rights Watch and the ACLU, *Every 25 Seconds: The Human Toll of Criminalizing Drug Use in the United States*, found that Vermont had the third-highest racial disparity in drug possession arrest rates in the country despite nearly identical use rates.

(2) In the report, *Driving While Black or Brown in Vermont*, University of Vermont researchers, examining 2015 data from 29 police agencies covering 78 percent of Vermont’s population, found significant disparities in how often African-Americans and Hispanics are stopped, searched, and arrested, as compared to whites and Asians. According to the report, African-American drivers are four times more likely than white drivers to be searched by Vermont police, even though they are less likely to be found with illegal items.

(3) As part of efforts to eliminate implicit bias in Vermont’s criminal justice system, policymakers must reexamine the State’s drug laws, beginning with its policy on marijuana.

(4) According to a 2014 study conducted by the RAND Corporation, an estimated 80,000 Vermont residents regularly consume marijuana. Except for patients on the Vermont Medical Marijuana Registry, these Vermonters obtain marijuana through a thriving illegal market.

(5) In November 2016, voters in Massachusetts and Maine approved possession and cultivation of marijuana for personal use by adults 21 years of age or older. In July 2018, both states will begin to allow retail sales of marijuana and marijuana-infused products through licensed stores. Canada is expected to act favorably on legislation legalizing marijuana possession and cultivation for adults 18 years of age or older and federal administration officials have cited the summer of 2018 as the date at which licensed retail stores will begin selling marijuana and marijuana-infused products to the public.

(6) By adopting a comprehensive regulatory structure for legalizing and licensing the marijuana market, Vermont can revise drug laws that have a disparate impact on racial minorities, help prevent access to marijuana by youths, better control the safety and quality of marijuana being consumed by Vermonters, and use revenues to support substance use prevention and education and enforcement of impaired driving laws.

(b) Creation. There is created the Marijuana Regulatory Commission.
(c) Membership. The Commission shall be composed of the following nine members:

(1) two current members of the House of Representatives and one member of the public who all shall be appointed by the Speaker of the House;

(2) two current members of the Senate and one member of the public who all shall be appointed by the Committee on Committees;

(3) the Attorney General or designee;

(4) the Secretary of Agriculture, Food and Markets or designee; and

(5) one member appointed by the Governor.

(d) Powers and duties. The Commission shall develop legislation that establishes a comprehensive regulatory and revenue system for an adult-use marijuana market that, when compared to the current illegal marijuana market, increases public safety and reduces harm to public health.

(e) Assistance. The Commission shall have the administrative, technical, and legal assistance of the Office of Legislative Council and the Joint Fiscal Office for the purpose of preparing legislation and shall have the technical assistance of the Agency of Agriculture, Food and Markets.

(f) Legislation. On or before November 1, 2017, the Commission shall provide the General Assembly and the Governor with its recommended legislation.

(g) Meetings.

(1) The Office of Legislative Council shall call the first meeting of the Commission to occur on or before August 1, 2017.

(2) The members shall elect a chair from the membership.

(3) A majority of the membership shall constitute a quorum.

(h) Reimbursement.

(1) For attendance at meetings during adjournment of the General Assembly, legislative members of the Commission shall be entitled to per diem compensation and reimbursement of expenses pursuant to 2 V.S.A. § 406 for no more than six meetings.

(2) Other members of the Commission who are not employees of the State of Vermont and who are not otherwise compensated or reimbursed for their attendance shall be entitled to per diem compensation and reimbursement of expenses pursuant to 32 V.S.A. § 1010.
Sec. 18. EFFECTIVE DATE

This section and Sec. 17 shall take effect on passage and the remaining sections shall take effect on July 1, 2018.

**Rep. Batchelor of Derby** explained her vote as follows:

“Madam Speaker:

I voted NO on S.22. How can we say we value and cherish our young children and then pass a bill that could put them in harm’s way?

Shame on us!”

**Rep. Cina of Burlington** explained his vote as follows:

“Madam Speaker:

Substance use, in the absence of other violations of the law, ought to be treated as a health care issue, not a crime. The stigma that comes with prohibition creates barriers to treatment and intensifies the shame, guilt, and pain that drive addiction. Instead of judging and punishing people for the way that they deal with pain or even seek pleasure, let’s empower people to make healthier choices and to work towards wellness and recovery.”

**Rep. Howard of Rutland City** explained her vote as follows:

“Madam Speaker:
I voted no. I sincerely hope the Marijuana Regulatory Commission develops a timely plan to develop roadside testing, increased education and increase in trained officers. I support law enforcement. Thank you.”

Rep. Lucke of Hartford explained her vote as follows:

“Madam Speaker:

My vote today supports a year of intentional planning in Vermont as marijuana legalization takes root in our region of the country and Canada.”

Rep. Stevens of Waterbury explained his vote as follows:

“Madam Speaker:

Newsflash! 80,000 Vermonters smoke pot. And many of them illegally pay a dealer for it because it is less risky than growing it. The drug is here. The money is here. I would rather deal with people with a legal addiction - just like opioids, alcohol, lottery, smoking, and gambling - than perpetuate the myths as we have today.”

Rep. Wood of Waterbury explained her vote as follows:

“Madam Speaker:

80,000 Vermonters are proof that burying our heads in the sand has not proven effective in limiting the black market. Moving toward a regulated market will improve our ability to protect and educate our youth. That’s why I voted yes.”

Rules Suspended; Report of Committee of Conference Adopted

H. 503

Pending entrance of the bill on the Calendar for notice, on motion of Rep. Turner of Milton, the rules were suspended and House bill, entitled

Was taken up for immediate consideration.

The Speaker placed before the House the following Committee of Conference report:

Thereafter, the court may release the probationer pursuant to 13 V.S.A. § 7554. There shall be no right to bail or release, unless the person is on probation for a nonviolent misdemeanor or nonviolent felony and the probation violation did not constitute a new crime.

(B) As used in this subdivision section:

Sec. 9. 23 V.S.A. § 1202 is amended to read:
§ 1202. CONSENT TO TAKING OF TESTS TO DETERMINE BLOOD ALCOHOL CONTENT OR PRESENCE OF OTHER DRUG

(a)(1) Implied consent. Every person who operates, attempts to operate, or is in actual physical control of any vehicle on a highway in this State is deemed to have given consent to an evidentiary test of that person’s breath for the purpose of determining the person’s alcohol concentration or the presence of other drug in the blood. The test shall be administered at the direction of a law enforcement officer.

(2) Blood test. If breath testing equipment is not reasonably available or if the officer has reason to believe that the person is unable to give a sufficient sample of breath for testing or if the law enforcement officer has reasonable grounds to believe that the person is under the influence of a drug other than alcohol, the person is deemed to have given consent to the taking of an evidentiary sample of blood. If in the officer’s opinion the person is incapable of decision or unconscious or dead, it is deemed that the person’s consent is given and a sample of blood shall be taken. A blood test sought pursuant to this subdivision (2) shall be obtained pursuant to subsection (f) of this section.

(3) Evidentiary test. The evidentiary test shall be required of a person when a law enforcement officer has reasonable grounds to believe that the person was operating, attempting to operate, or in actual physical control of a vehicle in violation of section 1201 of this title.

(4) Fatal collision or incident resulting in serious bodily injury. The evidentiary test shall also be required if the person is the surviving operator of a motor vehicle involved in a fatal incident or collision or an incident or collision resulting in serious bodily injury and the law enforcement officer has reasonable grounds to believe that the person has any amount of alcohol or other drug in his or her system.

(b) If the person refuses to submit to an evidentiary test it shall not be given, except as provided in subsection (f) of this section, but the refusal to take a breath test may be introduced as evidence in a criminal proceeding.

(f) If a blood test is sought from a person pursuant to subdivision (a)(2) of this section, or if a person who has been involved in an accident or collision resulting in serious bodily injury or death to another refuses an evidentiary test, a law enforcement officer may apply for a search warrant pursuant to Rule 41 of the Vermont Rules of Criminal Procedure to obtain a sample of blood for an evidentiary test. If a blood sample is obtained by search warrant, the fact of the refusal may still be introduced in evidence, in addition to the results of the evidentiary test. Once a law enforcement official begins the application process for a search warrant, the law enforcement official is not obligated to
discontinue the process even if the person later agrees to provide an evidentiary breath sample. The limitation created by Rule 41(g) of the Vermont Rules of Criminal Procedure regarding blood specimens shall not apply to search warrants authorized by this section.

**Rep. Donahue of Northfield** explained her vote as follows:

“Madam Speaker:

This bill is about creating a code of ethics, but the amendment eliminates the role of public notice, and comment on, the code. Transparency does not merely support ethics, it is at the very heart of ethics. Allowing development of a code of ethics without requiring a public process is antithetical to its very definition.”

**Rep. Gannon of Wilmington** explained his vote as follows:

“Madam Speaker:

At a time when there are serious ethical concerns in our nation’s capital, this bill is an important step in governmental transparency and public integrity for Vermont.”
Rep. Mrowicki of Putney explained his vote as follows:

“Madam Speaker:

My yes vote is agreement with your Government Operations committee’s work that takes us a step forward. With this bill our constituents can see there are standards to which were held accountable and we can join all the other states that have passed similar legislation. And, given what’s happening on the national scene right now, we can start re-building trust in elected public officials at the state level. Thanks to your Government Operations committee for taking on this complex and necessary work.”

         (i) Potential changes to the eligibility criteria for existing programs,
(ii) Use of performance-based structures.

(iii) Self-administration of energy efficiency by a commercial and industrial customer, with payment of an energy efficiency charge (EEC) amount only for technical assistance by an EEU, if the customer demonstrates that it possesses in-house expertise that supports such self-administration and implements energy efficiency measures that the customer demonstrates are cost-effective and save energy at a benefit-cost ratio similar to the EEU.

(B) The potential inclusion of such methods and incentives in EEU demand resource plans.

(C) Periodic reporting by the EEUs of participation rates in self-administration of energy efficiency by commercial and industrial customers located in the small towns in the State’s rural areas. As used in this subdivision (C):

(i) “Rural area” means a county of the State designated as “rural” or “mostly rural” by the U.S. Census Bureau in its most recent decennial census.

(ii) “Small town” means a town in a rural area of the State with a population of less than 5,000 at the date of the most recent U.S. Census Bureau decennial census.

(2) The potential establishment of a multiyear pilot program that allows a category of commercial and industrial customers to apply the total amount of their Energy Efficiency Charge (EEC), for the period of the pilot, to investments that reduce the customer’s total energy consumption.

(A) The goal of such a program would be to reduce significantly all energy costs for the customer, and to transform the energy profile of the customer such that significant savings would be generated and endure over the long term. Customers in the program would receive the full amount of their EEC contributions, for the period of the pilot, in the form of direct services and incentives provided by an EEU, which would consider how to lower customers’ bills cost-effectively across electric, heating, transportation, and process fuels using energy efficiency, demand management, energy storage, fuel switching, and on-site renewable energy.

(B) In the report, the Commissioner shall consider:

(i) the definition of eligible commercial and industrial customers;

(ii) the potential establishment and implementation of such a program in a manner similar to an economic development rate for the EEU;

(iii) the interaction of such a program with the existing programs for self-managed energy efficiency under 30 V.S.A. § 209(d), including the
Energy Savings Account, Self-Managed Energy Efficiency, and Customer Credit Programs;

(iv) the benefits and costs of such a program, including:

(I) a reduction in the operating costs of participating customers;

(II) the effect on job retention and creation and on economic development;

(III) the effect on greenhouse gas emissions;

(IV) the effect on systemwide efficiency benefits that would otherwise be obtained with the EEC funds, such as avoided supply costs, avoided transmission and distribution costs, avoided regional network service charges, and lost revenues from the regional forward-capacity market;

(V) the potential impact on commercial and industrial customers that may not be eligible to participate in such a program;

(VI) the extent to which such a program may result in cost shifts or subsidization among rate classes, and methods for avoiding or mitigating these effects;

(VII) the effect on the budgets developed through the demand resource planning process;

(VIII) the costs of administration;

(IX) any other benefits and costs of the potential program; and

(v) the consistency of such a program with least-cost planning as defined in 30 V.S.A. § 218c; with State energy goals and policy set forth in 10 V.S.A. §§ 578, 580, and 581 and 30 V.S.A. §§ 202a and 218e; and with the State energy plans adopted pursuant to 30 V.S.A. §§ 202 and 202b.

(c) The report submitted under this section shall include a proposed timeline to phase in the recommendations contained in the report. In developing this timeline, the Commissioner shall consider the impact to the established budgets of the EEUs, the regulatory requirements applicable to the EEUs, and the value of rapid implementation of the recommendations.

Sec. 6. 30 V.S.A. § 209(d)(3) is amended to read:

(3) Energy efficiency charge; regulated fuels. In addition to its existing authority, the Board may establish by order or rule a volumetric charge to customers for the support of energy efficiency programs that meet the requirements of section 218c of this title, with due consideration to the State’s energy policy under section 202a of this title and to its energy and economic policy interests under section 218e of this title to maintain and enhance the
State’s economic vitality. The charge shall be known as the energy efficiency charge, shall be shown separately on each customer’s bill, and shall be paid to a fund administrator appointed by the Board and deposited into the Electric Efficiency Fund. When such a charge is shown, notice as to how to obtain information about energy efficiency programs approved under this section shall be provided in a manner directed by the Board. This notice shall include, at a minimum, a toll-free telephone number, and to the extent feasible shall be on the customer’s bill and near the energy efficiency charge.

*** Task Force to Create the Department of Liquor and Lottery ***

Sec. 166. FINDINGS AND PURPOSE

(a) The General Assembly finds:

(1) The Department of Liquor Control and the State Lottery serve similar roles in Vermont’s government by generating significant revenue for the State through the sales of a controlled product.

(2) The Department of Liquor Control is responsible for enforcing Vermont’s laws related to alcoholic beverages and tobacco.

(3) The Department is overseen by the Liquor Control Board, which also grants alcohol and tobacco licenses, serves as a quasi-judicial body to adjudicate violations by licensees, and adopts rules necessary to implement the
alcoholic beverage and tobacco laws. The Liquor Control Board is composed of five members that are appointed by the Governor for staggered five-year terms. Each member receives per diem compensation for attendance at meetings.

(4) The Lottery Commission oversees and manages the Vermont Lottery and adopts rules necessary to operate it. It is composed of five members that are appointed by the Governor for three-year terms. Each member receives per diem compensation for attendance at meetings.

(5) The respective responsibilities and duties of the Liquor Control Board and Lottery Commission place significant demands on their part-time, volunteer members.

(5) identify and examine the positive and negative impacts of creating the Department of Liquor and Lottery with respect to the State’s ability to control the distribution of alcoholic beverages, tobacco products, and lottery products without diminishing the Department of Liquor Control’s and State Lottery’s respective contributions to the General Fund and the Education Fund; and

(6) develop a plan and draft legislation necessary to accomplish on or before July 1, 2018 the merger of the Department of Liquor Control and the Liquor Control Board with the State Lottery and the Lottery Commission in order to create the Department of Liquor and Lottery and the Board of Liquor and Lottery. **Senate Proposal of Amendment Not Concurred in; Committee of Conference Requested and Appointed; Rules Suspended; Bill Messaged to Senate Forthwith**

H. 509

The Senate proposed to the House to amend House bill, entitled

An act relating to calculating statewide education tax rates

The Senate concurs in the House proposal of amendment with the following proposal of amendment thereto:

First: In Sec. 1, subdivision (1), by striking out “$10,077.00” and inserting in lieu thereof $10,280.00, and in subdivision (2), by striking out “$11,851.00” and inserting in lieu thereof $12,132.00

Second: By striking out the reader assistance and Secs. 2a and 2b (sales and use tax allocation) in their entirety and inserting in lieu thereof new Secs. 2a and 2b to read:

Sec. 2a. [Deleted.]

Sec. 2b. [Deleted.]

Third: By striking out the reader assistance and Secs. 3 through 5 (unfunded mandates) in their entirety and inserting in lieu thereof new Secs. 3 through 5 to read:

Sec. 3. [Deleted.]

Sec. 4. [Deleted.]

Sec. 5. [Deleted.]
Fourth: By striking out Sec. 7 (health care transition) in its entirety and inserting in lieu thereof the following:

Sec. 7. SAVINGS FROM HEALTH CARE TRANSITION

(a)(1) As a result of the Affordable Care Act, as of January 1, 2018, all school employees will be on new health care plans. The new health plans cover the same health care services and networks, but they have lower premium costs. The new plans also create higher out-of-pocket exposure through deductibles and co-payment requirements. However, because the premiums for these plans are markedly lower, there are opportunities to keep employees’ out-of-pocket costs at current levels while also realizing up to $26,000,000.00 in annual savings, which would equal approximately $13,000,000.00 in savings for the second half of fiscal year 2018. These health care savings are returned to taxpayers by reducing homestead property tax rates for fiscal year 2018.

(2) These health care savings can be achieved by an 80/20 employer/employee premium split pegged to the Gold CDHP plan in plan year 2018, and employer contributions toward employees’ out-of-pocket costs in amounts that hold school employees harmless over the out-of-pocket exposure for plan year 2017.

(b)(1) For fiscal year 2018 only, each supervisory union and school district shall be responsible for achieving through health care savings an amount equal to a proportional share of $13,000,000.00. Savings shall not be achieved by reducing any expenditure related to direct instructional services. For fiscal year 2019 and after, the budgets for all supervisory unions and school districts shall continue to reflect these health care savings.

(2) The Secretary of Administration, in collaboration with the Agency of Education, shall consult with the Vermont Education Health Initiative to determine the proportional amount of total health care savings that each supervisory union or school district shall be responsible for achieving in fiscal year 2018 based on the assumptions described in subdivision (a)(2) of this section and on the number of covered employees per plan tier in each supervisory union or school district in plan year 2017.

(3) On or before June 1, 2017, the Agency of Education shall notify each supervisory union or school district of the amount of health care savings for which it is responsible pursuant to subdivision (2) of this subsection.

(c) Notwithstanding any other provision of law, for fiscal year 2018 only, the State shall reduce the amount of education payments to supervisory unions and schools districts authorized by 16 V.S.A. chapter 133 by $13,000,000.00, by subtracting the amount of savings allocated to each supervisory union or
school district in subsection (b) of this section from the payments due to that supervisory union or school district.

(d) As used in this section, the terms “supervisory union” and “school district” shall have the same meaning as in 16 V.S.A. § 11.

Fifth: By striking out Sec. 8 (effective dates) in its entirety and inserting in lieu thereof two new sections to be Secs. 8 and 9 to read as follows:

Sec. 8. VERMONT EDUCATIONAL HEALTH BENEFITS COMMISSION

Sec. B.1. 24 V.S.A. chapter 138 is added to read:

CHAPTER 138. RURAL ECONOMIC DEVELOPMENT INFRASTRUCTURE DISTRICTS

§ 5701. PURPOSE

The purpose of this chapter is to enable formation of special municipal districts to finance, own, and maintain infrastructure that provides economic development opportunities in rural and underresourced areas of the State, including areas within one or more municipalities. Specifically, this chapter provides mechanisms for public and private partnerships, including opportunities for tax-incentivized financing and voluntary citizen engagement, to help overcome density and economic hardship.

§ 5702. ESTABLISHMENT; GENERAL PROVISIONS

(a) Establishment. Upon written application by 20 or more voters within a proposed district or upon its own motion, the legislative body of a municipality may establish a rural economic development infrastructure district. The application shall describe the infrastructure to be built or acquired; the plan for financing its acquisition; the anticipated economic benefit; the source of revenues for loan, bond, or lease payments; and plans for retention and disbursement of excess revenues, if any. The application also shall clearly
state that the proposed district shall not have authority to levy taxes upon the 
grand list and may not levy service charges or fees upon any underlying 
municipality except for services used by such municipality, its own officers, 
and employees in the operation of municipal functions. Notice of 
establishment of a district shall be recorded as provided in subsection (e) of 
this section, posted in at least three public places within the municipality for at 
least 30 days, and published in a newspaper of general circulation within the 
municipality not more than 10 days from the date of establishment by the 
legislative body. Following 40 days from the later of the date of establishment 
by the legislative body of the municipality or an affirmative vote under 
subdivision (d)(1) or (2) of this section, the district shall be deemed to be a 
body politic and corporate, capable of exercising those powers and 
prerogatives explicitly granted by the legislative body of the municipality in 
accordance with this chapter and the district’s establishment application.

(b) Districts involving more than one municipality. Where the limits of a 
proposed district include two or more municipalities, or portions of two or 
more municipalities, the application required by this section shall be made to 
and considered by the legislative body of each such municipality.

(c) Alteration of district limits. The legislative body of a municipality in 
which a district is located may alter the limits of a district upon application to 
the governing board of the district, provided the governing board gives prior 
written consent. A district expansion need not involve contiguous property. 
Notice of an alteration of the limits of a district shall be recorded as provided 
in subsection (e) of this section, posted in at least three public places within the 
municipality for at least 30 days, and published in a newspaper of general 
circulation within the municipality not more than 10 days from the date of the 
legislative body’s decision to alter the limits of a district.

(d)(1) Contestability. If a petition signed by five percent of the voters of 
the municipality objecting to the proposed establishment or alteration of limits 
of a district is presented to the municipal clerk within 30 days of the date of 
posting and publication of the notice required by subsection (a) or (c) of this 
section, as applicable, the legislative body of the municipality shall cause the 
question of whether the municipality shall establish or alter the limits of the 
district to be considered at a meeting called for that purpose. The district shall 
be established in accordance with the application or the limits altered unless a 
majority of the voters of the municipality present and voting votes to 
disapprove such establishment or alteration of limits.

(2) If a petition signed by five percent of the voters of the municipality 
objecting to a legislative body’s decision denying the establishment or the 
alteration of limits of a district is presented to the municipal clerk within 
30 days of the legislative body’s decision, the legislative body shall cause the
question of whether the municipality shall establish or alter the limits of the
district to be considered at an annual or special meeting called for that purpose.

(e) Recording. A record of the establishment of a district and any alteration
of district limits made by a legislative body shall be filed with the clerk of each
municipality in which the district is located, and shall be recorded with the
Secretary of State.

§ 5703. LIMITATIONS; TAXES; INDEBTEDNESS; EMINENT DOMAIN

the underlying municipalities. It shall draft the district’s bylaws specifying the
size, composition, quorum requirements, and manner of appointing members
to the permanent governing board. The bylaws shall require that a majority of
the board shall be appointed annually by the legislative bodies of the
underlying municipalities. Board members shall serve staggered, three-year
terms, and shall be eligible to serve successive terms. The legislative bodies of
the municipalities in which the district is located shall fill board vacancies, and
may remove board members at will. Any bylaws developed by the governing
board under this subsection shall be submitted for approval to the legislative
bodies of the municipalities within the district and shall be considered duly
adopted 45 days from the date of submission, provided none of the legislative
bodies disapprove of the bylaws.
(c) First meeting. The first meeting of the district shall be called upon 30 days’ posted and published notice by a presiding officer of a legislative body in which the district is located. Voters within a municipality in which the district is located are eligible to vote at annual and special district meetings. At the first meeting of the district, and at each subsequent annual meeting, there shall be elected from among board members a chair, vice chair, clerk, and treasurer who shall assume their respective offices upon election. At the first meeting, the fiscal year of the district shall be established and rules of parliamentary procedure shall be adopted. (d) Annual and special meetings. Unless otherwise established by the voters, the annual district meeting shall be held on the second Monday in January and shall be warned by the clerk or, in the clerk’s absence or neglect, by a member of the board. Special meetings shall be warned in the same manner on application in writing by five percent of the voters of the district. A warning for a district meeting shall state the business to be transacted. The time and place of holding the meeting shall be posted in two or more public places in the district not more than 40 days nor less than 30 days before the meeting and recorded in the office of the clerk before the same is posted.

(e) Annual report. The district shall report annually to the legislative bodies and the citizens of the municipalities in which the district is located on the results of its activities in support of economic growth, job creation, improved community efficiency, and any other benefits incident to its activities.

§ 5705. OFFICERS

The treasurer shall keep a record of every obligation issued and contract entered into by the district and of every payment made. The treasurer shall keep correct books of account of all the business and transactions of the district and such other books and accounts as the board may require. The treasurer shall render a statement of the condition of the finances of the district at each regular meeting of the board and at such other times as required of the treasurer. The treasurer shall prepare the annual financial statement and the budget of the district for distribution, upon approval of the board, to the legislative bodies of district members. * * * Financial Technology * * *

Sec. G.1. FINANCIAL TECHNOLOGY

(a) The General Assembly finds:

(1) The field of financial technology is rapidly expanding in scope and application.

(2) These developments present both opportunities and challenges.

(3) On the opportunity side, Vermont has been a leader in previous innovations in finance in contexts such as captive insurance.

(4) The existing Vermont legislation on blockchain technology and other aspects of e-finance have given Vermont the potential for leadership in this new era of innovation as well, with the possibility of expanded economic activity in the financial technology sector that would provide opportunities for employment, tax revenues, and other benefits.

(5) Furthermore, it is important for Vermonters that these developments proceed in ways that do not create avoidable risks for individuals and enterprises in the new e-economy.

(6) The legislative and regulatory response in Vermont will be critical to our ability to embrace the benefits of financial technology and to avoid challenges it may create.

(b)(1) In order to permit the legislature to respond to these developing opportunities and concerns on an informed basis, on or before November 30, 2017, the Center for Legal Innovation at Vermont Law School, in consultation with the Commissioner of Financial Regulation, the Secretary of Commerce and Community Development, and the Attorney General, shall submit a report to the General Assembly that includes:

(A) findings and recommendations on the potential opportunities and risks presented by developments in financial technology;

(B) suggestions for an overall policy direction and proposals for legislative and regulatory action that would effectively implement that policy direction; and
(C) measurable goals and outcomes that would indicate success in the implementation of such a policy.

(2) In developing the background for this report, the Center, Commissioner, Secretary, and Attorney General may consult such other constituencies and stakeholders within and outside the State as they may determine will be helpful to their considerations.

(b) The education and outreach shall specify the conditions or requirements for delegation, how a municipality can seek delegation, and contact information or other resource to provide additional information regarding delegation. The education and outreach may include educational materials, workshops, or classes regarding the ability of a municipality to be delegated under 10 V.S.A. § 1976 the permitting of sewer and water service connection.

(c) On or before January 15, 2018, the Secretary of Natural Resources shall submit a report to the Senate Committees on Natural Resources and Energy and on Economic Development, Housing and General Affairs and the House Committees on Natural Resources, Fish and Wildlife and on Commerce and Economic Development summarizing the education and outreach conducted or planned by the Secretary under the requirements of this section and whether any municipality has sought delegation of sewer and water service connection permitting under 10 V.S.A. § 1976 since the effective date of this act.

(B) The review shall take into account:

(A)(i) the amount of additional time, if any, needed to complete the proposed development within the tax increment district and the amount of additional cost that might be incurred if the project were to proceed without education property tax increment financing;

(B) The development includes new or rehabilitated affordable housing that is affordable to the majority of the residents living within the municipality and is developed at a higher density than at the time of application. “Affordable” has the same meaning as in 10 V.S.A. § 6001(29), as defined in 24 V.S.A. § 4303.

(C) The project will affect the remediation and redevelopment of a brownfield located within the district. Subchapter 6. Municipal Tax Increment Financing

§ 1903. DEFINITIONS

As used in this subchapter:

(1) “District” or “TIF” means a tax increment financing district.

(2) “Improvements” means the installation, new construction, or reconstruction of infrastructure to benefit a municipal tax increment financing district, including utilities, transportation, public facilities and amenities, land and property acquisition and demolition, and site preparation.
(3) “Legislative body” means the mayor and alderboard, the city council, the selectboard, or the president and trustees of an incorporated village, as appropriate.

(4) “Municipality” means a city, town, or incorporated village.

(5) “Original taxable value” means the total valuation as determined in accordance with 32 V.S.A. chapter 129 of all taxable real property located within the tax increment financing district as of the creation date as set forth in section 1904 of this subchapter, provided that no parcel within the district shall be divided or bisected by the district boundary.

(6) “Related costs” means expenses incurred and paid by the municipality, exclusive of the actual cost of constructing and financing improvements, that are directly related to the creation and implementation of a municipal tax increment financing district, including reimbursement of sums previously advanced by the municipality for those purposes, direct municipal expenses such as departmental or personnel costs related to creating or administering the project, and audit costs allocable to the district.

§ 1904. MUNICIPAL TAX INCREMENT FINANCING DISTRICT

(a) General authority. Notwithstanding any provision of subchapter 5 of this chapter or 32 V.S.A. § 5404a to the contrary, upon approval of the legislative body of any municipality, a municipality may create a municipal tax increment financing district, and may incur debt to provide funding for improvements and related costs for the district.

(b) Municipal approval; voter approval.

(1) The legislative body of the municipality shall hold one or more public hearings to consider a municipal tax increment financing plan. Following public notice, hearing, and opportunity to comment, the legislative body of the municipality may grant approval of the plan.

(2) When adopted by the act of the legislative body of that municipality, the plan shall be recorded with the municipal clerk and lister or assessor, and the creation of the district shall occur at 12:01 a.m. on April 1 of the calendar year so voted by the municipal legislative body.

(3) The municipality may only incur debt for the project if the voters of the municipality approve the debt obligation by a majority vote at a regular or special meeting for which voting upon the debt obligation was properly warned.

(4) Following final voter approval, the municipality has up to five years to incur debt pursuant to the financing plan.

(c) Life of district.
(1) A municipality may incur indebtedness against revenues of the municipal tax increment financing district over any period authorized by the legislative body of the municipality.

(2) Any indebtedness incurred under subdivision (1) of this subsection may be retired over any period authorized by the legislative body of the municipality.

(3) The district shall continue until the date and hour the indebtedness is retired or, if no debt is incurred, after the period authorized by the legislative body of the municipality to incur indebtedness.

(d) Financing. During the life of an active district, the following apply, notwithstanding any provision of law to the contrary:

(1) Valuation.
   
   (A) Within 30 days of voter approval pursuant to subsection (b) of this section, the lister or assessor for a municipality shall certify to the legislative body of the municipality the original taxable value of a tax increment financing district as of the date the voters approved the debt obligation.

   (B) On or before June 30 following voter approval and annually thereafter, the lister or assessor shall assess and certify to the legislative body the current value of a project parcel.

(2) Tax rate.

   (A) The lister or assessor shall use the original taxable value of a project parcel when computing the municipal tax rate.

   (B) When calculating the amount of tax due on a project parcel, the treasurer shall apply the municipal tax rate to the current assessed value, rather than the original taxable value.

(3) Tax increment.

   (A) The “tax increment” is the amount of tax paid on a project parcel, as calculated pursuant to subdivision (2)(B) of this subsection (d) using the current assessed value, that exceeds the amount of tax that would have been due if the tax rate were applied to the original taxable value.

   (B) The municipality may retain any share of the municipal tax increment to service the debt, beginning the first year in which debt is incurred.

   (C) A municipal tax increment financing district created pursuant to this subchapter is not authorized to retain any education property tax increment.
(D) A municipality shall segregate the tax increment in a special account and in its official books and records.

(4) Use of tax increment.

(A) As of each date the municipality receives a tax payment and retains a portion of the tax increment pursuant to this section, the municipality shall use the portion of the municipal tax increment that is necessary to pay costs actually incurred as of that date for debt service and related costs.

(B) If, after paying for improvements and related costs, there remains any excess portion of the tax increment, the municipality may retain the increment to prepay principal and interest on the financing, use for future financing payments, or use for defeasance of the financing.

(e) Annual audit.

(1) The municipality shall ensure that the segregated account for the tax increment financing district required by this section is subject to the annual audit requirements prescribed in sections 1681 and 1690 of this title.

(2) Any audit procedures shall include verification of the original taxable value and current assessed value, expenditures for project debt service and related costs, annual and total tax increment funds generated, and allocation of tax increment funds.

*** Health Care Provisions; Employer Assessment ***

Sec. 16. 32 V.S.A. chapter 245 is added to read:

CHAPTER 245. HEALTH CARE FUND CONTRIBUTION ASSESSMENT

§ 10501. PURPOSE
For the purpose of more equitably distributing the costs of health care to uninsured residents of this State, an employers’ health care fund contribution is established to provide a fair and reasonable method for sharing health care costs with employers that do not offer their employees health care coverage and employers that offer insurance but whose employees enroll in Medicaid.

§ 10502. DEFINITIONS

As used in this chapter:

1. “Employee” means an individual who is:
   A. 18 years of age or older for all of a calendar quarter,
   B. employed full-time or part-time, and
   C. reported by an employer for purposes of complying with Vermont unemployment compensation law pursuant to 21 V.S.A. chapter 17.

2. “Employer” means a person who is required to furnish unemployment insurance coverage pursuant to 21 V.S.A. chapter 17.

3. (A) “Full-time equivalent” or “FTE” means the number of employees expressed as the number of employee hours worked during a calendar quarter divided by 520. The FTE calculation shall be based on a 40-hour work week. No more than one FTE may be assessed against an individual employee, regardless of the actual number of hours worked by that employee during the calendar quarter.
   (B) The hours worked during a calendar quarter means hours worked during all pay periods in that quarter for which gross wages were reported and paid. Unworked hours, such as vacation or sick time, may be excluded from the FTE calculation.
   (C) “Full-time equivalent” shall not include any employee hours attributable to a seasonal employee or part-time employee of an employer who offers health care coverage to all of its regular full-time employees, provided that the seasonal employee or part-time employee has health care coverage under either a private plan or any public plan except Medicaid.

4. “Health care coverage” shall mean any private or public plan that includes both hospital and physician services.

5. “Part-time employee” shall mean an employee who works for an employer for fewer than 30 hours a week or fewer than 390 hours in a calendar quarter.

6. “Seasonal employee” means an employee who:
   A. works for an employer for 20 weeks or fewer in a calendar
year; and

(B) works in a job scheduled to last 20 weeks or fewer.

(7) “Uncovered employee” means:

(A) an employee of an employer who does not offer to pay any part of the cost of health care coverage for its employees;

(B) an employee who is not eligible for health care coverage offered by an employer to any other employees; or

(C) an employee who is offered and is eligible for coverage by the employer but elects not to accept the coverage and:

(i) is enrolled in Medicaid;

(ii) has no other health care coverage under either a private or public plan except Medicaid; or

(iii) has purchased health insurance coverage as an individual through the Vermont Health Benefit Exchange.

§ 10503. HEALTH CARE FUND CONTRIBUTION ASSESSMENT

(a) The Commissioner of Taxes shall assess and an employer shall pay a quarterly Health Care Fund contribution for each full-time equivalent uncovered employee employed during that quarter in excess of four full-time equivalent employees.

(b) The amount of the contribution shall be $158.77 for each full-time equivalent employee in excess of four. Starting in calendar year 2018, the amount of the contribution shall be adjusted by a percentage equal to any percentage change in premiums for the second lowest-cost silver-level plan in the Vermont Health Benefit Exchange.

(c) Health Care Fund contribution assessments under this chapter shall be determined on a calendar quarter basis, due and payable on or before the 25th day of the calendar month succeeding the close of each quarter. All administrative provisions of chapter 151 of this title shall apply to this chapter, except penalty and interest shall apply according to chapter 103 of this title.

(d) Revenues from the Health Care Fund contributions collected shall be deposited into the State Health Care Resources Fund established under 33 V.S.A. § 1901d.

(e)(1) Notwithstanding any provision of law to the contrary, the Department of Taxes shall provide the Joint Fiscal Office with all returns or return information relating to the Health Care Fund contribution assessment except information that would identify a taxpayer. The information sharing
required by this subsection shall occur quarterly within a reasonable time following the return due date for each quarter.

(2) When handling information shared pursuant to this subsection, the Joint Fiscal Office shall be subject to the same requirements and penalties as employees of the Department of Taxes under section 3102 of this title. It shall be considered an unauthorized disclosure for an officer, employee, or agent of the Joint Fiscal Office to disclose returns or return information provided pursuant to this subsection that does not combine a taxpayer’s information with at least nine other taxpayers.

§ 10504. HOURS WORKED BY UNCOVERED EMPLOYEES;
CALCULATION AND REPORTING

(a) Employers shall report to the Department of Taxes the number of hours worked by each uncovered employee on a return provided by the Department. The return shall be filed at the same time payment is required under subsection 10503(c) of this chapter, shall be filed electronically, and shall include any information required by the Commissioner.

(b) Quarterly health care contributions shall be calculated in the following manner:

(1) An employer shall divide the total hours worked by all uncovered employees during a quarter by 520, to represent one full-time equivalent employee. The employer shall then round the resulting number down to the nearest whole number and subtract four. The employer shall then multiply the resulting number by the amount established under subsection 10503(b) of this chapter to determine the amount of assessment due for the quarter.

(A) For full-time salaried employees, employers shall use 520 hours a quarter for the total hours worked.

(B) For all employees who worked more than 520 hours in a quarter, employers shall use 520 hours a quarter for the total hours worked.

(2) The Commissioner shall provide an electronic declaration of health care coverage form for employers to collect the health coverage statuses of their employees for purposes of this assessment. The form shall preserve the confidentiality of the type of coverage possessed by the employee and the employer shall only use the form for purposes of this assessment.

(A) An employer shall annually obtain a declaration of health care coverage from every employee who is not enrolled in a plan offered by the employer.

(B) An employer shall maintain declarations of health care coverage for a minimum of three years in a manner reasonably available for review.
and audit.

(C) Employees for whom no declaration of coverage is obtained shall be treated as uncovered.

(c) In the case of an employee leasing agreement, leased employees shall be considered employees of a client company and not employees of an employee leasing company.

§ 10505. HEALTH BENEFIT COSTS

(a) Employers shall provide their employees with an annual statement indicating:

(1) the total monthly premium cost paid for any employer-sponsored health benefit plan;

(2) the employer’s share and the employee’s share of the total monthly premium; and

(3) any amount the employer contributes toward the employee’s cost-sharing requirement or other out-of-pocket expenses.

(b) Notwithstanding the provisions of subsection (a) of this section, an employer who reports the cost of coverage under an employer-sponsored health benefit plan as required by 26 U.S.C. § 6051(a)(14) shall be deemed to be in full compliance with the requirements of this section.

Sec. 17. 32 V.S.A. § 3102(d) is amended to read:

(d) The Commissioner shall disclose a return or return information:

* * *

(5) to the Attorney General, if such return or return information relates to chapter 205 of this title or 33 V.S.A. chapter 19, subchapters 1A and 1B, for purposes of investigating potential violations of and enforcing 7 V.S.A. chapter 40, 20 V.S.A. chapter 173, subchapter 2A, and 33 V.S.A. chapter 19, subchapters 1A and 1B; and

§ 5412. REDUCTION OF LISTED VALUE AND RECALCULATION OF EDUCATION TAX LIABILITY

(a)(1) If a listed value is reduced as the result of an appeal or court action, and if the municipality files a written request with the Commissioner within 30 days after the date of the determination, entry of the final order, or settlement agreement if the Commissioner determines that the settlement value is the fair market value of the parcel, the Commissioner made pursuant to section 4461 of this title, a municipality may submit a request for the Director of Property Valuation and Review to recalculate its education property tax liability for the education grand list value lost due to a determination, declaratory judgment, or settlement. The Director shall recalculate the municipality’s education property tax liability for the each year at issue, in accord with the reduced valuation, provided that:

(A) the The reduction in valuation is the result of an appeal under chapter 131 of this title to the Director of Property Valuation and Review or to a court, with no further appeal available with regard to that valuation, or any judicial decision with no further right of appeal, or a settlement of either an appeal or court action if the Commissioner determines that the settlement value is the fair market value of the parcel;

(B) the The municipality notified the Commissioner of the appeal or court action, in writing, within 10 days after notice of the appeal was filed under section 4461 of this title or after the complaint was served; and submits the request on or before January 15 for a request involving an appeal or court action resolved within the previous calendar year.
(C) as a result of the valuation reduction of the parcel, the value of the municipality’s grand list is reduced at least one percent. [Repealed.]

(D) The Director determines that the municipality’s actions were consistent with best practices published by the Property Valuation and Review in consultation with the Vermont Assessors and Listers Association. The municipality shall have the burden of showing that its actions were consistent with the Director’s best practices.

(2) A determination of the Director made under subdivision (1) of this subsection may be appealed within 30 days by an aggrieved municipality to the Commissioner for a hearing to be held in accordance with 3 V.S.A. §§ 809–813. The Commissioner’s determination may be further appealed to Superior Court, which shall review the Commissioner’s determination using the record that was before the Commissioner. The Commissioner’s determination may only be overturned for abuse of discretion.

(3) Upon the Director’s request, a municipality submitting a request under subdivision (1) of this subsection shall include a copy of the agreement, determination or final order, and any other documentation necessary to show the existence of these conditions.

(b) To the extent that the municipality has paid that liability, the Commissioner shall allow a credit for any reduction in education tax liability against the next ensuing year’s education tax liability or, at the request of the municipality, may refund to the municipality an amount equal to the reduction in education tax liability.

(c) If a listed value is increased as the result of an appeal under chapter 131 of this title or court action, whether adjudicated or settled and the Commissioner determines that the settlement value is the fair market value of the parcel, with no further appeal available with regard to that valuation, the Commissioner shall recalculate the municipality’s education property tax for each year at issue, in accord with the increased valuation, and shall assess the municipality for the additional tax at the same time the Commissioner assesses the municipality’s education tax liability for the next ensuing year, unless the resulting assessment would be less than $300.00. Payment under this section shall be due with the municipality’s education tax liability for the next ensuing year.

(d) Recalculation of education property tax under this section shall have no effect other than to reimburse or assess a municipality for education property tax changes which result from property revaluation.

(e) A reduction made under this section shall be an amount equal to the loss in education grand list value multiplied by the tax rate applicable to the subject
property in the year the request is submitted. However, the total amount for all reductions made under this section in one year shall not exceed $100,000.00. If total reductions for a calendar year would exceed this amount, the Director shall instead prorate the reductions proportionally among all municipalities eligible for a reduction so that total reductions equal $100,000.00.

(f) Prior to the issuance of a final administrative determination or judicial order, a municipality may request that the Director certify that best practices were followed for purposes of meeting the requirements of subdivision (a)(1)(D) of this section. The Director may choose to grant certification, deny certification, or refrain from a decision until a request is submitted under subdivision (a)(1) of this section. The Director shall consider the potential impact on the Education Fund, the unique character of the subject property or properties, and any extraordinary circumstances when deciding whether to grant certification under this subsection. The Director shall be bound by a decision to grant certification unless the municipality agrees to a settlement after such certification was made.

A study committee report may also provide terms for leases governing the management of these same capital assets.

(b) A transfer of assets included in a study committee report under this section and approved under 16 V.S.A. chapter 11 shall not be considered a sale for the purpose of the refund upon sale requirement of 16 V.S.A. § 3448(b).

(c) As used in this section, a union school district established under 16 V.S.A. chapter 11 includes a school district voluntarily created pursuant to 2015 Acts and Resolves No. 46, Sec. 6 or 7, or a regional education district, or any other district eligible to receive incentives pursuant to 2010 Acts and Resolves No. 153, as amended by 2012 Acts and Resolves No. 156 and 2013 Acts and Resolves No. 56.

Sec. 29c. CALCULATION OF TAX RATES FOR MEMBER TOWNS IN VOLUNTARY SCHOOL GOVERNANCE Mergers

(a) Definitions. As used in this section:

(1) “Five percent provision” means collectively the provisions in 2010 Acts and Resolves No. 153, 2012 Acts and Resolves No. 156, and 2015 Acts and Resolves No. 46, limiting a town’s equalized homestead property tax rate increase or decrease, and related household income percentage adjustments to five percent in a single year during the years in which the corresponding tax rate reductions apply to a new union school district’s equalized unified homestead property rate.

(2) “Tax rate reductions” means collectively the equalized homestead property tax rate reductions, and related household income percentage

(3) “Education spending in the prior fiscal year” means the total education spending of all merging districts in the year prior to merger, divided by the total number of equalized pupils of all the merging districts in the year prior to merger.

(4) “Tax rate of a member town” means collectively the equalized homestead property tax rate, and related household income percentage reductions, for the referenced town.

(b) Tax rate reduction review.

(2) In a fiscal year in which the tax rate reductions are applied to a new union school district, if the district’s education spending per equalized pupil increases by more than four percent over its education spending per equalized pupil in the prior fiscal year, then it shall be subject to a Tax Rate Reduction Review.

(3) Upon the request of the Secretary, a union school district shall submit its budget to Tax Rate Reduction Review to determine whether its increase in education spending per equalized pupil was beyond the school district’s control or for other good cause. In conducting the Review, the Secretary will select three business managers and three superintendents to serve in an advisory role in the Review. The Review shall consider at least the following factors:

(A) the extent to which the increase in education spending per equalized pupil is caused by declining enrollment in the union school district;

(B) the extent to which the increase in education spending per equalized pupil is caused by unifying employee contracts in the course of the union school district formation process; and

(C) the extent to which the increase in education spending per equalized pupil is caused by increases in tuition paid by the union school district.

(4) If, at the conclusion of the Review, the Secretary determines that the union school district’s budget contains excessive increases in educational
spending per equalized pupil that are within the district’s control and are not supported by good cause, then union school district rates for the fiscal year will be determined as follows:

(A) The tax rate of a member town that would otherwise be increased by no more than five percent shall be increased by no more than five percent plus the difference between a four percent increase in education spending per equalized pupil and the actual increase in the union school district’s education spending per equalized pupil.

(B) The tax rate of a member town that would otherwise be decreased by no more than five percent shall be decreased by no more than five percent minus the difference between a four percent increase in education spending per equalized pupil and the actual increase in the union school district’s education spending per equalized pupil.

Rep. Beck of St. Johnsbury explained his vote as follows:

“Madam Speaker:

The H. 509 conference Report does nothing to reduce property taxes. What it does is use phantom savings and one-time reserve money to create an illusion that voters will clearly realize, and pay for dearly in FY19.”

Rep. Sharpe of Bristol explained his vote as follows:

“Madam Speaker:

I applaud the efforts of the speaker to reach a compromise with the Governor on this important subject. When the Governor insists on significant cost increases for hard working school support staff including bus drivers, para professional classroom aids, janitors and school cafeteria workers, it leaves me no option but to disagree and help pass a bill that requires thoughtful analysis of a system to make Vermont more affordable for all.”

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

Teachers are on the front lines every day taking care of our state's most precious assets, our children and our young people. Madam Speaker, those of us in the House are concerned about property taxes, and we heard Vermonters' call to lower property taxes. We did that by developing a responsible plan. Madam Speaker, as a member of the House, I am not willing to take anything away from the people who take care of our state's most precious asset, our
children and our young people. Madam Speaker, I commend all those who carefully crafted this bill, which strikes a balance between lowering property taxes and taking care of Vermont's youth.”

**Rep. Wright of Burlington** explained his vote as follows:

“Madam Speaker:

The answer to the Governor’s proposal to maximize savings to property taxes, help our local school boards deal with a massively complex issue, while still holding teachers harmless, was an illusion. We have failed our property taxpayers once again. The cry of 'where is the beef' or 'where are the savings', will be heard clear across Vermont.”

**Rep. Yantachka of Charlotte** explained his vote as follows:

“Madam Speaker:

The right of employees to enter into collective bargaining with their employer is a right that was hard-fought and won over the last century and a half. It is a right that we should not throw away. My yes vote underlies my support for this sacred principle.”

**H. 518**
TO THE SENATE AND HOUSE OF REPRESENTATIVES:

The Committee of Conference to which were referred the disagreeing votes of the two Houses upon House Bill entitled:

H. 518. An act relating to making appropriations for the support of government.

Respectfully reports that it has met and considered the same and recommends that the Senate recede from its proposal of amendment and that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. A.100 SHORT TITLE

(a) This bill may be referred to as the BIG BILL – Fiscal Year 2018 Appropriations Act.

Sec. A.101 PURPOSE

(a) The purpose of this act is to provide appropriations for the operations of State government during fiscal year 2018. It is the express intent of the General Assembly that activities of the various agencies, departments, divisions, boards, and commissions be limited to those which can be supported by funds appropriated in this act or other acts passed prior to June 30, 2017. Agency and department heads are directed to implement staffing and service levels at the beginning of fiscal year 2018 so as to meet this condition unless otherwise directed by specific language in this act or other acts of the General Assembly.

Sec. A.102 APPROPRIATIONS

(a) It is the intent of the General Assembly that this act serve as the primary source and reference for appropriations for fiscal year 2018.

(b) The sums herein stated are appropriated for the purposes specified in the following sections of this act. When no time is expressly stated during which any of the appropriations are to continue, the appropriations are single-year appropriations and only for the purpose indicated and shall be paid from funds shown as the source of funds. If in this act there is an error in either addition or subtraction, the totals shall be adjusted accordingly. Apparent errors in referring to section numbers of statutory titles within this act may be disregarded by the Commissioner of Finance and Management.

(c) Unless codified or otherwise specified, all narrative portions of this act apply only to the fiscal year ending on June 30, 2018.

Sec. A.103 DEFINITIONS

(a) As used in this act:
(1) “Encumbrances” means a portion of an appropriation reserved for the subsequent payment of existing purchase orders or contracts. The Commissioner of Finance and Management shall make final decisions on the appropriateness of encumbrances.

(2) “Grants” means subsidies, aid, or payments to local governments, to community and quasi-public agencies for providing local services, and to persons who are not wards of the State for services or supplies and means cash or other direct assistance, including pension contributions.

(3) “Operating expenses” means property management, repair and maintenance, rental expenses, insurance, postage, travel, energy and utilities, office and other supplies, equipment, including motor vehicles, highway materials, and construction, expenditures for the purchase of land and construction of new buildings and permanent improvements, and similar items.

(4) “Personal services” means wages and salaries, fringe benefits, per diems, contracted third-party services, and similar items.

Sec. A.104 RELATIONSHIP TO EXISTING LAWS

(a) Except as specifically provided, this act shall not be construed in any way to negate or impair the full force and effect of existing laws.

Sec. A.105 OFFSETTING APPROPRIATIONS

(a) In the absence of specific provisions to the contrary in this act, when total appropriations are offset by estimated receipts, the State appropriations shall control, notwithstanding receipts being greater or less than anticipated.

Sec. A.106 FEDERAL FUNDS

(a) In fiscal year 2018, the Governor, with the approval of the Legislature or the Joint Fiscal Committee if the Legislature is not in session, may accept federal funds available to the State of Vermont, including block grants in lieu of or in addition to funds herein designated as federal. The Governor, with the approval of the Legislature or the Joint Fiscal Committee if the Legislature is not in session, may allocate all or any portion of such federal funds for any purpose consistent with the purposes for which the basic appropriations in this act have been made.

(b) If, during fiscal year 2018, federal funds available to the State of Vermont and designated as federal in this and other acts of the 2017 session of the Vermont General Assembly are converted into block grants or are abolished under their current title in federal law and reestablished under a new title in federal law, the Governor may continue to accept such federal funds for any purpose consistent with the purposes for which the federal funds were appropriated. The Governor may spend such funds for such purposes for no
more than 45 days prior to Legislative or Joint Fiscal Committee approval. Notice shall be given to the Joint Fiscal Committee without delay if the Governor intends to use the authority granted by this section, and the Joint Fiscal Committee shall meet in an expedited manner to review the Governor’s request for approval.

Sec. A.107 NEW POSITIONS

(a) Notwithstanding any other provision of law, the total number of authorized State positions, both classified and exempt, excluding temporary positions as defined in 3 V.S.A. § 311(11), shall not be increased during fiscal year 2018 except for new positions authorized by the 2017 session. Limited service positions approved pursuant to 32 V.S.A. § 5 shall not be subject to this restriction, nor shall positions created pursuant to the Position Pilot Program authorized in 2014 Acts and Resolves No. 179, Sec. E.100(d), as amended by 2015 Acts and Resolves No. 4, Sec. 74, and by 2016 Acts and Resolves No. 172, Sec. E.100.2, and as further amended by Sec. E.100.1 of this act.

(6) review of statewide operating expenses that include:

(A) physical space needs statewide for potential reduction of leased space or divestment of owned real estate where appropriate;

(B) examination of the alignment of the cost control incentives or disincentives in the State’s largest internal service fund programs, including fee for space, and innovation and information charges; and

(C) telecommunication services, postage equipment, and other equipment rentals.

The Secretary or designee shall also adopt rules to define crisis situations for the expenditure of the home heating fuel crisis funds, and to establish the income and asset eligibility requirements of households for receipt of crisis Home Heating Fuel Assistance, provided that no household shall be eligible whose gross household income is greater than 200 percent of the federal poverty level or is in excess of income maximums established by LIHEAP based on the income of all persons residing in the household. To the extent allowed by federal law, the Secretary or designee shall establish by rule a calculation of gross income based on the same rules used in 3SquaresVT, except that the Secretary or designee shall include additional deductions or exclusions from income required by LIHEAP.

Sec. F.6 33 V.S.A. § 2502(d) is amended to read:

not reduce the fiscal capacity of the State Office of Economic Opportunity to meet the budgetary obligations of the Weatherization Program as set forth in this chapter, and that in the event of approval by the Emergency Board, the Emergency Board so certifies.

Sec. F.7 33 V.S.A. § 2502(c) is amended to read:

(c) The Secretary of Human Services shall by rule establish rent stabilization agreements and provisions to recapture amounts expended for weatherization of a rental unit which exceed the amount of energy cost reductions projected to be obtained by eligible tenants of the unit. The time periods established for rent stabilization and recapture shall be set taking into account the size of benefits received by tenants and landlords as well as the effect on program participation. Funds recaptured under this section shall be deposited into the Home Weatherization Assistance Trust Fund established under section 2501 of this title.

Sec. F.8 18 V.S.A. § 7254(a) is amended to read:

(a) The Director of Health Care Reform and the commissioners of mental health, of health, and of Vermont health access shall ensure that the redesign of the mental health delivery system established in this chapter is an integral component of the health care reform efforts established pursuant to 3 V.S.A. § 2222a. ***  

*** Vermont Housing and Conservation Board;  
Housing Bond Proceeds for Affordable Housing ***  

Sec. I.1 FINDINGS AND PURPOSE; AFFORDABLE HOUSING BOND  

(a) Findings.  

(1) The General Assembly finds that investments are needed to help house the most vulnerable Vermonters as well as creating more homes for workers.  

(2) The shortage of affordable and available homes has been highlighted recently by:  

(A) the Vermont Futures Project of the Vermont Chamber of Commerce, which set a growth target of 5,000 new and improved housing units annually;  

(B) a national consultant’s recommendations for a Roadmap to End Homelessness, which calls for, over the next five years, 368 new units for permanent supportive housing and 1,251 new homes affordable to families with income that is not more than 30 percent of the median; and  

(C) the 2015 statewide housing needs assessment by Bowen National Research, which found the largest gaps in housing affordable to households with income below 30 percent of median and households with income between 85 percent and 120 percent of median, and found a lack of housing availability across the income spectrum.  

(b) Purpose and intent.  

(1) The purpose of Secs. I.1–I.12 of this act is to promote the development and improvement of housing for Vermonters.  

(2) It is the intent of the General Assembly:  

(A) to extend the clean water surcharge to provide an interim source of revenue for addressing water quality issues throughout the State;  

(B) to continue its work on identifying a long-term funding source or sources that are sufficient in scope and targeted in design to address these water quality issues; and  

(C) once one or more long-term funding sources are identified and enacted, but not later than July 1, 2027, to reduce the amount of the clean water surcharge to 0.04 percent.  

Sec. I.2 10 V.S.A. § 314 is added to read:
§ 314. AFFORDABLE HOUSING BOND; INVESTMENT

The Vermont Housing and Conservation Board shall use the proceeds of bonds, notes, and other obligations issued by the Vermont Housing Finance Agency pursuant to subdivision 621(22) of this title and transferred to the Vermont Housing and Conservation Trust Fund to fund the creation and improvement of owner-occupied and rental housing for Vermonters with very low to middle income, in areas targeted for growth and reinvestment, as follows:

(1) not less than 25 percent of the housing shall be targeted to Vermonters with very low income, meaning households with income below 50 percent of area median income;

(2) not less than 25 percent of the housing shall be targeted to Vermonters with moderate income, meaning households with income between 80 and 120 percent of area median income; and

(3) the remaining housing shall be targeted to Vermonters with income that is less than or equal to 120 percent of area median income, consistent with the provisions of this chapter.

Sec. l.3 10 V.S.A. § 323 is amended to read:

§ 323. ANNUAL REPORT

Prior to January 31 of each year, the Board shall submit a report concerning its activities to the Governor and legislative committees on agriculture, natural resources and energy, appropriations, ways and means, finance, and institutions to the House Committees on Agriculture and Forestry, Appropriations, on Corrections and Institutions, on Natural Resources, Fish and Wildlife, and on Ways and Means and the Senate Committees on Agriculture, on Appropriations, on Finance, on Institutions, and on Natural Resources and Energy. The report shall include, but not be limited to, the following:

Sec. l.4 32 V.S.A. § 9610 is amended to read:

§ 9610. REMITTANCE OF RETURN AND TAX; INSPECTION OF RETURNS
(a) Not later than 30 days after the receipt of any property transfer return, a town clerk shall file the return in the office of the town clerk and electronically forward a copy of the acknowledged return to the Commissioner; provided, however, that with respect to a return filed in paper format with the town, the Commissioner shall have the discretion to allow the town to forward a paper copy of that return to the department.

(b) The copies of property transfer returns in the custody of the town clerk may be inspected by any member of the public.

(c) Prior to distributions of property transfer tax revenues under 10 V.S.A. § 312, 24 V.S.A. § 4306(a), and 32 V.S.A. § subdivision 435(b)(10) of this title, one two percent of the revenues received from the property transfer tax shall be deposited in a special fund in the Department of Taxes for Property Valuation and Review administration costs.

(d)(1) Prior to any distribution of property transfer tax revenue under 10 V.S.A. § 312, 24 V.S.A. § 4306(a), subdivision 435(b)(10) of this title, and subsection (c) of this section, $2,500,000.00 of the revenue received from the property transfer tax shall be transferred to the Vermont Housing Finance Agency to pay the principal of and interest due on the bonds, notes, and other obligations authorized to be issued by the Agency pursuant to 10 V.S.A. § 621(22), the proceeds of which the Vermont Housing and Conservation Board shall use to create affordable housing pursuant to 10 V.S.A. § 314.

(2) As long as the bonds, notes, and other obligations incurred pursuant to subdivision (1) of this subsection remain outstanding, the rate of tax imposed pursuant to section 9602 of this title shall not be reduced below a rate estimated, at the time of any reduction, to generate annual revenues of at least $12,000,000.00.

*** Vermont Housing Finance Agency; Authority to Issue Bonds for Affordable Housing ***

Sec. I.5 10 V.S.A. § 621 is amended to read:

§ 621. GENERAL POWERS AND DUTIES

The Agency shall have all of the powers necessary and convenient to carry out and effectuate the purposes and provisions of this chapter, including without limitation those general powers provided a business corporation by 11A V.S.A. § 3.02 and those general powers provided a nonprofit corporation by 11B V.S.A. § 3.02 and including, without limiting the generality of the foregoing, the power to:

***

(21) use funds received from real estate trust and escrow accounts established under 26 V.S.A. § 2214(c), IORTA funds, for down payment and
closing cost assistance with priority given to persons and families at or below 90 percent of median income and to persons and families purchasing perpetually affordable housing;

(22) issue bonds, notes, and other obligations secured by the property transfer tax revenues transferred to the Agency pursuant to 32 V.S.A. § 9610(d).

Sec. I.6 10 V.S.A. § 631(l) is added to read:

(l)(1) The bonds, notes, and other obligations authorized to be issued pursuant to subdivision 621(22) of this title shall be secured by a pledge of the property transfer tax revenues to be transferred to the Agency pursuant to 32 V.S.A. § 9610(d) and shall mature on or before June 30, 2039.

(2) The Agency may issue the bonds, notes, and other obligations in one or more series at one time or from time to time, provided that the aggregate annual debt service on the bonds, notes, and other obligations shall not exceed $2,500,000.00 at any time.

(3) The Agency shall transfer the proceeds of the bonds, notes, and other obligations, less issuance fees and costs and required reserves, to the Vermont Housing and Conservation Trust Fund established pursuant to section 312 of this title for use by the Vermont Housing and Conservation Board as provided in section 314 of this title.

(4) The Agency, the Vermont Housing and Conservation Board, and the State Treasurer may execute one or more agreements governing the terms and conditions under which the property transfer tax revenues that secure the bonds, notes, and obligations shall be transferred to the Agency, and any other issues they determine appropriate.

*** Funding for Affordable Housing Bond Program; Allocation of Revenues; Intent ***

Sec. I.7 INTENT; FUNDING FOR AFFORDABLE HOUSING BOND PROGRAM; ALLOCATION OF PROPERTY TRANSFER TAX REVENUES

(a) Revenues from the property transfer tax, before the passage of this act, were allocated pursuant to statute as follows:

(1) The first two percent was deposited in a special fund in the Department of Taxes for Property Valuation and Review administration costs pursuant to 32 V.S.A. § 9610(c).

(2) Of the remaining 98 percent of the revenues:
(A) 17 percent was deposited in the Municipal and Regional Planning Fund created in 24 V.S.A. § 4306.

(B) 50 percent was deposited in the Vermont Housing and Conservation Trust Fund created in 10 V.S.A. § 312.

(C) 33 percent was deposited in the General Fund created in 32 V.S.A. § 435.

(b) Pursuant to Sec. I.4 of this act, in 32 V.S.A. § 9610(d), the first $2,500,000.00 of revenue generated from the property transfer tax is transferred to the Vermont Housing Finance Agency to service the bonds, notes, and other obligations incurred by the Agency pursuant to 10 V.S.A. § 621(22), the proceeds of which the Vermont Housing and Conservation Board shall use to create affordable housing pursuant to 10 V.S.A. § 314.

(c) Transferring the first $2,500,000.00 of property transfer tax revenues to the Vermont Housing Finance Agency for debt service reduces the amount of revenues available for allocation to the respective statutory recipients identified in subsection (a) of this section.

(d) To compensate for this reduction of available property transfer tax revenue, it is the intent of the General Assembly through this act to provide for the transfer of $2,500,000.00 to the Vermont Housing and Conservation Trust Fund, as follows:

1. Sec. D.100 of this act appropriates $11,304,840.00 in fiscal year 2018 from the Vermont Housing and Conservation Trust Fund to the Vermont Housing and Conservation Board. Upon the effective date of this act, the Board shall transfer the amount of $1,500,000.00 back to the Vermont Housing and Conservation Trust Fund, resulting in a fiscal year 2018 total appropriation to the Board of $9,804,840.00. In fiscal year 2018 only, the Commissioner of Taxes shall transfer the amount of $1,500,000.00 from the Vermont Housing and Conservation Trust Fund to the General Fund.

2. As provided in Sec. I.9 of this act, from July 1, 2017 until July 1, 2027, pursuant to 32 V.S.A. § 9602a, the Commissioner of Taxes shall annually transfer the first $1,000,000.00 in revenue generated by the clean water surcharge of 0.2 percent to the Vermont Housing and Conservation Trust Fund. In fiscal year 2018 only, the Commissioner shall transfer the amount of $1,000,000.00 from the Vermont Housing and Conservation Trust Fund to the General Fund.

3. After July 1, 2027, pursuant to 32 V.S.A. § 9602a as amended in Sec. I.10 of this act, the Commissioner of Taxes shall annually transfer the $1,000,000.00 in total revenue generated by the clean water surcharge of 0.04 percent to the Vermont Housing and Conservation Trust Fund.
As provided in Sec. I.11 of this act, the clean water surcharge will be repealed in its entirety on July 1, 2039.

**Rep. Botzow of Pownal** explained his vote as follows:

“Madam Speaker:

The budget’s support for economic development will make a difference for Vermonters. While living within our means, focused investments in career pathways, economic development marketing, micro businesses and small business development create opportunities across our state. Thank you!”

**Rep. Copeland-Hanzas of Bradford** explained her vote as follows:

“Madam Speaker:

The body supported this budget a few short weeks ago. We stood together 143-1 to put in place a careful, austere budget that will protect Vermonters in the event that the administration in D.C. accomplishes the devastating cuts to human services, health care and the environment they aspire to. We stood in near unanimity a few short weeks ago to protect this state from a devastating vision from D.C. The question today is – what has changed?”

**Rep. Lippert of Hinesburg** explained his vote as follows:

“Madam Speaker:

I vote yes to provide critical funds to support Vermonters with mental health needs. This budget prioritizes essential crisis support services, while directing much needed increased compensation to fund services to Vermonters with employees providing direct mental health and disability service needs.”

**Rep. Mrowicki of Putney** explained his vote as follows:

“Madam Speaker:
I whole heartedly support the hard work of you Appropriations Committee. In the best of circumstances, budgets are difficult. I especially applaud that our young children, the future of Vermont, will see a small increase of 25 million for early care and education. Given the daily chaos in Washington, I hope that chaos doesn’t spread to Vermont and that the hard work on this budget doesn’t get trumped by politics.”

Rep. Stevens of Waterbury explained his vote as follows:

“Madam Speaker:

Congratulations to the Appropriations Committee for creating a better budget than was passed nearly unanimously in April. Included in this budget is a 35 million dollar bond that will help commercial and nonprofit housing developers create hundreds of new housing units for low and middle income Vermonters. This budget also invests in programs that will help us shelter the homeless, keep them off the streets during extreme weather and allows communities to focus on building housing with reduced permitting and costs. This bill will go a long way to adding energy to our sluggish building economy. Thanks go to our Appropriations Committee, and to the committees of jurisdiction who contributed to this well thought out budget. I’ll be voting yes.”

Rep. Toll of Danville explained her vote as follows:

“Madam Speaker:

The budget before the body this evening includes no new taxes and no new fees and makes critical investments in Vermonters that have had the support of this chamber, the Senate and the Governor. This is a responsible budget. Growth rates are far below the forecasted revenue growth rate. All state funds grew from FY 17 to 18 at 0.7%. This is a budget that has been widely embraced and it should be supported on its merits.”

Rep. Turner of Milton explained his vote as follows:

“Madam Speaker:

This is a good budget, unfortunately it does not capture their nearly 75 million in savings achieved from new teacher health care policies mandated by the affordable care act. Thank you.”

Message from the Governor

The Governor has informed the House of Representatives that on the sixth day of June, 2017, he returned without signature and vetoed a bill originating in the House of the following title:

H. 509 An act relating to calculating statewide education tax rates

The Governor provided the following explanation:

“Pursuant to Chapter II, Section 11 of the Vermont Constitution, I am returning H.509, An Act Relating to Calculating Statewide Education Tax Rates without my signature because of my objections described herein.”
Please note, the following also addresses objections to H.518, *An Act Relating to Making Appropriations for the Support of Government*, as the two bills are inextricably linked and their relationship factors heavily into my decision to return both bills. H.518 will be returned to you in a separate message containing the same objections.

At the beginning of the session, I challenged the Legislature to give residents and businesses a break from new or higher taxes and fees in all bills passed this year. I also urged the Legislature to join me in the work of making Vermont more affordable in every way we can. H.509 and H.518 fail to achieve these goals and, as a result, I cannot support them as written. We must not be afraid to think, and legislate, differently in order to reverse our challenging demographic trends, grow the economy, and make Vermont more affordable. I have made a number of proposals to generate savings in the Education Fund, beginning with my first budget presentation. To date, the Legislature has rejected all such proposals and instead has passed H.509, which, together with and intrinsically linked to H.518, only worsens the unsustainable trajectory towards higher property taxes to support an education system with declining enrollment and extremely high per pupil costs. Instead, we have an opportunity to moderate those rates by rebasing school budgets through the transition to new plans in the Vermont Education Health Initiative (VEHI); and without asking school employees to pay more for healthcare.

Although H.509 appears to provide property tax relief for residential taxpayers, it does so through an unequal allocation of the tax burden to other Vermont property taxpayers and the unsustainable, irresponsible allocation of one-time revenue sources. More specifically, H.509 increases the nonresidential property tax rate from $1.535 per $100 of assessed value, to $1.555. Property taxes are not only an impediment to living in Vermont, but also a barrier to creating jobs in our state. Most of the “nonresidential” tax actually falls on Vermonters, like employers, renters and camp owners. In fact, the Department of Taxes reports that about 60 percent of the property that is classified as “non-residential” has a Vermont owner. Small and medium sized businesses are the backbone of our economy, and we must make Vermont a more affordable and attractive place to do business to increase opportunities for all Vermonters. I remain determined to achieving level property tax rates for all payer groups.

Also concerning is that buying down the average residential rate from $1.527 to $1.505 in H.509 is achieved in H.518 through two sources of one-time money. First, H.509 reduced the Education Fund’s stabilization reserves by $9.2 million to the Fund’s statutory minimum. Second, $26.1 million in the unallocated and unreserved balance in the Education Fund was applied as it has been over the past few years.
Although the unallocated/unreserved balance in the Education Fund has been used in previous sessions to buy down tax rates, it has been done so under the assumption that the balance will not be guaranteed year after year. According to the Agency of Education, the majority of this surplus was generated as the result of the consolidation of special education administration to the supervisory district level, from the local level, in 2010 through Act 153. Overbudgeting for this expense created a surplus in the Education Fund over the past several years. However, in H.518, the anticipated special education expenditures were budgeted to more accurately reflect actual costs and it is unlikely the surplus, if any, will be realized to the extent it has in the past, for use in future fiscal years. Achieving savings through the transition to the new VEHl health insurance benefits is critically important to filling the gap that will inevitably occur in Fiscal Year 2019 when this surplus is no longer generated.

This anticipated shortfall coupled with the decision to use $9.2 million of one-time money from the Education Fund stabilization reserves creates a steep cliff for taxpayers to make up in Fiscal Year 2019. These decisions, without a sustainable plan in place to fill the shortfall, expose taxpayers unnecessarily to the risk of an increase in property tax rates, could be of concern to the rating agencies, and are difficult to understand in a political climate where federal funding for school districts could be drastically reduced. This issue alone is sufficient to justify a veto. The use of the stabilization reserve coupled with the continued reliance on one-time funds predicated on prior year reversions that may not materialize in future fiscal years ensures the likelihood of future property tax increases. I cannot support a budget that makes expenditure choices that knowingly result in higher property tax rates in future years.

Moreover, the Legislature in H.509, Section 3, passed an additional one percent transfer of sales and use tax to the Education Fund which creates a General Fund shortfall in Fiscal Year 2019 and beyond. In H.518, Section D.101.1(a), the Legislature budgets a one-time Fiscal Year 2018 fund transfer of $3.3 million. Year after year the Legislature must reconcile a growing gap between what we want to provide Vermonters and what we can afford based on our incoming revenues. Taking steps today that do not account for known future shortfalls puts the Legislature on a trajectory to increase the tax and fee burden on Vermonters. We should be taking steps to curb education spending instead of continuing to increase non-property tax sources in the Education Fund, which in Fiscal Year 2018 total $525.1 million.

Section 5 of H.509 creates a Health Benefits Commission that I believe is set up to ensure impasse. Vermont’s school boards have clearly articulated over the past several months their need for a simplified process for negotiating the increasingly complex health insurance system.
Additionally, thus far the VT-NEA has shown great resistance to any change in the bargaining dynamic and to sending savings back to taxpayers. I agree it would be advantageous for these groups to be able to work through this issue without legislative interference. However, by including five representatives from labor organizations and five representatives from school boards and superintendents’ organizations, it is unlikely that these conversations will be fruitful. Additionally, the State will likely have a hand in administering a statewide health benefit if legislation is introduced, and has no representation on the Commission.

While I appreciate the Legislature’s willingness in H.509 to revisit this issue in the future, such as receiving findings from the Health Benefits Commission this November, and reopening contracts in September 2019, Vermont faces an immediate and growing crisis of affordability, and recapturing the available savings – without asking school employees to pay more or cutting programs for kids – can only happen during the unique set of circumstances at this moment. The reopening of contracts in September 2019 will not allow the Legislature to revisit this issue comprehensively, as contracts that settle prior to July 1, 2017 will be exempt. As we have seen from settlements to date, there is a wide range of healthcare coverage, and contracts range in length from 1 to 3 years. Therefore, this is setting up an unfair scenario for those negotiating parties that are currently at impasse, and an incentive for those who are still at the table to settle quickly. Without more explicit expectations set by the State, many agreements will likely include premium cost-sharing and out of pocket costs that eat away the available savings and, therefore, our ability to lower property tax rates.

It is essential to remember the alternatives which I have proposed, and which could have been taken up by the Legislature, to put Vermont on a new and more sustainable economic footing. Beginning with my recommended budget in January, I encouraged legislators to look for savings in the Education Fund, specifically in health care costs for school employees, to keep property tax rates for all payer groups level. During the 2015-2016 Biennium, in the context of Act 46, we heard it was nearly impossible to control education spending, despite declining student enrollments, due to the uncontrollable rising cost of health care for educators. This resulted in legislative action to remove allowable spending growth thresholds originally applied in Act 46. Acknowledging healthcare costs are a driver in education spending, in my proposed budget I included an 80/20 premium split to achieve savings in school employees’ healthcare costs and introduce equity among public sector employees. This is not only the same premium split that our State employees and eligible retired teachers pay, but would bring parity across the system for all active educators and other school employees.
My original mechanisms, level funding school budgets coupled with the premium split, to achieve savings in the Education Fund and level property tax rates, were met with much resistance, as well as opposition from stakeholder groups including the Vermont School Boards Association (VSBA) and the Vermont Superintendents Association (VSA). At the same time, my Administration began to learn more about a unique opportunity to save money in the Education

Fund through changes in the VEHI healthcare plans. It is important to note that VEHI is an intermunicipal trust made up of State municipalities, including school districts, and administers a standard offering of healthcare benefits to over 90 percent of Vermont schools. Vermont school employees constitute a single statewide risk pool insured through the VEHI offerings. VEHI healthcare plans offered to school employees for Fiscal Year 2018 have been restructured to cost substantially less than the old plans to avoid the Affordable Care Act’s “Cadillac Tax.” Discussions in the State House outlining plan changes, and the opportunity for savings, began in the 2015-2016 Biennium with representatives from VEHI testifying in the Senate Finance and House Education Committees.

After the introduction of my recommended budget, legislators began asking my Administration for an alternative, and I began pointing to the opportunity for savings from these VEHI plan changes. Unfortunately, it became clear that neither the House nor Senate Appropriations Committees were planning to take advantage of this once-in-a-lifetime opportunity to rebase school budgets and save Vermonters millions on an ongoing basis. Therefore, to propel this conversation forward, I introduced a policy proposal – through collaboration with the VSBA and the VSA – that ensures there is a mechanism to recapture up to $75 million in available savings. In my proposal, I recommend reinvesting nearly $50 million back into school employees to make sure they don’t pay more for out of pocket expenses, and returning the remaining $26 million to all classes of property taxpayers to keep all property tax rates the same as Fiscal Year 2017. I also suggested investing in other education priority areas, such as early care and learning, higher education, and shoring up the Vermont State Teachers Retirement Health Insurance Program.

My proposal calls for the State to negotiate with the school employees’ unions for the VEHI health benefit. Other states, like Massachusetts which has an opt-in state health plan, have started moving in this direction. My proposal does three things: First, it maintains the right of school employees to bargain this valuable benefit through a joint body representing all school employees with a single voice and an opportunity to maximize benefits for all school employees equally. Second, my proposal assumes sharing the cost savings with school employees through the creation of a health savings or health retirement
accounts (HSA or HRA) funded with a majority of the VEHI plan savings. Third, it creates a mechanism for recapturing the VEHI cost savings built into the existing school budgets and returning those savings to Vermont property taxpayers. This makes particular sense because school employees participate in a statewide insurance risk pool now.

While my goal is not a statewide teachers’ contract, elevating benefits to the State level has been floated numerous times in the Legislature, as recently as 2014, when it was included in a December 12, 2014, report from then-Speaker Shap Smith’s Education Finance Working Group, which included current Speaker Mitzi Johnson and House Education Chair David Sharpe (see pg. 3, number 8: “Have the Agency produce a model teachers’ contract that districts could use during labor negotiations. Explore the idea that districts could opt-in to a statewide contract”).

Under my proposal, local school boards would still bargain with school employees over all other compensation and benefits. Healthcare benefits would be bargained one time, instead of more than 60 times, which would give the maximum potential to realize up to $75 million in savings (noting that contracts which have been ratified to date will not be reopened).

Despite our differences, I remain fully committed to working with the Legislature on a solution in H.509 and H.518 that meets the following core principles:

1. **Maximize Savings** – Any alternative must maximize the savings opportunity of the transition to these new healthcare plans;
2. **Keep Teachers Whole & Provide Parity** – Any alternative must hold educators harmless and provide parity and uniformity across the system; and
3. **Simplify Negotiations for School Boards** – Any alternative must reduce the burden currently on school boards negotiating these new, more complex insurance plans.

I am encouraged there is agreement between the Administration and the Legislature that the transition to the new VEHI plans provides an opportunity to save millions of dollars. While I first and foremost prefer a negotiated statewide health benefit, I am willing to consider negotiations remaining at the local level. However, it will require a policy mechanism in H.509 that mandates the parameters of the benefit plan, or provides a strong and equitable financial incentive for both school boards and unions to reach settlements that are within the constructs of the Gold CDHP VEHI model. That model includes an 80/20 premium split with at least the first $400 out of pocket cost borne by the employee through an HSA or HRA.
As noted earlier, I am also willing to return 100 percent of savings to all classes of property taxpayers to further bring down property tax rates, which is a primary advantage of seizing this opportunity, rather than reinvesting equal portions into early childhood and higher education and shoring up the Vermont State Teachers Retirement Health Insurance Program, in addition to tax relief, as was originally proposed. It is worth noting that at adjournment on May 18, 2017, an agreement with House and Senate leadership was within reach.

Again, H.509 and H.518 are fundamentally tied. The appropriations made from the Education Fund in H.518 are contingent upon the revenue provided by H.509. If the funding raised through H.509 changes, the allocation of funding in H.518 needs to be updated to reflect a change in the amount of available funds. For reference, the specific line item in H.518 is B.505, Education – adjusted education payment. It would also eliminate the need for the transfer from the Education Fund’s stabilization reserves, as discussed above.

Given the opportunity I have outlined to save taxpayers millions of dollars through the new VEHI healthcare plans, the education payments in the budget should be adjusted by the amount of savings expected from transitioning to the new VEHI healthcare plans.

I promised Vermonters I would listen to any idea to make Vermont more affordable, and that is what I’m doing. We have been losing, on average, six workers from our workforce, and three students from our schools every day. We literally cannot pass up this opportunity to put a dent in property tax growth. My education savings proposal allows us to bring down property tax rates while not requiring education employees to pay more or cuts to programs for kids.

Under my proposal teachers will not be exposed to higher out of pocket costs and will still enjoy robust healthcare plans with higher than average actuarial values. Neither H.509 nor H.518, as presented for my approval, takes any steps to provide a mechanism to recapture the available savings for the Fiscal Year 2018 budget, which could be as much as $13 million, or alleviate the property tax burden on all rate payer groups.

As noted, based on the outstanding objections outlined above I cannot support H.509 or H.518 and must return both bills without my signature pursuant to Chapter II, §11 of the Vermont Constitution. If the veto is sustained, I know we can come to an agreement, and when we do, H.509, H.518, and Vermonters will be better for it.”

The Governor has informed the House of Representatives that on the sixth day of June, he returned without signature and vetoed a bill originating in the House of the following title:

I promised Vermonters I would listen to any idea to make Vermont more affordable, and that is what I’m doing. We have been losing, on average, six workers from our workforce, and three students from our schools every day. We literally cannot pass up this opportunity to put a dent in property tax growth. My education savings proposal allows us to bring down property tax rates while not requiring education employees to pay more or cuts to programs for kids.

Under my proposal teachers will not be exposed to higher out of pocket costs and will still enjoy robust healthcare plans with higher than average actuarial values. Neither H.509 nor H.518, as presented for my approval, takes any steps to provide a mechanism to recapture the available savings for the
Fiscal Year 2018 budget, which could be as much as $13 million, or alleviate the property tax burden on all rate payer groups.

As noted, based on the outstanding objections outlined above I cannot support H.509 or H.518 and must return both bills without my signature pursuant to Chapter II, §11 of the Vermont Constitution. If the veto is sustained, I know we can come to an agreement, and when we do, H.509, H.518, and Vermonter will be better for it.”

Message from the Senate No. 85

A message was received from the Senate by Mr. Bloomer, its Secretary, as follows:

Madam Speaker:

I am directed to inform the House that:

The Governor has informed the Senate that on May 22, 2017, he returned without signature and vetoed a bill originating in the Senate of the following title:

**S. 22.**  An act relating to eliminating penalties for possession of limited amounts of marijuana by adults 21 years of age and older.

Text of Communication from Governor

The text of the communication from His Excellency, the Governor, whereby he vetoed and returned unsigned Senate Bill No. 22 to the Senate is as follows:

Dear Mr. Bloomer:

Pursuant to Chapter II, Section 11 of the Vermont Constitution, I am returning S.22, *An Act Relating To Eliminating Penalties for Possession of Limited Amounts of Marijuana by Adults 21 Years of Age and Older*, without my signature because of my objections described herein:

With a libertarian streak in me, I believe that what adults do behind closed doors and on private property is their choice, so long as it does not negatively impact the health and safety of others, especially children. I also have compassion for those for whom marijuana alleviates the symptoms of debilitating diseases. That is why I have previously supported, and continue to support, medical marijuana laws and decriminalization.
We cannot ignore the fact that marijuana is a widely-consumed substance, and more states, as well as an entire nation to our north, are making marijuana legal and regulating it. I am not philosophically opposed to ending the prohibition on marijuana, and there is a clear societal shift in that direction. However, it is crucial that key questions and concerns involving public safety and health are addressed before moving forward.

We must get this right. That means letting the science inform any policy made around this issue, learning from the experience of other states, and taking whatever time is required to do so. Policymakers have an obligation to Vermonters to address health, safety, prevention and education questions before committing the State to moving forward.

More specifically, before we implement a commercial system we need to know how we will detect and measure impairment on our roadways, fund and implement additional substance abuse prevention education, keep our children safe and penalize those who do not, and measure how legalization impacts the mental health and substance abuse issues our communities are already facing.

This legislation does not yet adequately address these questions. However, there is a path forward to work collaboratively that will take a more thorough look at what public health, safety and education policies are needed before Vermont pursues a comprehensive regulatory system for an adult-use marijuana market.

I will provide the Legislature with recommended changes, and if we can work together, we can move forward on this issue.

Those recommendations include the following:

First, this legislation creates confusion around which penalties for the sale and dispensing of marijuana to minors should apply. This legislation opens the door for litigation over which are the appropriate penalties. I believe this legislation must be clear that penalties for the dispensing and sale of marijuana to minors and on school grounds remain severe. These changes must be made to ensure no leniency is intended for those who sell or dispense marijuana to our youth. Weakening these protections and penalties should be totally unacceptable to even the most ardent legalization advocates.

Second, we must aggressively penalize consumption while driving and usage in the presence of minors. For example, while this legislation states that one cannot use marijuana in a vehicle if an adult is smoking with a child in the car, there is only a small civil fine equal to the penalty for an adult having an open container of alcohol.

How we protect children from the new classification of limited amounts of what is otherwise a controlled substance is incredibly important. This is not
just a concern about impaired driving. According to the best science available, and our own Department of Health, secondhand marijuana smoke can negatively impact a child’s brain development. Therefore, if an adult is smoking marijuana in a car or a confined space with a child this should be severely penalized.

Third, we must be sure we are not impeding the ability of public safety officials to enforce remaining drug laws.

Finally, the Marijuana Regulatory Commission proposed in this legislation must have broader membership to include key stakeholder communities who will be faced with the everyday impacts of a fully regulated and taxed system, such as representatives from the Department of Public Safety, the Department of Health, the Department of Taxes, and substance abuse prevention professionals.

At a minimum, the Commission must determine an appropriate regulatory and taxation system; an impairment threshold for operating a motor vehicle; the options for an impairment testing mechanism; an education and prevention strategy for minors; and a plan for continued monitoring and reporting on impacts to public health. The Commission must also produce a detailed estimate of the revenue required for the adequate regulation, enforcement, administration, and education and prevention recommendations it shall make.

As S.22 currently stands, legislation for a regulated system will be introduced before the personal possession and cultivation laws have even changed. The Commission should have more time to thoughtfully complete its work on this complex issue. Given the gravity of this policy change, the Commission must have at least a year before making final recommendations.

We can all work together on this issue in a comprehensive and responsible way. I have already reached out to the Coalition of Northeastern Governors (CONEG) to engage our neighboring states in a discussion about creating a regional highway safety standard. Information gathered and progress made with CONEG will be shared with the Commission to support the goals detailed above.

If the Legislature agrees to make the changes I am seeking, we can move this discussion forward in a way that ensures that the public health and safety of our communities and our children continues to come first.

As noted, based on the outstanding objections outlined above I cannot support this legislation and must return it without my signature pursuant to Chapter II, §11 of the Vermont Constitution.

Sincerely,
Message from the Senate No. 86

Rep. Sharpe of Bristol explained his vote as follows:

“Madam Speaker:

I voted yes to pass this budget. A vote to sustain this veto is a vote to shut down our state government D.C. style.”

Rep. Turner of Milton explained his vote as follows:

“Madam Speaker:

If the Governor had not vetoed this budget we would not be having this conversation or making these steps to take advantage of this monumental once in a lifetime opportunity for savings with the transition in VEHI healthcare plans. We would not be providing all property tax payer groups with decreased or level rates and we would not be pursuing further research into a statewide healthcare benefit. Cost containment and fiscal responsibility are our Republican core principles. We are proud to stand with the Governor. We are grateful for the Governor’s persistence and leadership on this issue. Thank you.”
Recess

At eleven o'clock and two minutes in the forenoon, the Speaker declared a recess until the fall of the gavel.

At two o'clock and thirty one minutes in the afternoon, the Speaker called the House to order.

Message from the Senate No. 87

A message was received from the Senate by Mr. Marshall, its Assistant Secretary, as follows:

Madam Speaker:

I am directed to inform the House that:

The Senate has considered a bill originating in the House of the following title:

**H. 511.** An act relating to highway safety.

And has passed the same in concurrence with proposal of amendment in the adoption of which the concurrence of the House is requested.

Rules Suspended; Second Reading; Consideration Interrupted

**H. 542**

On motion of **Rep. Turner of Milton**, the rules were suspended and House bill, entitled

An act relating to making appropriations for the support of government

Pending entrance on the Calendar for notice, the bill was taken up for immediate consideration.

**Rep. Toll of Danville** spoke for the committee on Appropriations.

Thereupon, the bill was read a second time.

Pending the question, Shall the bill be read a third time? **Rep. Ancel of Calais, Baser of Bristol, Browning of Arlington, Canfield of Fair Haven, Condon of Colchester, Luke of Hartford, Masland of Thetford, Till of Jericho, and Young of Glover** moved to amend the bill as follows:

By striking out Sec. H.1 in its entirety and inserting in lieu thereof nine new sections to be Secs. H.1 – H.9 to read as follows:
Sec. H.1. PROPERTY DOLLAR EQUIVALENT YIELD AND INCOME
DOLLAR EQUIVALENT YIELD FOR FISCAL YEAR 2018
(a) Pursuant to 32 V.S.A. § 5402b(b), for fiscal year 2018 only:
(1) the property dollar equivalent yield is $10,160.00; and
(2) the income dollar equivalent yield is $11,990.00.

Sec. H.2. NONRESIDENTIAL PROPERTY TAX RATE FOR FISCAL
YEAR 2018
(a) For fiscal year 2018 only, the nonresidential education property tax
imposed under 32 V.S.A. § 5402(a)(1) shall be reduced from the rate of $1.59
and instead be $1.535 per $100.00.

Sec. H.3. 16 V.S.A. § 4025 is amended to read:
§ 4025. EDUCATION FUND
(a) The Education Fund is established to comprise the following:

(6) Thirty-five Thirty-six percent of the revenues raised from the sales
and use tax imposed by 32 V.S.A. chapter 233.

Sec. H.4. 32 V.S.A. § 435(b) is amended to read:
(b) The General Fund shall be composed of revenues from the following
sources:

(11) 65 64 percent of the revenue from sales and use taxes levied
pursuant to chapter 233 of this title;

Sec. H.5. SAVINGS FROM HEALTH CARE TRANSITION
(a) As a result of the Affordable Care Act, as of January 1, 2018, all school
employees will be on new health care plans. The new health plans cover
similar health care services and networks, but they have lower premium costs.
The new plans also create higher out-of-pocket exposure through deductibles
and co-payment requirements. However, because the premiums for these plans
are markedly lower, there are opportunities to keep employees’ out-of-pocket
costs at current levels while also realizing substantial savings, including
savings for the second half of fiscal year 2018.
(b) All supervisory unions and school districts should be able to achieve savings to their budgets as a result of the transition to the new health care plans.

(c) This act establishes a mechanism to return savings to property taxpayers.

Sec. H.6. RECAPTURING SAVINGS FROM HEALTH CARE TRANSITION

(a)(1) On or before August 15, 2017, the Agency of Education, in consultation with the Department of Taxes and the Vermont Education Health Initiative (VEHI), shall determine the amount by which each supervisory union’s or school district’s education payment shall be reduced. These reductions shall be made during the second half of fiscal year 2018 and during fiscal year 2019 based on the difference between:

(A) the supervisory union’s or school district’s actual total fiscal year 2017 health care expenditure; and

(B) a calculation of the supervisory union’s or school district’s projected fiscal year 2018 health care expenditure for individual, two-person, and family plans for all covered school employees based on the assumptions described in subdivision (2) of this subsection (a) plus five percent.

(2) The calculation of a supervisory union’s or school district’s projected fiscal year 2018 health care expenditure shall be based on the supervisory union’s or school district’s 2017 plan tier distribution for all covered school employees as of April 1, 2017 and on the following assumptions for the second half of fiscal year 2018:

(A) a premium contribution by the supervisory union or school district in an amount equal to 80 percent of the premium for the VEHI Gold Consumer-Driven Health Plan (CDHP), with school employees responsible for the balance of the premium for the VEHI plan they select;

(B) contributions by the supervisory union or school district toward the school employees’ out-of-pocket expenses in the amounts of $2,100.00 per individual plan, $4,200.00 per two-person or parent-child plan, and $3,800.00 per family plan in a health reimbursement arrangement (HRA) or health savings account (HSA);

(C) approximately 75 percent of collective bargaining agreements using an HRA and 25 percent using an HSA; and

(D) if using an HRA, school employees bearing first-dollar responsibility for the full amount of the out-of-pocket expenses for which they are responsible.
(b)(1) Notwithstanding any other provision of law to the contrary, the State shall reduce the amount of the education payment authorized by 16 V.S.A. chapter 133 to each supervisory union and school district for the second half of fiscal year 2018 by subtracting from the final fiscal year 2018 payment due to each supervisory union or school district 65 percent of the amount attributed to that supervisory union or school district pursuant to subsection (a) of this section.

(2) Notwithstanding any other provision of law to the contrary, the State shall reduce the amount of education payments authorized by 16 V.S.A. chapter 133 to supervisory unions and school districts for fiscal year 2019 by subtracting from the total amount of the fiscal year 2019 payments due to each supervisory union or school district 35 percent of the amount attributed to that supervisory union or school district pursuant to subsection (a) of this section.

(A) a calculation of the target total health care expenditure for the second half of fiscal year 2018 and for fiscal year 2019 for individual, two-person, parent-child, and family plans for school employees to establish a benchmark amount for each plan tier based on the following assumptions:

(3) if using an HRA, whether the school employee bears first-dollar responsibility for the full amount of out-of-pocket expenses for which each school employee is responsible; and

(4) the difference, if any, between the amount of the supervisory union’s or school district’s projected aggregate health care expenditures across all plan tiers under the collective bargaining agreement and the estimated amount of the supervisory union’s or school district’s aggregate health care expenditures using the benchmark amounts described in subdivision (a)(1) of this section, expressed as both a dollar figure and as a percentage of the aggregate benchmark amounts.

(c) The health care benefit and coverage provisions of a collective bargaining agreement between a supervisory union or school district and its school employees shall expire between July 1, 2019 and September 1, 2019; provided, however, that this section shall not apply to collective bargaining agreements that were, prior the effective date of this section, either executed by a school board negotiations council and employee organization negotiations council or tentatively agreed to by these councils pending final ratification by the school board and by the bargaining unit or members of the employee organization.

(d) As used in this section:
(1) “School employees” means all employees of supervisory unions and school districts who are permitted to collectively bargain under 16 V.S.A. chapter 57 or 21 V.S.A. chapter 22.

**House Resolution Amended and Adopted**

**H.R. 15**

House resolution, entitled

House resolution strongly opposing the announced U.S. withdrawal from the Paris Climate Agreement of the United Nations Framework Convention on Climate Change and recognizing Governor Philip Scott’s enrolling Vermont in the U.S. Climate Alliance

Whereas, according to the National Aeronautics and Space Administration (NASA) and multiple research studies, “scientific evidence for warming of the climate system is unequivocal,” and that “ninety-seven percent of climate scientists agree that climate warming trends over the past century are very likely due to human activities,” and

Whereas, according to NASA and the National Oceanic and Atmospheric Administration (NOAA), 2016 was the warmest year since modern meteorological record keeping began in 1880, and that 16 of the 17 warmest years on record have occurred since 2001, and

Whereas, in December 2015, the United Nations Framework Convention on Climate Change established the Paris Climate Agreement (the Agreement) that was entered into force in October 2016 and that as of June 8, 2017 consists of 148 countries, including the United States, and

Whereas, the central purpose of the Agreement is to limit the 21st century air temperature increase to less than two degrees Celsius above preindustrial levels while working to keep the increase to less than 1.5 degrees Celsius, and

Whereas, as part of its participation in the Agreement, the United States pledged to reduce its greenhouse gas emissions 26–28 percent below 2005 levels by 2025 and to contribute $3 billion to climate change assistance to poorer nations by 2020, and

Whereas, on June 1, 2017, President Trump announced that the United States would invoke the Agreement’s withdrawal process, and

Whereas, the withdrawal of the United States from the Agreement will create a serious impediment to the international effort to address the planet’s projected increase in temperature, and
Whereas, Governor Philip Scott, U.S. Senators Patrick Leahy and Bernard Sanders, and U.S. Representative Peter Welch each strongly criticized the withdrawal decision, and

Whereas, Attorney General Thomas J. Donovan is among the state attorneys general who have publicly committed to the implementation of the Agreement, and

Whereas, Governors Jay Inslee of Washington State, Edmund G. (Jerry) Brown of California, and Andrew M. Cuomo of New York organized a bipartisan group of governors, known as the U.S. Climate Alliance (the Alliance), committed to the implementation of the Agreement, and other governors, including Governor Philip Scott, have since joined, and

Whereas, in 1990, Vermont emitted a total of 8.11 million metric tons of greenhouse gases, and although this amount rose to 9.4 million metric tons in 2004, by 2012 it had dropped to 8.27 metric tons, and

Whereas, 10 V.S.A. § 578 establishes a goal for Vermont to reduce greenhouse gas emissions 50 percent below the 1990 level on or before January 1, 2028, and the Comprehensive Energy Plan, as required in accordance with 30 V.S.A. § 202b, establishes a further goal of an 80 to 95 percent reduction by 2050, now therefore be it

Resolved by the House of Representatives:

That this legislative body strongly opposes the announced withdrawal of the United States from the Paris Climate Agreement of the United Nations Framework Convention on Climate Change, and be it further

Resolved: That this legislative body recognizes Governor Philip Scott’s enrolling Vermont in the Alliance and urges him to support State funding and policies to enable Vermont’s commitment to the greenhouse gas emissions reduction provisions of the Agreement to be realized, and be it further

Resolved: That it is imperative that Vermont uphold its commitment to the newly formed Alliance by reducing the State’s reliance on fossil fuels and by meeting the greenhouse gas reduction goals established in statute for 2028 and in the Comprehensive Energy Plan for 2050, and be it further

Resolved: That this legislative body is prepared to work with the Governor, diverse stakeholders, and all Vermonters to identify and implement the policies, programs, and approaches annually required to achieve the State’s greenhouse gas reduction commitments, and be it further

Resolved: That the Clerk of the House be directed to send a copy of this resolution to President Donald Trump, to U.S. Environmental Protection Agency Administrator Scott Pruitt, to Governor Jay Inslee of Washington
State, to Governor Jerry Brown of California, to Governor Andrew Cuomo of New York, to Governor Philip Scott, to Attorney General Thomas J. Donovan Jr., and to the Vermont Congressional Delegation

Pending the question, Shall the Resolution be adopted? Rep. Scheuermann of Stowe moved to amend the resolution by striking the words "funding and" in the first resolved clause.

Which was agreed to.

Pending the question, Shall the House adopt the resolution, as amended? Rep. Sibilia of Dover demanded the Yeas and Nays, which demand was sustained by the Constitutional number.

Pending the call of the roll, Rep. Dickinson of St. Albans Town moved to commit the resolution to the committee on Energy and Technology which disagreed to.

Thereupon, the Clerk proceeded to call the roll and the question, Shall the House adopt the resolution, as amended? was decided in the affirmative. Yeas, 105. Nays, 31.

Rep. Keefe of Manchester explained his vote as follows:

“Madam Speaker:

I support Governor Scott working with the other Governor’s within the U.S. Climate Alliance.

This resolution goes much further, declaring it imperative that we get 90% of our energy from renewables by date certain.

This is the first time this issue has come up this year. No committees. No discussion. No cost estimates.

We were just told we will need to stop using single occupancy vehicles powered by gasoline.

I suggest we ponder that as we drive ourselves home tonight.”

This letter is to inform the House of Representatives that as of July 1, 2017 I will be resigning as Milton’s Representative in Chittenden 10.

It has been as honor and a privilege to have served the people of Milton for the past nine years.

Being a State Representative has been a great honor. The past nine years this job has changed my life and was one of the best experiences a person can have.

I feel it is time for me to return to my business and family.

Yours truly,

/s/ Ron Hubert

Re: Resignation

Dear Mr. MaGill:

I am writing to tender my resignation from the Vermont House of Representatives, effective November 1, 2017.

It has been an honor and a privilege to serve our great state. I consider myself fortunate to have had the experience of working with many talented and dedicated public servants over the years. Together – as independents, Democrats, Republicans, and Progressives – we have helped our state recover from the depths of the Great Recession and the ravages of Tropical Storm Irene. Year over year, we pass a balanced budget, and continue to prove that we can tackle some of the most challenging issues with robust, but constructive and respectful dialog. I hope this spirit of cooperation lives on.

Sincerely,

Rep. Oliver K. Olsen
